mDesign 10099MDCSEU

Instruction Manual for mDesign Tall Plastic Stackable Art and Craft Storage Container Bin

BRAND: MDESIGN

Model: 10099MDCSEU

Introduction

This manual provides comprehensive instructions for the assembly, use, and maintenance of your mDesign Tall Plastic Stackable Art and Craft Storage Container Bin. Please read this manual carefully before using the product to ensure proper handling and to maximize its lifespan. This clear storage solution is designed to help organize various craft, sewing, and art supplies efficiently.

Product Overview

The mDesign Tall Plastic Stackable Storage Container Bin is a versatile organizing solution made from durable clear plastic, featuring a hinged lid. Its transparent design allows for easy identification of contents, while its stackable nature helps maximize vertical storage space.

The mDesign storage bin, shown here filled with various colors of yarn, demonstrates its capacity for craft supplies. The clear plastic allows for easy visibility of contents.

Features

- **Stack & Store:** Designed to maximize storage space, these bins can be stacked vertically or used side-by-side. Ideal for notions, buttons, bobbins, floss, beads, paper crafting tools, craft paint, glue sticks, washi tape, foam brushes, and more.
- **Portable & Lid:** Features a hinged lid and transparent construction for easy content visibility and quick access. Bins are portable and suitable for various rooms and spaces, including home or commercial workspaces.
- **Functional & Versatile:** Excellent for organizing items in bedrooms, bathrooms, laundry rooms, kitchens, offices, playrooms, and garages. Their compact size and stacking capability make them suitable for small spaces like dorms, apartments, RVs, and cabins.
- **Quality Construction:** Manufactured from durable plastic with a steel metal hinge, ensuring longevity.
- **Thoughtfully Sized:** Measures 12.75" L x 7.25" W x 9" H.

Setup

1. **Unpacking:** Carefully remove the storage bin from its packaging. Inspect for any damage during transit.
2. **Cleaning (Initial):** Before first use, it is recommended to clean the bin with mild soap and water. Ensure it is completely dry before placing items inside.
3. **Placement:** Place the bin on a flat, stable surface. It can be used individually or stacked with other identical mDesign bins to create vertical storage.

STACKABLE STORAGE

This image illustrates the stackable design of the mDesign storage bins, allowing for efficient vertical organization.

Operating Instructions

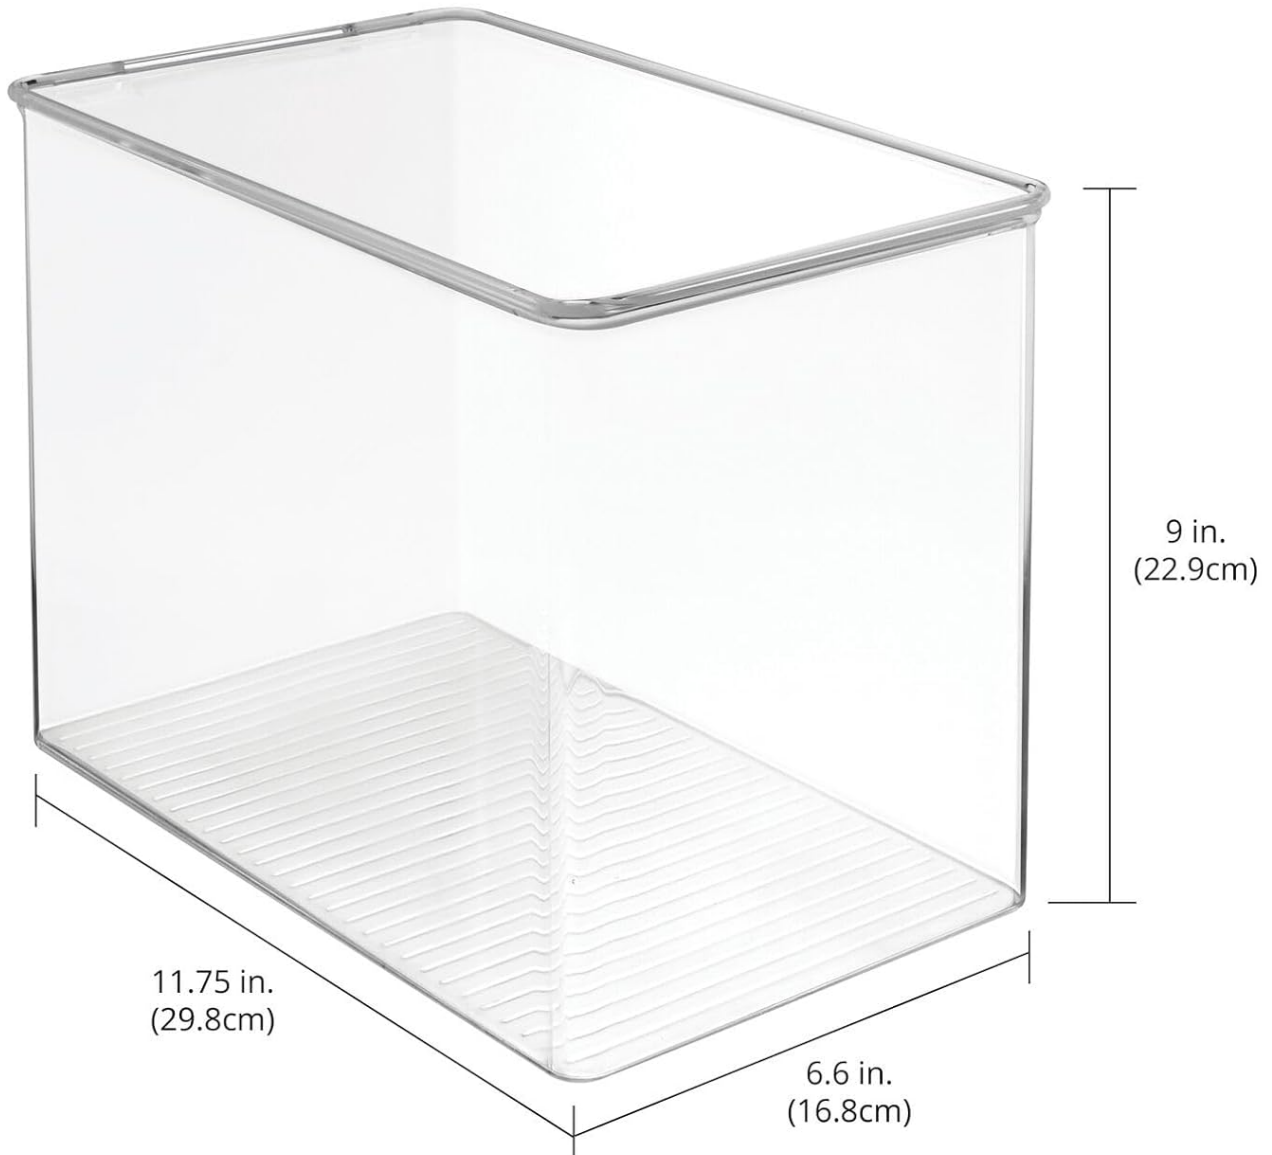

Using your mDesign storage bin is straightforward:

- **Opening the Lid:** Gently lift the hinged lid to open the container. The lid is designed for easy access to contents.
- **Storing Items:** Place your desired items, such as craft supplies, small toys, or household goods, inside the bin. The clear design helps you see what's inside without opening.
- **Closing the Lid:** Lower the hinged lid until it rests securely on the top edges of the bin. The lid does not latch but provides a protective cover.
- **Stacking:** If using multiple bins, align the bottom of the upper bin with the top edges of the lower bin for stable stacking.

A hand demonstrates the easy-lift hinged lid mechanism of the storage container.

The bin filled with colorful plastic balls, showcasing its versatility for storing various items, including children's toys.

This image shows the bin organizing bottles of craft paint, illustrating its utility for art supplies.

The bin effectively stores coloring books, demonstrating its capacity for various paper-based items.

Maintenance

To keep your mDesign storage bin in optimal condition:

- **Cleaning:** Clean the bin regularly with mild soap and water. Use a soft cloth or sponge.
- **Drying:** Ensure the bin is thoroughly dried after cleaning to prevent water spots.
- **Avoid Dishwasher:** *Do not place the bin in a dishwasher,* as this can damage the plastic and steel hinge.
- **Chemicals:** Avoid using harsh abrasive cleaners or solvents, as these can scratch or damage the clear plastic.

Troubleshooting

- **Lid does not close properly:**
 - Check if any items inside are obstructing the lid's path.
 - Ensure the bin is on a flat, level surface.

- **Bins are unstable when stacked:**

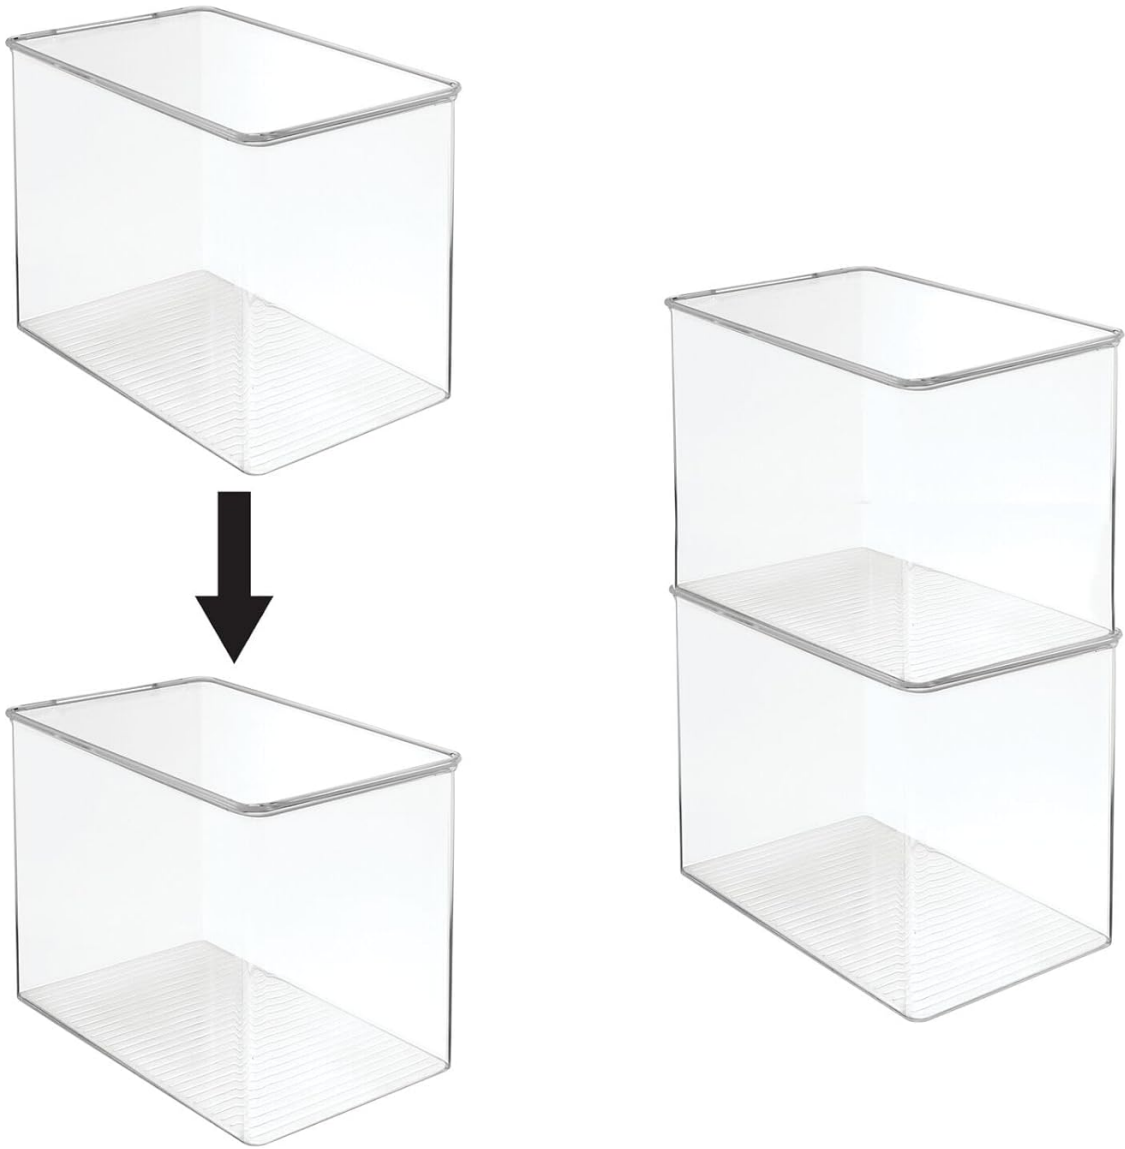

- Ensure the bins are placed on a flat, stable surface.
- Verify that the upper bin is correctly aligned with the lower bin's top edges.
- Avoid overfilling the bins, which can cause instability.

- **Plastic appears cloudy or scratched:**

- Ensure you are using only mild soap and a soft cloth for cleaning. Avoid abrasive materials.
- Scratches are typically permanent and result from contact with sharp or rough objects. Handle with care.

Specifications

Attribute	Detail
Brand	mDesign
