MOMAX DL30D

MOMAX ELITELINK USB C to Lightning Cable (Model DL30D) Instruction Manual

1. INTRODUCTION

This manual provides essential information for the proper use and maintenance of your MOMAX ELITELINK USB C to Lightning Cable, Model DL30D. This cable is designed for efficient charging and data synchronization between USB-C power sources and Apple devices equipped with a Lightning port. Please read these instructions carefully before use to ensure optimal performance and safety.

2. PRODUCT FEATURES

- **Easy-Fit Connector:** The slim-designed connector ensures compatibility with most device cases, including thicker ones, without needing to remove the case.
- **Durability Tested:** Engineered to withstand over 80,000 swing tests, ensuring a long lifespan.

- **Aluminum-Alloy Connectors:** Connectors are constructed from hardened aluminum alloy for enhanced strength and resilience.
- **DuPont Kevlar Fiber:** Incorporates DuPont Kevlar aramid fiber for lightweight strength and extreme durability, protecting the cable from wear and tear.
- **Power Delivery Support:** Supports Power Delivery (PD 3.0) for fast charging, capable of charging compatible devices up to 2.5 times faster and reaching 50% charge in approximately 30 minutes when used with an 18W or higher power adapter.

3. SETUP

The MOMAX ELITELINK USB C to Lightning Cable is designed for plug-and-play functionality. No special software or drivers are required for basic operation.

3.1 Connecting for Charging

1. Connect the USB-C end of the cable to a compatible USB-C power adapter or port (e.g., wall charger, power

bank, computer USB-C port). For fast charging, ensure the power adapter is 18W or higher and supports Power Delivery (PD).

2. Connect the Lightning end of the cable to the Lightning port of your Apple device (e.g., iPhone, iPad, AirPods).
3. Verify that your device indicates it is charging.

3.2 Connecting for Data Transfer

1. Connect the USB-C end of the cable to a USB-C port on your computer.
2. Connect the Lightning end of the cable to the Lightning port of your Apple device.
3. Your computer should recognize the connected device, allowing for data synchronization and management through iTunes or Finder (macOS Catalina and later).

4. OPERATING INSTRUCTIONS

The ELITELINK cable facilitates both power delivery and data transfer. Its MFI certification ensures full compatibility and safe operation with Apple devices.

4.1 Fast Charging

To utilize the fast charging capabilities, pair the MOMAX ELITELINK USB C to Lightning Cable with a USB-C Power Delivery (PD) compatible charger of 18W or higher. This combination allows for significantly reduced charging times for compatible iPhone and iPad models.

4.2 Data Synchronization

When connected to a computer, the cable enables high-speed data transfer for syncing photos, videos, music, and other files between your Apple device and computer.

5. MAINTENANCE

To ensure the longevity and optimal performance of your MOMAX ELITELINK cable, follow these maintenance guidelines:

- **Storage:** Store the cable in a clean, dry place away from extreme temperatures and direct sunlight. Avoid tightly coiling or bending the cable at sharp angles, especially near the connectors.
 - **Cleaning:** Gently wipe the cable and connectors with a soft, dry, lint-free cloth. Do not use harsh chemicals, solvents, or abrasive cleaners.
 - **Handling:** Always grasp the connector head when plugging or unplugging the cable. Avoid pulling directly on the cable itself, as this can damage the internal wires.
 - **Inspection:** Periodically inspect the cable for any signs of damage, such as fraying, cuts, or bent pins on the connectors. Discontinue use if any damage is observed.
-

6. TROUBLESHOOTING

If you encounter issues with your MOMAX ELITELINK USB C to Lightning Cable, refer to the following common troubleshooting steps:

- **Device Not Charging:**

- Ensure both ends of the cable are securely connected to the power source and your device.
- Try using a different power adapter or USB-C port.
- Check if the power outlet is functional.
- Inspect the Lightning port on your device for any debris or damage.

- **Slow Charging:**

- Verify that your power adapter is a USB-C Power Delivery (PD) compatible charger with an output of 18W or higher for fast charging.
- Ensure your device supports fast charging.

- **Device Not Recognized by Computer:**

- Ensure the USB-C end is connected to a data-enabled USB-C port on your computer.
- Try a different USB-C port on your computer.
- Restart both your computer and your Apple device.
- Update your computer's operating system and iTunes/Finder to the latest version.

- **Physical Damage:** If the cable shows any signs of physical damage (fraying, cuts, bent connectors), discontinue use immediately to prevent potential electrical hazards or damage to your devices.

7. SPECIFICATIONS

Attribute	Detail
Brand	MOMAX
Model Number	DL30D
Connector Type	Lightning, USB Type C
Cable Type	Lightning, USB
Compatible Devices	iPhone 14/14 Max/14Pro/14Pro Max/13 / 13 Pro / 13 Pro Max / 13 Mini / 12 / 12 Pro / 12 Pro Max / 12 Mini, 11 / 11 Pro / 11 Pro Max / 11 Mini / XS / XS Max, XR / SE / 8 / 8 Plus / 7 / 7 Plus, iPad, AirPods, Apple Watch
Special Feature	Braided (DuPont Kevlar fiber)
Data Transfer Rate	Up to 10 Gigabits Per Second
Wattage	18 watts (supports higher with compatible adapter)

AC Adapter Current	3.6 Amps
Item Weight	22.7 Grams (0.801 ounces)
Package Dimensions	7.76 x 4.33 x 0.87 inches
Manufacturer	Momax Technology (HongKong) Ltd.
Date First Available	April 28, 2019

8. WARRANTY AND SUPPORT

MOMAX products are manufactured to high-quality standards. For information regarding warranty coverage, technical support, or customer service, please refer to the official MOMAX website or contact your retailer. Keep your proof of purchase for warranty claims.
