4. MAINTENANCE

Proper care and maintenance will help preserve the appearance and extend the life of your Sunset Trading Horizon Slipcovered Sofa.

Cleaning Instructions:

- **General Cleaning:** Regularly vacuum the sofa using an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For minor spills, immediately blot the area with a clean, dry cloth. Avoid rubbing, as this can spread the stain. The fabric is designed to be durable, stain-resistant, and easy-to-clean.
- **Slipcover Care:** The slipcovers are designed for easy removal and cleaning. Refer to the care tag on the slipcover for specific washing instructions. Typically, machine washing on a gentle cycle with cold water and mild detergent is recommended. Tumble dry on low or air dry to prevent shrinking.
- **Cushion Care:** Fluff and rotate cushions regularly to maintain their shape and even out wear.

General Care:

- Avoid placing the sofa in direct sunlight to prevent fading of the fabric.
- Keep the sofa away from direct heat sources like radiators or fireplaces.
- Do not use harsh chemicals or abrasive cleaners, as these can damage the fabric.

5. TROUBLESHOOTING

This section addresses common concerns you might encounter with your sofa.

Cushion Sagging:

Over time, cushions may show signs of compression or sagging, especially with frequent use. This is normal for feather down blend cushions.

- **Solution:** Regularly fluff and rotate your seat and back cushions. This helps redistribute the fill material and maintain their loft and shape. Flipping cushions periodically also ensures even wear.
- **Persistent Sagging:** If sagging persists despite regular fluffing and rotation, please contact Sunset Trading customer support for assistance.

Stains and Spills:

While the fabric is stain-resistant, immediate action is crucial for effective stain removal.

- **Solution:** Blot spills immediately with a clean, dry cloth. For stubborn stains, a mild soap solution (diluted dish soap and water) can be gently applied with a clean cloth, then blotted dry. Always test any cleaning solution on an inconspicuous area first.
