Adore SHC-110-YY-1

Adore Furniture Multifunction Drop Cover Mechanism Storage Shoe Cabinet (Model SHC-110-YY-1) User Manual

Model: SHC-110-YY-1 | Brand: Adore

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Adore Furniture Multifunction Drop Cover Mechanism Storage Shoe Cabinet. Designed for efficient shoe storage, this cabinet features a durable melamine surface chipboard construction and a convenient drop-cover mechanism. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your product.

2. SAFETY INFORMATION

Important Safety Precautions:

- Keep away from naked flame or direct heat sources to prevent damage or fire hazards.
- Ensure all screws and fasteners are securely tightened during assembly to prevent instability.
- Do not overload the shelves beyond their intended capacity (approximately 6 pairs of shoes).
- Place the cabinet on a flat, stable surface to prevent tipping.
- Keep small parts out of reach of children during assembly.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. The package should contain:

- Main cabinet panels (top, bottom, sides, back)
- Drop-cover mechanism components
- Shelves (2 units)
- Hardware pack (screws, dowels, cam locks, hinges, etc.)
- Assembly instructions (this manual)

If any parts are missing or damaged, please contact Adore Furniture customer support.

4. SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended to have two people for easier and safer assembly. Please follow these general steps:

1. **Prepare the Area:** Clear a spacious, clean, and flat area for assembly. Lay down a blanket or cardboard to protect the cabinet parts and your floor.
2. **Identify Components:** Unpack all components and identify them using the provided parts list (if included separately).
3. **Assemble the Main Frame:** Connect the side panels to the bottom panel using the provided hardware (dowels, cam locks, screws). Ensure all connections are snug.
4. **Install Back Panel:** Attach the back panel. Note that the shoe rack is designed with an open back to prevent odor build-up.
5. **Attach Top Panel:** Secure the top panel to the assembled frame.
6. **Install Drop Cover Mechanism:** Carefully attach the drop cover mechanism and the two internal shelves according to the specific diagrams in your hardware pack. Ensure the mechanism operates smoothly.
7. **Final Check:** Once assembled, gently move the cabinet to its desired location. Verify that all connections are secure and the cabinet is stable.

5. OPERATING INSTRUCTIONS

The Adore Multifunction Shoe Cabinet is designed for easy access and efficient storage.

- **Opening the Cabinet:** Gently pull the front panel downwards. The drop-cover mechanism will smoothly open, revealing the two internal shelves.
- **Storing Shoes:** Place shoes or slippers on the two shelves. Each shelf is designed to hold approximately 3 pairs of shoes, accommodating a total of up to 6 pairs. Arrange them neatly to maximize space and prevent damage.
- **Closing the Cabinet:** Gently push the front panel upwards until it clicks securely into its closed position.

Image 3: Front view of the Adore shoe cabinet in its closed position, displaying its sleek, modern design.

6. MAINTENANCE

To ensure the longevity and appearance of your Adore shoe cabinet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surfaces with a dry cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the melamine finish.

- **Mechanism Care:** Periodically check the drop-cover mechanism for smooth operation. If it becomes stiff, a small amount of silicone spray on the moving parts (avoiding contact with wood surfaces) may help, but generally, it should not require lubrication.
- **Tightening Fasteners:** Over time, screws and fasteners may loosen. Periodically check and tighten them to maintain the cabinet's stability.
- **Odor Prevention:** The cabinet features an open back design to prevent odor build-up. For best results, ensure shoes are dry before storing them.

7. TROUBLESHOOTING

If you encounter any issues with your shoe cabinet, refer to the following common troubleshooting tips:

- **Cabinet is Wobbly:** Ensure the cabinet is placed on a level surface. Check and tighten all assembly screws and fasteners.
- **Drop Cover Mechanism is Stiff:** Check for any obstructions in the mechanism's path. Ensure all hinges and connecting parts were installed correctly during assembly.
- **Difficulty Closing/Opening:** Verify that shoes are not obstructing the mechanism. Ensure the cabinet is not overloaded.
- **Scratches or Dents:** Minor scratches can sometimes be touched up with furniture repair pens matching the cabinet's color. For significant damage, contact customer support.

8. SPECIFICATIONS

Feature	Detail
Brand	Adore
Model Number	SHC-110-YY-1
Color	Green
Product Dimensions (D x W x H)	30 x 60 x 42 cm
Item Weight	9.16 kg
Primary Material	Engineered Wood (Melamine Surface Chipboard)
Finish Type	Painted
Assembly Required	Yes
Installation Type	Freestanding
Number of Shelves	2
Capacity	Approximately 6 pairs of shoes
Special Features	Portable, Drop Cover Mechanism, Open Back for Odor Prevention
Care Instructions	Wipe with Dry Cloth

9. CUSTOMER SUPPORT
