SAFETY INFORMATION

- Do not use this product near water.
- Clean only with a dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into

the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

PACKAGE CONTENTS

- Volkano Pico Series Bluetooth Wireless Earbuds
- Charging Case
- USB Charging Cable
- 3 x Earbud Cap Sizes (S, M, L)
- Instruction Manual

PRODUCT OVERVIEW

The Volkano Pico Series earbuds are designed for true wireless audio, featuring touch controls and a compact

charging case. They offer up to 15 hours of playtime and are IPX5 water-resistant.

FEATURES AND BENEFITS

Image: Diagram highlighting key features: True Stereo Sound, Pocket Sized design, and Auto Reconnect functionality.

SETUP

1. Charging the Charging Case

1. Connect the provided USB charging cable to the charging port on the case.
2. Plug the other end of the USB cable into a compatible USB power source (e.g., wall adapter, computer USB port).
3. The indicator lights on the case will show charging status. Once fully charged, the lights will indicate completion.

2. Charging the Earbuds

1. Place the earbuds into their respective slots in the charging case. Ensure they are correctly seated.

2. The earbuds will begin charging automatically from the case's internal battery.
3. Indicator lights on the earbuds or case will show their charging status.

3. Bluetooth Pairing

1. Ensure the earbuds are charged.
2. Open the charging case and remove both earbuds. They will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for new Bluetooth devices. Select "PICO 2.0" from the list of available devices.
5. Once connected, your device will indicate a successful pairing. The earbuds will automatically reconnect to the last paired device when removed from the case.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Remove earbuds from the charging case. They will power on automatically.
- **Power Off:** Place earbuds back into the charging case. They will power off automatically and begin charging.

Music Playback (Touch Controls)

- **Play/Pause:** Tap either earbud once.
- **Next Track:** Double-tap the right earbud.
- **Previous Track:** Double-tap the left earbud.

Call Management (Touch Controls)

- **Answer/End Call:** Tap either earbud once.
- **Reject Call:** Press and hold either earbud for 2 seconds.

Voice Assistant

- **Activate Voice Assistant (Siri/Google Assistant):** Triple-tap either earbud.

Water Resistance (IPX5)

The Volcano Pico Series earbuds feature an IPX5 water resistance rating, meaning they are protected against low-pressure water jets from any direction. This makes them suitable for workouts and light rain, but they should not be submerged in water.

Image: The Volcano Pico Series earbuds and charging case shown with water droplets, illustrating their IPX5 sweatproof and water-resistant capabilities.

MAINTENANCE

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earbuds and charging case. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from extreme temperatures.
- **Ear Tips:** Regularly remove and clean the silicone ear tips with a damp cloth. Ensure they are completely dry

before reattaching.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing	Earbuds not in pairing mode, Bluetooth off on device, out of range.	Ensure earbuds are removed from case, Bluetooth is enabled on device, and devices are within 10 meters. Try re-pairing.
Only one earbud working	Earbuds not properly synced, one earbud out of battery.	Place both earbuds back in the case, close it, then remove them together. Ensure both are charged.
No sound	Volume too low, not connected, media paused.	Increase volume on your device, check Bluetooth connection, ensure media is playing.
Charging case not charging	Faulty cable, power source issue.	Try a different USB cable and a different power source.

SPECIFICATIONS

- **Model Name:** Pico Series
- **Model Number:** VK-1115-BK
- **Connectivity Technology:** Wireless (Bluetooth)
- **Bluetooth Version:** 5.0
- **Ear Placement:** In Ear
- **Driver Size:** 9mm
- **Frequency Response:** 20 Hz - 20 kHz (typical range for audio)
