Monoprice Steel Computer PC Tower Mobile Stand User Manual

Model: 136639

Brand: Monoprice

INTRODUCTION

The Monoprice Steel Computer PC Tower Mobile Stand is designed to optimize your workspace by providing a stable, mobile, and elevated platform for your computer tower. This stand helps reclaim desk space, improves air circulation around your PC, and protects it from dust and potential liquid spills on the floor. Its adjustable width accommodates various computer case sizes, and built-in casters allow for easy repositioning.

FEATURES

- Space Optimization:** Moves computer case from desk to floor, freeing up valuable desk space.
- Enhanced Protection:** Elevates PC from floor, reducing exposure to dust and liquid spills.
- Improved Airflow:** Promotes better air circulation around the computer tower.
- Adjustable Width:** Fits most computer cases with widths between 4.7 inches and 8.2 inches.
- Mobility:** Equipped with built-in casters for easy movement and access to ports.
- Durable Construction:** Made from quality powder-coated steel for long-lasting use.

PACKAGE CONTENTS

Please verify that all components are present before assembly:

- Monoprice Steel Computer PC Tower Mobile Stand (Main Frame)
- Adjustable Side Panel(s)
- Casters (Wheels) with locking mechanism
- Thumb Screws (for width adjustment)
- Protective Pads (for inner surfaces)

SETUP AND ASSEMBLY

The Monoprice PC Tower Mobile Stand requires minimal assembly. Follow these steps to set up your stand:

- 1. Attach Casters:** Carefully screw the casters into the designated holes on the underside of the main stand frame. Ensure they are securely tightened.
- 2. Adjust Width:** Place your computer tower on the stand. Use the thumb screws to adjust the width of the stand to snugly fit your PC tower. The stand is designed to hold towers between 4.7 inches and 8.2 inches wide.
- 3. Apply Protective Pads:** For added protection against scratches, apply the provided protective pads to the inner surfaces of the stand where it will contact your computer tower.
- 4. Secure Tower:** Once the width is adjusted, ensure the thumb screws are tightened to secure the tower firmly within the stand.

OPERATION

Using your Monoprice PC Tower Mobile Stand is straightforward:

- **Positioning:** Place the stand with your computer tower in your desired location, typically under a desk or in an accessible area.
- **Mobility:** To move your computer tower, simply unlock the casters (if applicable) and roll the stand to the new position. This is particularly useful for accessing rear ports or cleaning.
- **Stability:** Once in position, engage the locking mechanism on the casters to prevent unintended movement.

MAINTENANCE

To ensure the longevity and optimal performance of your Monoprice PC Tower Mobile Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, damp cloth to remove dust and dirt. Avoid abrasive cleaners or solvents that could damage the powder-coated finish.
- **Caster Check:** Periodically check the casters for any accumulated debris (e.g., hair, lint) that might hinder smooth movement. Clean as necessary.
- **Tightness:** Occasionally verify that the thumb screws and caster attachments remain tight to ensure stability.

TROUBLESHOOTING

If you encounter any issues with your Monoprice PC Tower Mobile Stand, refer to the following common solutions:

Problem	Possible Cause	Solution
Stand is wobbly or unstable.	Thumb screws not tightened; casters loose.	Ensure thumb screws are fully tightened to secure the PC tower. Check and tighten all caster attachments.
Casters do not roll smoothly.	Debris caught in casters; casters locked.	Inspect casters for hair, lint, or other debris and remove. Ensure caster locks are disengaged.

Problem	Possible Cause	Solution
PC tower does not fit.	Tower width outside adjustable range.	Verify your PC tower's width is between 4.7" and 8.2". If not, this stand may not be compatible.
