iLive Electronics ISBW519B

User Manual

iLIVE ELECTRONICS ISBW519B WATER RESISTANT WIRELESS SPEAKER

Model: ISBW519B

Introduction

The iLive Electronics ISBW519B is a versatile water-resistant wireless speaker designed for both indoor and outdoor use. Featuring Bluetooth 5.0 connectivity, FM radio, auxiliary input, and microSD card support, it offers multiple audio playback options. The speaker also includes color-changing LED light effects, a built-in rechargeable battery, and a microphone input for announcements. Its robust design with IPX4 water resistance makes it suitable for various environments.

What's in the Box

- iLive ISBW519B Wireless Speaker
- Micro-USB to USB Cable
- AC/DC Power Adapter
- User's Guide (this manual)

Product Overview

Side view of the iLive ISBW519B Wireless Speaker, illustrating its compact dimensions of 9.06 inches deep, 13.6 inches wide, and 15.35 inches high.

Key Features:

- **IPX4 Water Resistance:** Protects against splashing water from any direction.
- **Bluetooth V5.0:** Wireless range of up to 60 feet for seamless audio streaming.
- **Color Changing LED Light Effects:** Dynamic lighting to enhance your listening experience.
- **Multiple Audio Inputs:** FM Scan, Aux In (3.5mm), and MicroSD card slot.
- **Microphone Inputs:** Two microphone inputs (microphones not included) for PA functionality.
- **USB Port for Charging:** Conveniently charge your mobile devices.
- **Built-in Rechargeable Battery:** Provides up to 8 hours of playback at 50% volume.
- **360-Degree Carrying Handle:** Easy portability.

Setup

1. Charging the Battery:

Before first use, fully charge the speaker. Connect the Micro-USB to USB cable to the speaker's Micro-USB port and the other end to the AC/DC power adapter. Plug the adapter into a standard wall outlet. The charging indicator light will illuminate. Once fully charged, the light may change color or turn off (refer to the LED display for battery status).

2. Powering On/Off:

Press and hold the Power button located on the control panel to turn the speaker ON or OFF.

Operating Instructions

Bluetooth Pairing:

1. Ensure the speaker is powered on and in Bluetooth mode. The LED display will show "BLUE" and the Bluetooth indicator will flash, indicating it's ready for pairing.
2. On your Bluetooth-enabled device (smartphone, tablet, laptop), go to the Bluetooth settings and enable Bluetooth.
3. Search for available devices. Select "ISBW519B" from the list.
4. Once paired, the Bluetooth indicator on the speaker will stop flashing and remain solid, and you will hear an audible confirmation.
5. You can now play audio from your device through the speaker.

FM Radio:

1. Press the Mode button to switch to FM Radio mode. The LED display will show the FM frequency.
2. Press and hold the Play/Pause button to automatically scan and save available FM stations.
3. Use the Previous/Next Track buttons to navigate through the saved stations.

Auxiliary Input (AUX In):

1. Connect one end of a 3.5mm audio cable (not included) to the AUX In port on the speaker.
2. Connect the other end of the cable to the headphone jack or audio output of your external audio device.
3. The speaker will automatically switch to AUX mode, or you may need to press the Mode button to select it.
4. Control playback and volume from your connected device.

MicroSD Card Playback:

1. Insert a MicroSD card (not included) with MP3 audio files into the MicroSD card slot.
2. The speaker will automatically switch to MicroSD mode and begin playing the first track.

3. Use the Play/Pause, Previous/Next Track buttons to control playback.

Microphone Input:

- 1. Connect a microphone (not included) to one of the two microphone input jacks.
- 2. Adjust the microphone volume using the dedicated knob on the control panel.
- 3. The microphone input can be used simultaneously with other audio sources for announcements or karaoke.

LED Light Effects:

The speaker features dynamic LED light effects around the speaker cone. Use the dedicated Light button to cycle through different light modes or turn the lights off.

USB Charging Out:

Connect your mobile device's USB charging cable to the USB port on the speaker to use it as a power bank for charging your device.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the speaker. Do not use abrasive cleaners or solvents.
- **Water Resistance:** While IPX4 water resistant, do not submerge the speaker in water. Ensure all port covers are securely closed when exposed to water.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge the speaker before long periods of inactivity.

Troubleshooting

Problem	Possible Cause	Solution
No power	Battery is depleted.	Connect the speaker to power using the AC/DC adapter and charge fully.
No sound	Volume is too low; Incorrect input mode; Device not paired (Bluetooth).	Increase speaker and device volume; Press Mode button to select correct input; Re-pair Bluetooth device.
Bluetooth connection unstable or drops	Device is out of range; Interference; Low battery.	Move device closer to speaker (within 60 feet); Avoid obstacles; Ensure speaker battery is charged.
FM radio static	Weak signal; Interference.	Adjust speaker position; Perform auto-scan again.
