## SAFETY INSTRUCTIONS

---

- Ensure the product is connected to a power source that matches the specifications provided.
- This product is designed for both indoor and outdoor use. When used outdoors, ensure all electrical connections are protected from moisture.
- The adapter is UL certified and waterproof, providing a safe 24V low voltage output.
- Do not attempt to modify or repair the product. Contact customer service for assistance.
- Keep away from open flames and heat sources.
- Position the trees on a stable, level surface. Use ground stakes for outdoor installation to prevent tipping.

## PACKAGE CONTENTS

---

Verify that all components are present in the package:

- 2 x LED Birch Tree (8 Feet)
- 2 x Base Stand
- 2 x Power Adapter (UL certified, 24V)

- Ground Stakes (for outdoor use)

## ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your LIGHTSHARE LED Birch Trees:

1. **Unpack Components:** Carefully remove all items from the packaging.
2. **Assemble Tree Trunk:** Insert the tree trunk into its designated base. Rotate the trunk until it is securely fixed.
3. **Connect Tree Top:** Insert the top section of the tree into the assembled trunk.
4. **Secure Base (Outdoor Use):** If using outdoors, fix the base to the ground using the provided ground stakes.
5. **Connect Power:** Connect the tree's cable to the power adapter. Ensure a secure connection.
6. **Shape Branches:** The branches are bendable. Gently shape them to achieve a natural and desired appearance.

Figure 3: Adjusting the bendable branches for desired shaping.

## OPERATION

---

Once assembled and connected, plug the power adapter into a standard electrical outlet. The LED lights will illuminate, providing warm white light. To turn off, simply unplug the adapter from the outlet.

## MAINTENANCE

- To clean, gently wipe the branches and trunk with a soft, dry cloth. Do not use abrasive cleaners or immerse in water.
- Periodically check the power cord and adapter for any signs of damage. Discontinue use if damage is found.
- When storing, ensure the trees are dry and stored in a cool, dry place away from direct sunlight.

## TROUBLESHOOTING

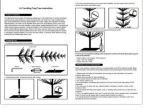

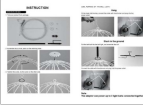

- **Lights not illuminating:** Ensure the power adapter is securely plugged into both the tree and the electrical outlet. Check if the outlet is functional.
- **Unstable tree:** Verify that the tree trunk is firmly inserted into the base. For outdoor use, ensure ground stakes are properly installed.
- **Damaged branches:** The branches are flexible. If a branch is bent out of shape, gently reposition it. If a branch is broken or lights are not working on a specific section, contact customer service.

## SPECIFICATIONS

Feature	Detail
Brand	LIGHTSHARE
Model Number	JT-DC240V0250-C
Product Dimensions	40"D x 40"W x 96"H (8 Feet Tall)
Color	Warm White
Material	Plastic
Item Package Quantity	1 (for each tree)
Number of Items	2 (trees per pack)
