

CZUR Aura Pro

CZUR Aura Pro Book & Document Scanner User Manual

Model: Aura Pro

[Introduction](#) [Components](#) [Setup](#) [Software](#) [Operation](#) [Maintenance](#) [Troubleshooting](#) [Specifications](#) [Support](#)

1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your CZUR Aura Pro Book & Document Scanner. The Aura Pro is designed for efficient scanning of various documents, including books, magazines, and loose papers, up to A3 size. It integrates advanced AI technology for features like auto-flattening of curved pages and optical character recognition (OCR).

Image: The CZUR Aura Pro scanner positioned over a document on its black work mat, ready for scanning.

2. PRODUCT COMPONENTS

The CZUR Aura Pro package includes the following items:

- CZUR Aura Pro Scanner Unit
- Black Work Mat
- Power Adapter
- USB Cable
- Side Fill Lights (2 units)
- Foot Pedal
- Yellow Finger Cots (2 units)
- Software CD (or download instructions)

Image: An illustration detailing the various parts included in the CZUR Aura Pro package.

3. SETUP GUIDE

Follow these steps to set up your CZUR Aura Pro scanner:

1. **Unpack Components:** Carefully remove all items from the packaging.
2. **Position the Scanner:** Place the main scanner unit on a stable, flat surface.
3. **Place the Work Mat:** Lay the black work mat directly beneath the scanner head. Ensure it is flat and centered.
4. **Connect Power:** Plug the power adapter into the scanner and then into a power outlet.
5. **Connect to Computer:** Use the provided USB cable to connect the scanner to your computer.
6. **Attach Side Fill Lights (Optional):** For scanning glossy materials or to reduce glare, attach the two side fill lights magnetically to the scanner column.
7. **Connect Foot Pedal (Optional):** Plug the foot pedal into the designated port on the scanner base for hands-free scanning.

Image: The scanner can be folded for portability and unfolded for operation.

4. SOFTWARE INSTALLATION

The CZUR Aura Pro requires dedicated software for full functionality. Follow these steps to install the software:

1. **Visit CZUR Website:** Open your web browser and search for "CZUR" to find the official website.
2. **Navigate to Download Section:** Locate and click on the "Download Software" tab or section.
3. **Select Model:** Choose "Aura Pro" from the list of available device models.
4. **Download Software:** Download the software compatible with your operating system (Windows or Mac OS).
5. **Install:** Run the downloaded installer and follow the on-screen instructions to complete the installation.

The software package may also include video tutorials and user manuals for further guidance.

Image: Instructions for downloading the CZUR Aura Pro software from the official website.

5. OPERATING INSTRUCTIONS

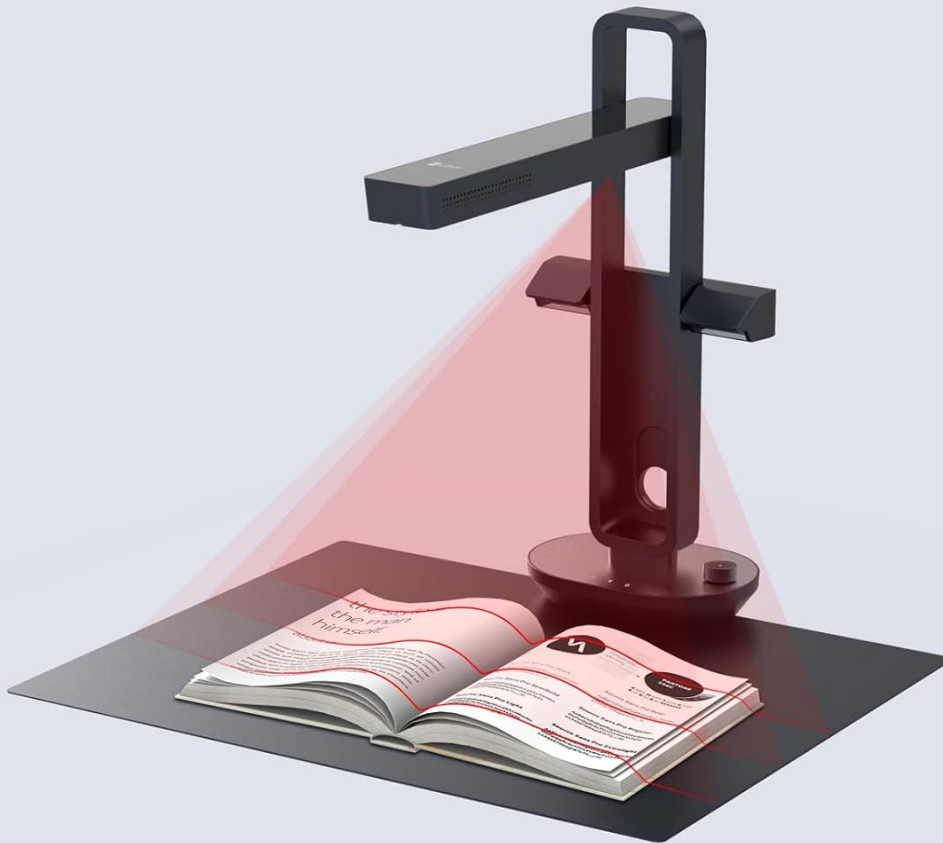

5.1. Document and Book Scanning

The Aura Pro offers fast and versatile scanning capabilities:

- **Placement:** Place the document or open book flat on the black work mat, centered under the scanner head.
- **Scanning Speed:** The scanner can capture a page in approximately 2 seconds.
- **A3/A4 Support:** It supports scanning documents up to A3 size.
- **Book Curve Flattening:** For books, the proprietary technology uses three laser lines to detect page curvature and

automatically flatten the image in the software, ensuring a flat, readable scan.

- **Output Formats:** Scanned files can be exported as JPG, Word, PDF, and searchable PDF.

Proprietary Book Curve Flattening Technology

① Scan with
3 Laser Lines

② “Book Curve Flattening”
Technology

③ Flattened
Bookpage

Image: The Aura Pro's Book Curve Flattening Technology in action, showing how curved pages are digitally corrected.

Scan Anything Up to A3

Image: The scanner's ability to capture documents up to A3 size.

5.2. Scanning Modes

- **Click to Scan:** Manually initiate a scan by clicking the button in the software interface.
- **Auto Scan:** The software can automatically detect when a page is turned or a new document is placed, initiating a scan without manual input.
- **Foot Pedal:** Use the included foot pedal for hands-free scanning, allowing you to hold pages or adjust documents while scanning.

Image: Various scanning methods available, including manual click, automatic detection, and foot pedal control.

5.3. Optical Character Recognition (OCR)

The integrated OCR technology allows the scanner to recognize text in over 180 languages, converting scanned images into editable and searchable document types like Word and searchable PDF.

AI Text Recognition

180+ Languages Recognizable

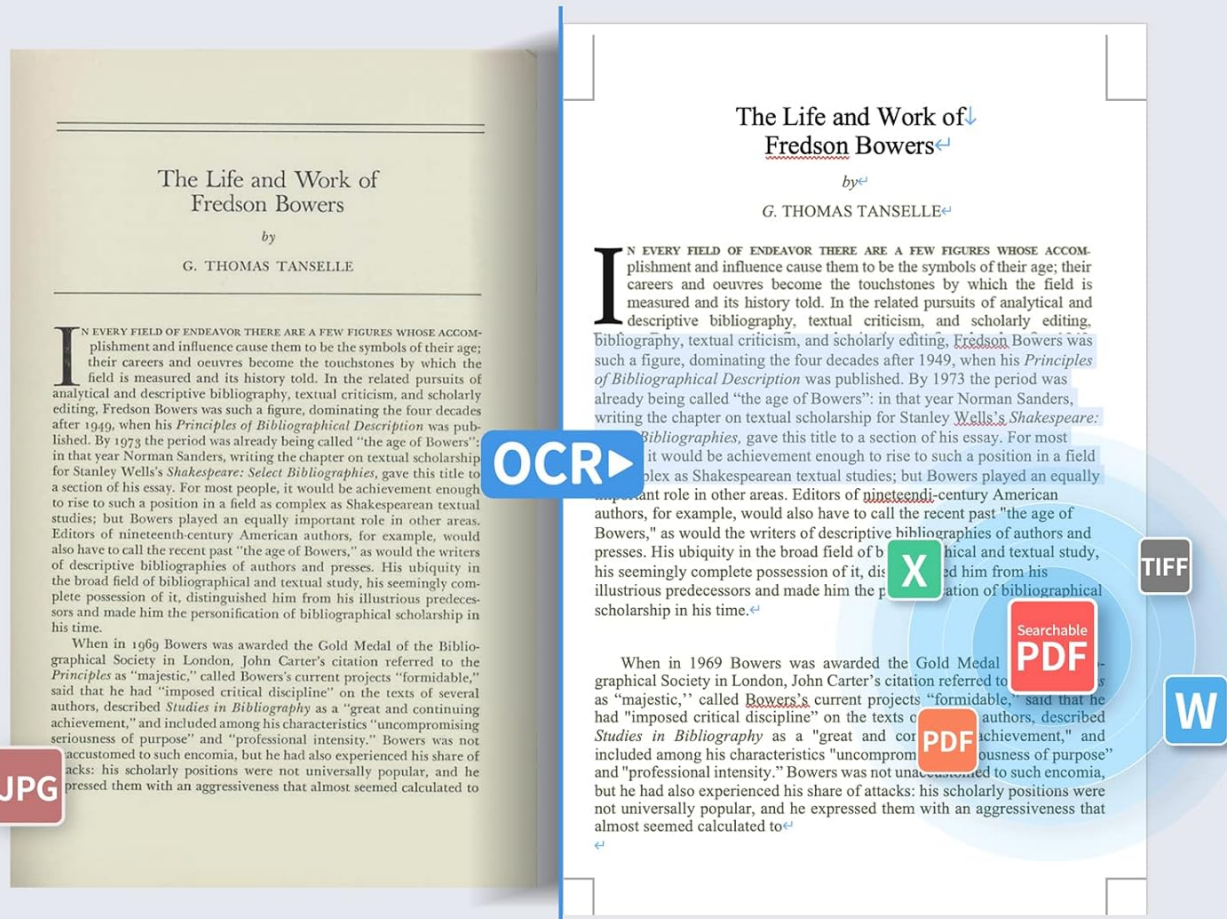

Image: The OCR function converting scanned text into editable formats.

5.4. Smart Lamp Functionality

The Aura Pro doubles as a smart desk lamp with adjustable lighting features:

- **4 Color Temperature Settings:** Choose from Natural Light (4800K), Reading Light (4000K), Computer Mode (3000K), and Smart Lighting Mode at Night.
- **6 Brightness Levels:** Adjust the light intensity to your preference.
- **Glare-Free & Non-Flickering:** Designed for eye comfort.
- **Sound-Control Technology:** Control the lamp settings using sound, eliminating the need for Wi-Fi or Bluetooth connections.
- **Intuitive Night Light Mode:** In this mode, the light gradually brightens or dims based on ambient sound levels, useful for gentle illumination.

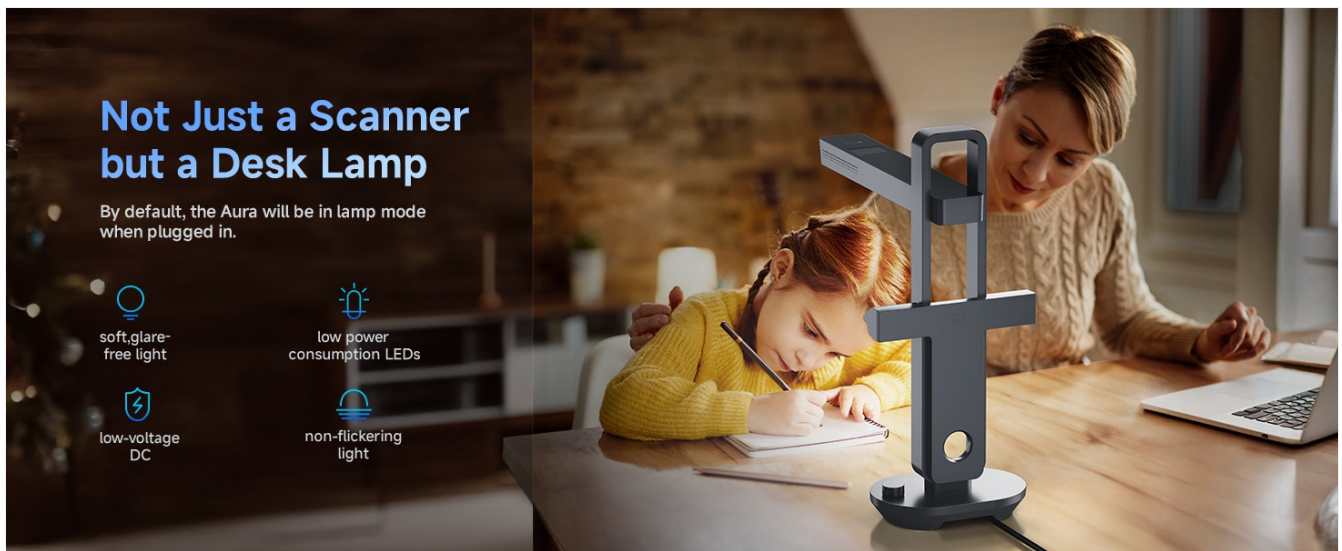

Image: The smart lamp features, including sound control and various lighting modes.

6. MAINTENANCE

To ensure optimal performance and longevity of your CZUR Aura Pro scanner, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the scanner unit and lens. Avoid abrasive cleaners or solvents.
- **Work Mat Care:** Keep the black work mat clean and free of debris to ensure clear scans.
- **Storage:** When not in use, fold the scanner for compact storage to protect it from dust and damage.
- **Software Updates:** Regularly check the CZUR website for software updates to benefit from performance improvements and new features.

7. TROUBLESHOOTING

If you encounter issues with your CZUR Aura Pro, refer to the following common solutions:

Problem	Possible Cause	Solution
Scanner not recognized by computer	Loose USB connection, driver not installed, incompatible OS.	Ensure USB cable is securely connected. Install the correct software/drivers from the CZUR website. Verify OS compatibility (macOS 10.13+ or Windows XP/7/8/10/11).
Scanned images are blurry or unclear	Improper document placement, dirty lens, insufficient lighting.	Ensure documents are flat on the mat. Clean the scanner lens with a soft cloth. Adjust lighting conditions or use side fill lights.
Software crashes or freezes	Outdated software, system resource issues.	Update the software to the latest version. Close other demanding applications. Restart the computer and scanner.
Finger cots visible in scan	Software not correctly removing finger cots.	Ensure finger cots are placed correctly and fully within the designated areas. Check software settings for finger cot removal options.
Side lights cause gradient on page	Lighting angle or intensity.	Adjust the position of the side lights or experiment with different brightness levels.

8. SPECIFICATIONS

Feature	Detail
Model Name	Aura Pro

Feature	Detail
Scanner Type	Document
Brand	CZUR
Connectivity Technology	USB
Resolution	4320*3240
Optical Sensor Technology	CIS
Product Dimensions	7.08 x 5.11 x 17.44 inches (5.12"D x 7.09"W x 17.44"H)
Item Weight	3.3 pounds (1.5 Kilograms)
Standard Sheet Capacity	3
Minimum System Requirements	Windows XP / macOS 10.13 or later

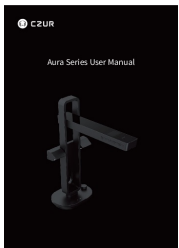

9. WARRANTY AND SUPPORT

For warranty information, technical support, or further assistance, please contact CZUR customer service. You can typically find support contact details on the official CZUR website or within the product packaging.

Regularly check the CZUR website for updated drivers, software, and FAQs to ensure you have the latest information and support resources.

Part I About Software

1. With USB Video Class (UVC) protocol, data communication between the software and the scanner is allowed, including real-time reading of images and videos collected by the device and controlling the device to take pictures and adjusting image parameters.

2. The self-developed built-in algorithm module for image processing allows for curved page flattening and tilt adjustment based on laser lines. The software is also able to purify the background of a scanned document and allows for smart tilt adjustment, cropping, and finger recognition and cleaning.
