Setup and Assembly

Assembly of the RESPAWN 900 Gaming Recliner is designed to be straightforward. For detailed, step-by-step instructions, please refer to the official User Manual PDF provided by the manufacturer. General assembly typically involves attaching the base, armrests, and backrest to the seat frame.
Ensure you have adequate space for assembly and operation, considering the chair's dimensions when fully reclined.

Operating Instructions

The RESPAWN 900 Gaming Recliner offers independent controls for its various comfort features, allowing you to customize your seating experience.

Recline and Footrest Operation

- The chair and footrest form a continuous surface, eliminating gaps.
- The backrest reclines up to **135 degrees** independently of the footrest. Locate the recline lever on the side of the chair to adjust the backrest angle.
- The extendable footrest operates independently. Use the dedicated lever to extend or retract the footrest for leg support.

Swivel Functionality

- The chair features a **360-degree swivel base**, providing full rotational movement without needing to reposition the chair.

Convenience Features

- A **built-in cup holder** is located in the left armrest for easy access to beverages.
- A **removable side pouch** is attached to the left arm, ideal for storing game controllers, headphones, or other small accessories.
- The **plush removable headrest pillow** provides additional neck support and can be adjusted or removed as preferred.

Maintenance

To ensure the longevity and appearance of your RESPAWN 900 Gaming Recliner, follow these simple maintenance guidelines:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the material.
- **Regular Checks:** Periodically inspect all bolts and connections to ensure they are secure. Tighten any loose fasteners as needed.
- **Material Care:** The faux leather material may retain heat. Consider using a breathable cover if prolonged use

causes discomfort due to warmth.

Troubleshooting

While the RESPAWN 900 is designed for durability and smooth operation, here are some common considerations and tips:

- **Footrest/Recline Noise:** A slight mechanical sound may occur during recline or footrest adjustment. This is typically normal and does not indicate a defect.
- **Comfort for Taller Users:** Some users over 5'8" may find the headrest or footrest positioning less ideal. The headrest pillow is removable for customization.
- **General Issues:** If you encounter any unexpected issues with functionality, first ensure all parts are correctly assembled and tightened. Refer to the full user manual for detailed troubleshooting steps.
