WishaLife LX.A341

WishaLife City Fire Station Toy Building Set Instruction Manual

Model: LX.A341

1. INTRODUCTION

This instruction manual provides detailed guidance for the assembly, operation, and maintenance of your WishaLife City Fire Station Toy Building Set. This set allows for the construction of a multi-level fire station and three distinct fire rescue vehicles, offering an engaging building and play experience for children aged 6 and up.

2. SAFETY INFORMATION

- **Recommended Age:** This toy is suitable for children aged 6 to 12 years.
- **Small Parts Warning:** The set contains small parts which may pose a choking hazard for children under 3 years of age. Adult supervision is recommended during assembly and play for younger children within the recommended age range.
- **Material Safety:** All components are tested and guaranteed to meet ASTM standards for child safety.
- **Proper Use:** Do not throw or misuse building bricks. Ensure all connections are secure to prevent parts from detaching during play.

3. PARTS LIST

The WishaLife City Fire Station Toy Building Set includes 727 building bricks, an instruction manual, and stickers. Please verify that all components are present before beginning assembly. If any parts are missing, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included manual to construct the fire station and vehicles. Ensure each brick is firmly connected to the next. The assembly process is divided into sections for the main fire station structure and the individual fire vehicles.

4.1. General Assembly Tips

- Sort bricks by color and size before starting.
- Refer to the visual diagrams carefully for each step.
- Press bricks firmly together to ensure a secure connection.
- If a step seems unclear, review previous steps or consult the overall structure images.

4.2. Fire Station Construction

Begin by building the base of the fire station, then proceed with the walls, floors, and roof sections. Pay attention to the placement of windows, doors, and the sliding poles.

Figure 4.2.1: Example of fire station assembly steps from the instruction manual.

Figure 4.2.2: Hands demonstrating the assembly process of the fire station base.

4.3. Vehicle Assembly

The set includes three fire vehicles: a Hook and Ladder Truck, a Chief Battalion Truck, and a Special Operations Truck. Assemble each vehicle according to its dedicated instructions.

- **Hook and Ladder Truck:** Focus on the extendable ladder mechanism.
- **Chief Battalion Truck:** Assemble the main cabin and emergency lights.
- **Special Operations Truck:** Construct the specialized equipment and compartments.

Fire rescue needs to participate

5. OPERATING INSTRUCTIONS

Once assembled, the WishLife City Fire Station provides a dynamic play environment. Children can engage in various fire rescue scenarios.

- **Vehicle Deployment:** Position the fire trucks in the station's garages, ready for emergency calls.
- **Emergency Response:** Simulate receiving emergency calls and deploying vehicles from the station.
- **Fire Extinguisher Cart:** Use the movable fire extinguisher cart for close-range fire suppression scenarios.
- **Interactive Features:** Utilize the station's multi-level design, including the observation tower and sliding poles, to enhance play.

Figure 5.1: Children engaging in imaginative play with the fire station set.

6. MAINTENANCE AND CARE

- **Cleaning:** Wipe the building bricks and assembled set with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent material degradation. The original storage box can be used for this purpose.
- **Disassembly:** If disassembling, carefully separate bricks to avoid damage.

7. TROUBLESHOOTING

Issue	Solution
Missing parts	Review the parts list. Contact WishaLife customer support for assistance.

Issue	Solution
Bricks not connecting securely	Ensure proper alignment and apply firm, even pressure. Check for any debris obstructing the connection points.
Difficulty following instructions	Carefully re-examine the visual diagrams. Take breaks if needed. Adult assistance may be beneficial for younger builders.

8. SPECIFICATIONS

Model Number: LX.A341

Assembled Fire Station Dimensions (approx.): 11.6 inches (width) x 11.0 inches (height)
