# Jabra Elite 85h Wireless Noise-Canceling Headphones User Manual

Model: 100-99030000-02 | Brand: Jabra

## INTRODUCTION

The Jabra Elite 85h are advanced wireless over-ear headphones engineered to provide an optimal audio experience for both calls and music. Featuring SmartSound technology, these headphones automatically adapt to your environment, offering superior noise cancellation and sound clarity. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure you get the most out of your device.

## WHAT'S IN THE BOX

Your Jabra Elite 85h package includes the following items:

- Jabra Elite 85h Headset
- USB-C Charging Cable
- 3.5mm Audio Cable

- Flight Adapter
- Carry Case
- Quick Start Guide
- Warranty and Warning Leaflets

## In the box

Headset

Carry Case

Audio Cable

USB-C Cable

*Image: The complete package contents of the Jabra Elite 85h, neatly arranged. It includes the headphones, a protective carry case, a 3.5mm audio cable for wired connection, and a USB-C cable for charging.*

## SETUP

### Powering On/Off

To power on the headphones, simply twist the right earcup forward. To power off, twist the right earcup backward. A voice prompt will confirm the status.

### Bluetooth Pairing

1. Ensure the headphones are powered on.
2. A voice prompt will guide you to your phone's Bluetooth menu.
3. On your smartphone, tablet, or computer, navigate to the Bluetooth settings.
4. Select 'Jabra Elite 85h' from the list of available devices to pair.
5. The headphones can connect to more than one device simultaneously, allowing seamless switching between a phone and a computer.

## Jabra Sound+ App

For full control and customization of your Jabra Elite 85h headphones, download the Jabra Sound+ app from your device's app store. The app allows you to:

- Adjust noise cancellation and HearThrough levels.
- Customize sound levels, including equalization.
- Register your headphones for warranty.
- Use the 'Find My Jabra' feature to locate lost headphones.
- Update firmware for optimal performance.

## OPERATING THE HEADPHONES

---

### Smart Active Noise Cancellation (ANC)

The Elite 85h features Smart Active Noise Cancellation, which intelligently adapts to your environment. It uses digital algorithms to detect and block out unwanted background noise, creating a quiet listening experience. This feature is particularly effective in noisy environments like public transport or offices.

*Video: This video demonstrates the Smart Active Noise Cancellation (ANC) feature of the Jabra Elite 85h headphones, showing how it blocks out background noise for an immersive audio experience.*

### HearThrough

HearThrough is a feature that allows you to hear your surroundings without removing your headphones. It uses the built-in microphones to let ambient sound in, making you more aware of your environment. This is useful for situations where you need to be alert, such as walking in busy areas or commuting. The level of ambient noise allowed can be adjusted via the Jabra Sound+ app.

### On-Ear Detection

The headphones are equipped with on-ear detection, which automatically pauses your music or audio when you remove them and resumes playback when you put them back on. This feature helps conserve battery life and provides a convenient user experience.

### Call Quality

The Elite 85h incorporates an advanced 8-microphone design, with 6 microphones dedicated to calls. This technology enhances call clarity by effectively reducing wind noise and other background distractions, ensuring crystal-clear conversations.

---

A pair of black Jabra Elite 85h headphones is shown on a light-colored wooden surface. In the background, a bicycle is partially visible. A yellow rectangular overlay in the top right corner contains the text "Voice assistant enabled". Three white speech bubbles are positioned to the right of the headphones, containing the following text: "Alexa, Call the Office", "Ok Google, where's my next meeting", and "Hey Siri, set an alarm for 1pm".

**Voice assistant**

**"Alexa, Call the Office"**

**"Ok Google, where's  
my next meeting"**

**"Hey Siri, set an alarm  
for 1pm"**

*Image: The Jabra Elite 85h headphones are shown with text indicating 'Voice assistant enabled'. Speech bubbles illustrate common commands for Alexa, Google Assistant, and Siri, highlighting the integrated voice assistant functionality.*

## **Voice Assistant Integration**

You can instantly connect to Amazon Alexa, Siri, and Google Assistant with a single touch, allowing for hands-free control of your device and access to various smart features.

## **BATTERY LIFE AND CHARGING**

The Jabra Elite 85h offers up to 36 hours of battery life on a single charge with Active Noise Cancellation (ANC) switched on. For quick power-ups, the fast charging feature provides 5 hours of battery life from just 15 minutes of charging. The headphones are charged via a USB-C cable.

**Up to 36 hours  
battery  
with ANC  
switched on**

**Fast charge  
5 hours battery  
15 mins charge**

*Image: Jabra Elite 85h headphones resting on a couch next to a smartphone. Overlaid text emphasizes the impressive battery life of up to 36 hours with ANC on, and the convenience of fast charging, providing 5 hours of use from a 15-minute charge.*

## **SOUND QUALITY**

The Elite 85h headphones deliver clear and well-balanced audio. The purpose-built speakers ensure exceptional music clarity, allowing you to discern subtle details in your audio. The Jabra Sound+ app provides customizable music settings and an equalizer to fine-tune your sound experience to your preferences.

**SmartSound** automatically adapts to your surroundings

*Image: Jabra Elite 85h headphones with a text overlay stating "SmartSound automatically adapts to your surroundings". This highlights the intelligent audio adjustment feature of the headphones.*

## DURABILITY

The headphones are designed for durability, featuring certified rain-resistant technology thanks to the Nano coating of internal components. This protection ensures reliable performance in various conditions.

*Video: This video showcases the durability of the Jabra Elite 85h headphones, specifically highlighting their rain-resistant capabilities.*

## MAINTENANCE

To maintain the performance and longevity of your Jabra Elite 85h headphones, follow these guidelines:

- **Cleaning:** Wipe the earcups and headband with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.

- **Storage:** When not in use, store the headphones in their provided carry case to protect them from dust and physical damage.
- **Water Exposure:** While rain-resistant, avoid submerging the headphones in water. Dry them thoroughly if exposed to moisture.
- **Ear Cushions:** The ear cushions are designed for comfort and can be replaced if needed. Refer to Jabra's official support for replacement parts and instructions.

## TROUBLESHOOTING

- **Bluetooth Disconnection:** If the headphones frequently disconnect from your device, try re-pairing them. Ensure no other devices are interfering with the Bluetooth connection.
- **Sidetone during Calls:** If you hear your own voice or ambient noise during calls, you can adjust or disable the 'Sidetone' feature within the Jabra Sound+ app's call experience settings.
- **Lost Headphones:** Use the 'Find My Jabra' feature in the Jabra Sound+ app. This feature shows the last known location where your headphones were connected to Bluetooth on a map.
- **No Sound/Poor Sound Quality:** Check the volume levels on both your headphones and the connected device. Ensure the headphones are fully charged and correctly paired. Adjust equalizer settings in the Jabra Sound+ app if needed.

## SPECIFICATIONS

Feature	Detail
Model Name	Elite 85h
Noise Control	Smart Active Noise Cancellation (ANC)
Connectivity Technology	Bluetooth 5.0, 3.5mm jack, USB-C
Wireless Range	Up to 10 meters (33 feet)
