Aramox B07RRSRR1X

Aramox Motorcycle Bluetooth MP3 Player Audio Stereo Speaker System User Manual

Model: B07RRSRR1X

1. Introduction

Thank you for purchasing the Aramox Motorcycle Bluetooth MP3 Player Audio Stereo Speaker System. This manual provides essential information for the proper installation, operation, and maintenance of your new audio system. Please read this manual thoroughly before use to ensure optimal performance and safety.

2. Safety Information

- Always ensure the device is securely mounted to prevent detachment during operation.
- Do not operate the device in a manner that distracts you from driving. Maintain full attention on the road.
- Ensure all wiring is correctly connected and insulated to prevent short circuits and electrical hazards.
- This product is designed to be waterproof; however, avoid submerging it in water.
- Keep volume at a safe level to hear surrounding traffic and emergency vehicles.

3. Package Contents

Verify that all items are present in your package:

- 2 x Audio Speakers
- 1 x Control Unit (MP3 Player)
- 1 x Mounting Bracket
- 10 x Screws
- 1 x Nut
- 1 x Wiring Harness
- 2 x Iron Sheets

4. Product Overview

The Aramox Motorcycle Bluetooth MP3 Player is a robust audio system designed for motorcycle use, featuring Bluetooth

connectivity, MP3 playback from USB and TF cards, and a waterproof design.

Key Features:

- Waterproof design suitable for various weather conditions.
- Built-in Bluetooth for wireless audio streaming and hands-free calling (up to 6m range).
- Supports MP3 format digital playback.
- USB and TF card carrier for media playback.
- Phone charging capability while listening to music.
- Display for telephone numbers during calls.

Component Identification:

5. Installation Guide

Proper installation is crucial for the performance and longevity of your audio system. If you are unsure about any steps, consult a professional.

5.1 Mounting the Control Unit

1. Select a suitable location on your motorcycle handlebars or dashboard that does not obstruct your view or control of the vehicle.
2. Attach the mounting bracket to the chosen location using the provided screws and nut. Ensure it is secure.
3. Slide the control unit onto the bracket until it clicks into place. Verify it is firmly attached.

5.2 Mounting the Speakers

1. Choose locations for the speakers that provide optimal sound distribution and do not interfere with motorcycle operation.
2. Use the provided iron sheets and screws to securely mount each speaker.
3. Ensure speakers are angled correctly for the best audio experience.

5.3 Wiring Connections

Connect the wiring harness according to the following general guidelines. Refer to your motorcycle's service manual for specific wiring diagrams if needed.

- **Power (Red Wire):** Connect to a 12V DC switched power source (e.g., ignition switch) to ensure the unit turns off with the motorcycle.
- **Ground (Black Wire):** Connect to the motorcycle's chassis ground.
- **Speaker Wires:** Connect the speaker wires from the control unit to the respective speakers. Ensure correct polarity (+/-).

Warning: Incorrect wiring can damage the device or your motorcycle's electrical system. If you are not experienced with electrical installations, seek professional assistance.

Figure 5.1: Example of the Aramox MP3 Player control unit mounted on motorcycle handlebars with speakers positioned separately.

6. Operating Instructions

6.1 Power On/Off

Press and hold the **MOD** button to power the unit on or off.

6.2 Mode Selection

Press the **MOD** button briefly to cycle through available modes: Bluetooth, USB, TF Card, and FM Radio.

6.3 Volume Control

Use the **VOL+/-** buttons to adjust the volume level.

6.4 Bluetooth Pairing

1. Ensure the unit is in Bluetooth mode. The display will indicate Bluetooth pairing readiness.
2. On your mobile device, enable Bluetooth and search for available devices.
3. Select "Aramox MP3" (or similar) from the list to pair.
4. Once paired, you can stream audio and make/receive calls through the system.

6.5 USB/TF Card Playback

1. Insert a USB drive or TF card containing MP3 audio files into the respective slot.
2. Switch to USB or TF Card mode using the **MOD** button.
3. Use the track navigation buttons (typically **<VOL-** and **VOL+>** or dedicated skip buttons) to control playback.

6.6 FM Radio

1. Switch to FM Radio mode using the **MOD** button.
2. Use the track navigation buttons to scan for radio stations.
3. The numeric keypad may be used for direct frequency input or preset selection if available.

6.7 Phone Functions

When connected via Bluetooth:

- Press the **phone icon button** to answer an incoming call.
- Press the **phone icon button** again to end a call.
- The display will show the incoming caller's number.

7. Maintenance

- Clean the control unit and speakers with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- Ensure all connections remain secure and free from corrosion.
- Periodically check mounting hardware for tightness.
- While waterproof, avoid high-pressure washing directly on the unit.

8. Troubleshooting

Problem	Possible Cause	Solution
No power	Loose power connection; Blown fuse; Incorrect wiring.	Check power and ground connections; Inspect and replace fuse if necessary; Verify wiring according to installation guide.
No sound from speakers	Loose speaker connections; Incorrect speaker polarity; Volume too low; Mute activated.	Check speaker wiring; Ensure correct polarity; Increase volume; Deactivate mute function.
Bluetooth not connecting	Device not in pairing mode; Bluetooth disabled on phone; Out of range.	Ensure unit is in Bluetooth mode; Enable Bluetooth on your phone; Move phone closer to the unit (within 6m).

Problem	Possible Cause	Solution
USB/TF card not playing	Incorrect file format; Corrupted media; Card/drive not fully inserted.	Ensure files are in MP3 format; Try a different USB/TF card; Reinsert media securely.
Poor radio reception	Weak signal area; Interference.	Move to an area with better signal; Avoid areas with high electrical interference.

9. Specifications

- **Brand:** Aramox
- **Model:** B07RRSRR1X
- **Speaker Maximum Output Power:** 10 watts
- **Connectivity Technology:** USB, Bluetooth
- **Audio Output Mode:** Stereo
- **Input Voltage:** 12V DC
- **Mounting Type:** Motorcycle Mount, Plug Mount
- **Enclosure Material:** Acrylonitrile Butadiene Styrene (ABS)
- **Speaker Type:** Outdoor
- **Additional Features:** Waterproof
- **Maximum Bluetooth Range:** 6 meters
- **Control Method:** Button
- **Speaker Size:** 1 inch
- **Water Resistance Level:** Waterproof
- **Number of Audio Channels:** 2
- **Item Weight:** 0.1 kg
- **Compatible Devices:** Laptop (for media transfer), Mobile Phones (for Bluetooth)
- **Power Source:** Corded Electric (12V DC motorcycle power)
