AUBURN 852 (blue/white card) 1991 Hot Wheels Model Series No. 215 Diecast Car Manual

Product Model: No. 215

1. PRODUCT OVERVIEW

This manual provides information regarding the AUBURN 852 diecast car from the 1991 Hot Wheels Model Series, Collector No. 215. This product is a collectible miniature vehicle, designed for display and light handling. It is presented in its original blue and white card packaging.

2. UNBOXING AND DISPLAY

The AUBURN 852 diecast car is intended as a collectible. Careful handling is advised during unboxing or when removing from packaging for display.

2.1 Unboxing

- If preserving the original packaging, exercise extreme caution when opening to avoid damage to the card or blister.
- Use a sharp, clean blade if cutting the blister from the card is necessary.
- Avoid tearing the card backing.

2.2 Display

For optimal preservation, display the diecast car in a cool, dry environment away from direct sunlight, which can cause fading of the paint and packaging. Consider using a display case to protect against dust and accidental damage.

3. HANDLING AND PLAY CONSIDERATIONS

While diecast cars are durable, this particular model is a vintage collectible. Excessive force or rough play may result in damage to the paint, wheels, or other components.

- Handle the car by its body, avoiding direct contact with delicate parts like mirrors or antennas (if present).
- Avoid dropping the car, as this can cause paint chips or structural damage.
- If the car is removed from its packaging, store it in a protective case when not on display.

4. MAINTENANCE AND CARE

Proper care ensures the longevity and preservation of your collectible diecast car.

4.1 Cleaning

- For dust removal, use a soft, dry brush or a microfiber cloth.
- Avoid abrasive cleaners or harsh chemicals, as these can damage the paint finish.
- If necessary, a slightly damp cloth with plain water can be used, followed immediately by a dry cloth.

4.2 Storage

Store the diecast car in a stable environment, protected from extreme temperatures and humidity fluctuations. Original packaging, if kept, should also be stored carefully to prevent bending or creasing.

5. COMMON ISSUES AND TROUBLESHOOTING

As a static collectible, major functional issues are not applicable. However, common concerns relate to cosmetic condition.

- **Dust Accumulation:** Regularly clean with a soft brush or microfiber cloth.
- **Fading Paint/Packaging:** Ensure the item is displayed away from direct sunlight and strong artificial light sources.
- **Minor Scratches/Chips:** These are typically a result of handling. Prevent by careful handling and display in a protective case. Repair is generally not recommended for collectible value.
