OPERATING INSTRUCTIONS

Follow these steps for optimal application of Afnan 9 PM Eau De Parfum:

1. **Preparation:** Ensure skin is clean and moisturized. Moisturizing can help the fragrance last longer.
2. **Application:** Spray onto pulse points such as wrists, neck, and behind the ears. These areas generate heat, which helps to diffuse the scent.
3. **Avoid Rubbing:** After spraying, avoid rubbing the fragrance into the skin. Rubbing can break down the fragrance molecules and alter the scent's composition and longevity.
