Pyrex 7210

Pyrex 7210 3-Cup Glass Dishes and Lids User Manual

Model: 7210 | Brand: Pyrex

INTRODUCTION

This manual provides essential information for the safe and effective use of your Pyrex 7210 3-Cup Glass Dishes and 7210-PC Dark Blue Lids. These versatile containers are designed for cooking, serving, storing, and transporting food, offering durability and convenience for everyday use.

PRODUCT OVERVIEW

The Pyrex 7210 set includes four (4) 3-cup rectangular glass dishes and four (4) corresponding dark blue plastic lids. The dishes are crafted from high-quality, non-porous tempered glass, while the lids are made from durable, BPA-free plastic.

KEY FEATURES

- **Included Components:** Four (4) 7210 3-Cup Glass Dishes and four (4) 7210-PC Dark Blue Lids. Proudly made in the USA.
- **Material Quality:** Dishes are made from durable tempered glass that resists absorbing food odors, flavors, and stains. Lids are crafted from durable, BPA-free plastic designed to withstand regular use without bending or cracking.
- **Versatile Use:** Both the glass dishes and plastic lids are safe for use in the refrigerator, freezer, and microwave. The glass dishes are also oven safe.
- **Compatibility:** The included lids are specifically designed to fit the 7210 3-Cup Glass Dishes for a snug fit.
- **Easy Maintenance:** Both the lids (top rack only) and the glass dishes are dishwasher safe for convenient cleaning.

SETUP

Before first use, wash all glass dishes and lids thoroughly with warm, soapy water or place them in the dishwasher. Rinse completely and dry.

OPERATING INSTRUCTIONS

General Use

- These containers are ideal for storing a variety of foods, from leftovers to meal-prepped ingredients.
- The clear glass allows for easy identification of contents without needing to remove the lid.

Microwave Use

- Glass dishes are safe for microwave use.
- When microwaving with the lid on, ensure the lid is vented or slightly ajar to allow steam to escape and prevent pressure buildup.

Oven Use

- Glass dishes are oven safe.
- Do not use plastic lids in the oven. Remove lids before placing glass dishes in a preheated oven.
- Avoid extreme temperature changes; do not place hot glass directly on a cold surface or vice versa.

Refrigerator and Freezer Use

- Both glass dishes and plastic lids are safe for refrigerator and freezer storage.
- Ensure food is cooled before placing it in the refrigerator or freezer to maintain food safety and prevent thermal shock to the glass.

MAINTENANCE AND CARE

Cleaning

- Glass dishes are dishwasher safe.
- Plastic lids are dishwasher safe on the top rack only.
- For hand washing, use a soft sponge or cloth with mild dish soap. Avoid abrasive cleaners or scouring pads that could scratch the glass or plastic.

- The non-porous surfaces of both the glass and lids resist odors and stains, making cleaning simple.

TROUBLESHOOTING

Lid Fit Issues

The 7210-PC Dark Blue Lids are designed for a snug fit. If you experience difficulty with the lid sealing:

- Ensure both the glass dish rim and the lid are clean and free of any food debris or moisture.
- Check for any warping or damage to the lid or glass dish. While durable, extreme heat or improper handling can cause issues.
- Apply even pressure around all four sides of the lid when sealing to ensure a complete and secure fit.
