ISDIN Eryfotona Actinica Ultralight Emulsion

ISDIN Eryfotona Actinica Ultralight Emulsion Instruction Manual

Brand: ISDIN | Model: Eryfotona Actinica Ultralight Emulsion

1. PRODUCT OVERVIEW

ISDIN Eryfotona Actinica Ultralight Emulsion is a broad-spectrum SPF 50+ mineral sunscreen designed to protect skin from UVA/UVB rays and help repair existing sun damage. Its lightweight, fast-absorbing formula is suitable for daily use, providing a non-greasy finish perfect for application under makeup.

2. KEY FEATURES

- **Broad Spectrum SPF 50+:** Provides high-level protection against both UVA and UVB rays.
- **100% Mineral Sunscreen:** Contains 11% Zinc Oxide as the active ingredient, suitable for sensitive skin.
- **DNA Repairsomes®:** Formulated with plankton-derived photolyase enzyme to help repair visible sun damage.
- **Vitamin E Antioxidant:** Helps protect against environmental damage and fight early signs of skin aging.
- **Ultralight Emulsion:** Fast-absorbing, non-greasy, and moisturizing formula that melts into the skin without feeling heavy.
- **Water Resistant:** Effective for up to 40 minutes of swimming or sweating.
- **Non-Comedogenic:** Designed not to clog pores.

3. USAGE INSTRUCTIONS

1. **Shake Well:** Shake the bottle vigorously before each use to ensure proper mixing of ingredients.
2. **Application:** Apply liberally to the face and other exposed skin areas 15 minutes before sun exposure. It is ideal for everyday wear and can be applied as the last step in your daily skincare routine, serving as a perfect non-greasy base for makeup.
3. **Reapplication:**
 - After 40 minutes of swimming or sweating.
 - Immediately after towel drying.
 - At least every 2 hours for maximum protection.
4. **Dermatologist Recommended:** This product is recommended by dermatologists for effective sun protection and skin health.

Re-apply after 40 minutes of swimming or sweating, after towel drying and at least **every 2h.**

- **Manufacturer:** ISDIN
- **Country of Origin:** Spain

7. TROUBLESHOOTING & TIPS

While ISDIN Eryfotona Actinica is designed for a seamless experience, here are some tips and common observations:

- **White Cast:** This 100% mineral sunscreen is formulated to minimize white cast. Ensure you shake the bottle well before use and apply in small sections, blending thoroughly until absorbed. User videos demonstrate it blending clear on various skin tones.
- **Greasy Feeling:** The ultralight emulsion is non-greasy and fast-absorbing. If skin feels greasy, ensure you are applying the correct amount and allowing it to fully absorb before applying other products.
- **Breakouts:** The product is non-comedogenic, meaning it is designed not to clog pores. If breakouts occur, discontinue use and consult a dermatologist.
- **Makeup Compatibility:** Its silky emulsion provides a perfect non-greasy base for makeup. Apply after your moisturizer and allow it to set before applying foundation.
