Actto BTK-03

ACTTO Mini Bluetooth Keyboard User Manual

Model: BTK-03

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your ACTTO Mini Bluetooth Keyboard (Model: BTK-03). This compact and versatile keyboard features both Korean and English layouts, designed for seamless connectivity with various devices such as smartphones, tablets, and laptops.

The ACTTO Mini Bluetooth Keyboard, featuring a compact design and a pink base with white round keycaps.

PACKAGE CONTENTS

Upon opening the package, please verify that all components are present:

- ACTTO Mini Bluetooth Keyboard (BTK-03)

- USB Cable
- User Manual (this document)

SETUP AND PAIRING

The ACTTO Mini Bluetooth Keyboard requires 2 AAA batteries (not included) for operation. Please install them before proceeding with the pairing process.

Battery Installation

Locate the battery compartment on the underside of the keyboard. Insert two AAA batteries, ensuring correct polarity (+/-) as indicated inside the compartment. Close the battery cover securely.

Bluetooth Pairing Instructions (Android/iOS - iPhone, iPad)

1. **Turn on Bluetooth:** On the device you wish to pair with (e.g., smartphone, tablet), navigate to its settings and enable the Bluetooth function.
2. **Enter Pairing Mode:** On the ACTTO Mini Bluetooth Keyboard, simultaneously press and hold the **ESC** key and the **K** key for approximately 5 seconds. The left red LED indicator on the keyboard will begin flashing, indicating it is in pairing mode.
3. **Connect:** On your device, look for "Actobtk03" in the list of available Bluetooth devices. Tap on "Actobtk03" to initiate the pairing process. Once pairing is complete, the left red LED on the keyboard will turn off.

Your keyboard is now connected and ready for use.

OPERATING INSTRUCTIONS

General Usage

The ACTTO Mini Bluetooth Keyboard functions like a standard QWERTY keyboard. Simply type as you would on any other keyboard. The round keycaps provide a comfortable typing experience.

Korean/English Layout

This keyboard supports both Korean and English layouts. To switch between languages, use the language input settings on your connected device (e.g., Android or iOS settings). The keyboard will reflect the input method selected on your device.

A top-down view of hands positioned over the ACTTO Mini Bluetooth Keyboard, illustrating the ergonomic spacing of the round keycaps during use.

A detailed view of the keyboard's white round keycaps, clearly showing both English alphabet characters and Korean Hangul characters printed on them.

MAINTENANCE

Cleaning

To clean your keyboard, gently wipe the keycaps and surface with a soft, dry, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaning solution. Avoid excessive moisture and do not submerge the keyboard in liquid.

Battery Care

If the keyboard will not be used for an extended period, it is recommended to remove the AAA batteries to prevent potential leakage and damage to the device.

A side view of the ACTTO Mini Bluetooth Keyboard, highlighting the elevated profile of the round keycaps and the gentle curve of the keyboard base.

TROUBLESHOOTING

Keyboard Not Responding

- **Check Batteries:** Ensure the AAA batteries are correctly installed and have sufficient charge. Replace them if necessary.
- **Re-pair Device:** If the keyboard stops responding, try re-pairing it with your device by following the "Bluetooth Pairing Instructions" in the Setup section.
- **Device Bluetooth:** Verify that Bluetooth is enabled on your connected device and that it is not connected to another keyboard.
- **Restart Device:** Sometimes, restarting your connected device can resolve connectivity issues.

Pairing Issues

- Ensure the keyboard is in pairing mode (left red LED flashing).
- Make sure your device is within the Bluetooth range (typically up to 10 meters or 33 feet).
- Forget the device on your phone/tablet and try pairing again.

SPECIFICATIONS

Feature	Detail
Brand	Actto
Model	BTK-03
Operating System Compatibility	Android, iOS
Hardware Interface	Bluetooth
Compatible Devices	Laptop, Smartphone, Tablet
Power Source	Battery Powered
Batteries Required	2 AAA batteries
Battery Cell Composition	Alkaline
