2. SAFETY INFORMATION

To prevent damage to the product or injury to yourself and others, observe the following safety precautions:

- Do not expose the power bank to extreme temperatures (above 45°C or below 0°C).
- Do not expose the power bank to water or other liquids.
- Do not disassemble, modify, or attempt to repair the device.
- Keep out of reach of children.
- Avoid dropping or subjecting the power bank to strong impacts.
- Use only certified charging cables and adapters.
- Dispose of the power bank responsibly according to local regulations.

3. PACKAGE CONTENTS

The package includes the following items:

- USB-C to USB-A Charging Cable
- User Manual

4. PRODUCT OVERVIEW AND FEATURES

The MOJOGEAR Mini 10000 mAh Power Bank offers multiple features for convenient and fast charging:

18W – 10.000mAh

Super fast charging

DETAILS

-  18W/3A charging
-  Charge your smartphone up to 3x
-  Quickcharge 3.0 & USB-C Power Delivery
-  Travel safe
-  Multi Protection
-  3 devices at the same time

Image 3: An infographic detailing the key features of the power bank, including 18W/3A charging, ability to charge a smartphone up to 3 times, Quick Charge 3.0 & USB-C Power Delivery, travel safety, multi-protection, and simultaneous charging of 3 devices.

- High Capacity:** 10000 mAh battery for multiple charges.
- Fast Charging:** Supports Quick Charge 3.0 and USB Power Delivery (up to 18W/3A).
- Multiple Outputs:** Charge up to three devices simultaneously.
- Compact Design:** Extremely small and lightweight for portability.
- Universal Compatibility:** Suitable for smartphones, tablets, and other USB-powered devices.
- Safety Features:** Built-in multi-protection for safe charging.

Port Layout

3 PORT OUTPUT

Charge multiple devices at the same time

OUTPUT

2x USB Port
1x USB-C Port

INPUT

Micro-USB Port

Image 4: A close-up view of the power bank's ports, indicating two USB-A output ports, one USB-C output/input port, and one Micro-USB input port.

- **Output Ports:** 2x USB-A, 1x USB-C
- **Input Ports:** 1x USB-C, 1x Micro-USB
- **LED Indicators:** Four small LED lights indicate the remaining battery level.

5. SETUP

Charging the Power Bank

Before first use, fully charge your MOJOGEAR Mini Power Bank.

1. Connect the provided USB-C cable to the USB-C input port on the power bank. Alternatively, use a Micro-USB cable with the Micro-USB input port.
2. Connect the other end of the cable to a USB wall charger (not included) or a computer's USB port.
3. The LED indicators will light up to show the charging status. When all four LEDs are solid, the power bank is fully charged.
4. Disconnect the cable once charging is complete.

A full charge typically takes several hours, depending on the power source.

6. OPERATING INSTRUCTIONS

Charging Your Devices

The power bank can charge smartphones, tablets, and other USB-powered devices.

Image 5: A hand holding the MOJOGEAR Mini Power Bank, which is connected via a USB cable to a smartphone, demonstrating its use for portable charging.

1. Connect your device's charging cable to one of the power bank's output ports (USB-A or USB-C).
2. Connect the other end of the cable to your device.
3. The power bank will automatically begin charging your device. The LED indicators will show the remaining battery level.
4. To stop charging, simply disconnect your device.

You can charge up to three devices simultaneously using the available output ports.

UNIVERSAL CHARGER

Suitable for most devices

SMARTPHONES & TABLETS

Apple, Google, Samsung,
Huawei, LG, Sony etc.

AND MORE

Apple AirPods

android

7. MAINTENANCE

Proper care ensures the longevity of your power bank:

- Clean the power bank with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- If not used for extended periods, charge the power bank at least once every three months to maintain battery health.

8. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|-------------------------|---|--|
| Power bank not charging | Low battery; faulty cable or adapter; loose connection. | Ensure the power bank is connected to a working power source. Try a different cable or adapter. Check all connections. |

| Problem | Possible Cause | Solution |
|-------------------------------------|--|---|
| Device not charging from power bank | Power bank battery depleted; faulty cable; device incompatibility; loose connection. | Recharge the power bank. Try a different charging cable. Ensure your device is compatible. Check all connections. |
| Slow charging | Non-fast charging cable/adapter; multiple devices charging; device not supporting fast charge. | Use a fast-charging compatible cable and adapter. Disconnect other devices. Ensure your device supports fast charging protocols (QC3.0/PD). |
| LED indicators not working | Power bank is off; internal fault. | Press the power button (if available). If the issue persists, contact customer support. |
