FCH B07RZX7LNM

FCH Twin Over Twin Metal Bunk Bed Instruction Manual

Model: B07RZX7LNM

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your FCH Twin Over Twin Metal Bunk Bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This bunk bed is designed for stability and function, featuring a sturdy steel frame, heightened guardrails, and an integrated ladder.

SAFETY INFORMATION

Your safety is paramount. Adhere to the following guidelines:

- Always follow the assembly instructions carefully to ensure stability.
- Keep the area around the bunk bed clear to prevent accidents.
- Do not allow children to play on or around the bunk bed unsupervised.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten hardware.
- The top bunk has a weight limit of 220 pounds. The bottom bunk will support 330 pounds. Do not exceed these limits.
- Only use mattresses that comply with the recommended dimensions for twin beds.
- The upper bunk is not suitable for children under six years of age.
- Always use the ladder for access to the upper bunk. Do not jump on the bed.
- Two wall mount brackets are included for added security. It is recommended to use these to secure the bed to a wall.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

- Bed Frame Components (Headboards, Footboards, Side Rails, Ladder)
- Bed Slats
- Hardware Pack (Bolts, Screws, Washers, Nuts, Hex Wrenches)
- Wall Mount Brackets (2)
- Instruction Manual

ASSEMBLY INSTRUCTIONS

Assembly typically requires two people. Follow these steps carefully:

1. **Unpack and Identify Parts:** Lay out all components on a soft, clean surface to prevent scratches. Refer to the parts list in your package to identify each piece.
2. **Assemble Bed Ends:** Attach the vertical posts to the horizontal support bars for both the upper and lower bed ends. Do not fully tighten bolts until the entire frame is assembled.

3. **Connect Side Rails:** Attach the side rails to the assembled bed ends. Ensure the rails are correctly oriented for the upper and lower bunks.
4. **Install Bed Slats:** Place the bed slats onto the designated supports on the side rails for both the upper and lower bunks. Secure them according to the instructions provided in your hardware pack.
5. **Attach Ladder:** The ladder can be attached to either side of the bunk bed. Secure it firmly using the provided hardware. Ensure the non-slip flat ladder rungs with rubber covering are facing upwards.

Removable Ladder

Ladder can be attached to either side

- 6. Tighten All Hardware:** Once all components are in place, systematically tighten all bolts and screws. Ensure the bed is stable and does not wobble.
- 7. Install Wall Mount Brackets:** For enhanced stability and safety, attach the provided wall mount brackets to the bunk bed and secure them to a wall stud.

OPERATING INSTRUCTIONS

This bunk bed is designed for sleeping and resting. Observe the following:

- Ensure mattresses are properly seated within the bed frame.
- Always use the ladder to access the upper bunk.
- Do not hang items from the bed frame or guardrails that could pose a strangulation hazard.
- Periodically inspect the bed for any loose parts or signs of wear.

MAINTENANCE

Regular maintenance ensures the longevity and safety of your bunk bed.

- **Cleaning:** Wipe the metal frame with a dry cloth. Avoid abrasive cleaners or harsh chemicals that could damage the

finish.

- **Hardware Check:** Every 3-6 months, inspect all bolts and screws. Re-tighten any that have become loose.
- **Structural Integrity:** Check for any bends, cracks, or damage to the metal frame. If significant damage is found, discontinue use and contact customer support.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed is wobbly or unstable.	Loose hardware; improper assembly.	Ensure all bolts and screws are fully tightened. Review assembly steps to confirm correct installation. Consider using wall mount brackets.
Squeaking noises.	Loose connections; friction between metal parts.	Tighten all hardware. Apply a small amount of lubricant (e.g., silicone spray) to connection points if squeaking persists.
Ladder feels insecure.	Ladder not properly attached or hardware loose.	Verify the ladder is correctly hooked and all securing bolts are tightened.

SPECIFICATIONS

- **Material:** Iron (Powder Coated Steel)
- **Size:** Twin Over Twin
- **Bed Dimensions (L x W x H):** 78" x 42" x 65" (198 x 107 x 165 cm)
- **Two Bunk's Altitude (Distance between bunks):** 37.2" / 94.5cm
- **Lower Bunk's Altitude (Height from floor to bottom bunk):** 10.43" / 26.5cm
