TotCraft Bed Safety Rail User Manual

Model: 123331

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use of the TotCraft Bed Safety Rail. Keep this manual for future reference.

- **Entrapment Hazard:** Ensure the bed rail is installed correctly and securely to prevent gaps between the rail and the mattress or bed frame. Gaps can cause entrapment, leading to serious injury or death.
- **Age and Weight Limit:** This bed rail is designed for toddlers. Do not use for infants or children under 2 years of age. Maximum weight recommendation is 250 pounds.
- **Non-Toxic Materials:** The metal rods and mesh fabric are made of non-toxic materials, ensuring your child's safety.
- **Regular Inspection:** Periodically check all components for wear, damage, or loose parts. Discontinue use if any part is damaged or missing.
- **Adult Supervision:** Always supervise your child when using the bed rail.

3. SETUP AND INSTALLATION

The TotCraft Bed Safety Rail is designed for easy installation and universal fit across various bed types. Follow the steps below based on your bed frame.

UNIVERSAL INSTALLATION ON ANY BED FRAME

SLATTED BASE

Use Included Black Velcro Straps to Tie Rail Legs to Slats

BOX FRAME BASE

Included White Adjustable Straps Attach it to Opposite Side of the Mattress

WOODEN PLATFORM BASE

Use Included Screws to drill Rail into Place through Conveniently Pre-Made Holes

This image provides a visual guide for installing the TotCraft Bed Safety Rail on various bed types: slatted bases using Velcro straps, box frame bases with adjustable straps, and wooden platform bases requiring screws into pre-made holes. It demonstrates the versatility of the installation process.

General Assembly Steps:

1. Assemble the metal frame components according to the diagrams in the included manual.
2. Slide the mesh fabric cover over the assembled frame.
3. Attach the mounting brackets to the bed rail frame.

Installation by Bed Type:

- **Slatted Base:** Use the included black Velcro straps to tie the bed rail legs securely to the bed slats. Ensure a tight fit

to prevent movement.

- **Box Frame Base:** Utilize the included white adjustable straps. Attach one end to the bed rail and extend the strap under the mattress to the opposite side, securing it tightly.
- **Wooden Platform Base:** For maximum security, use the included screws to drill the bed rail into place through the conveniently pre-made holes in the rail's base.

After installation, ensure the bed rail is stable and there are no gaps between the rail and the mattress that could pose a hazard. The rail should be flush against the mattress.

4. OPERATING INSTRUCTIONS

The TotCraft Bed Safety Rail features a convenient fold-down design for easy access to the bed and child.

This detailed image highlights the design elements of the TotCraft Bed Safety Rail that contribute to its security and convenience, such as ultra-soft fabric, rounded corners for enhanced safety, a practical fold-down design, and ultra-durable binding for longevity.

Using the Fold-Down Feature:

1. Locate the release buttons or levers on the side hinges of the bed rail.
2. Press the buttons/levers simultaneously to disengage the locking mechanism.
3. Gently lower the bed rail downwards. It will pivot to a flat position, allowing unobstructed access to the bed.
4. To raise the rail, simply lift it back into the upright position until it clicks securely into place. Ensure both sides are locked.

The bed rail is designed to provide a **gap-free** sleep guardian, ensuring your child remains safely on the bed without risk of slipping between the rail and the mattress.

5. MAINTENANCE AND CARE

Proper care will extend the life of your TotCraft Bed Safety Rail.

- **Cleaning the Mesh Fabric:** The mesh fabric is machine washable. Remove the fabric cover from the metal frame

before washing. Use a gentle cycle with cold water and mild detergent. Air dry or tumble dry on low heat.

- **Cleaning the Frame:** Wipe the metal frame with a damp cloth and mild soap. Do not use abrasive cleaners or solvents.
- **Storage:** If storing the bed rail, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight.

6. TROUBLESHOOTING

If you encounter any issues with your TotCraft Bed Safety Rail, please refer to the common solutions below.

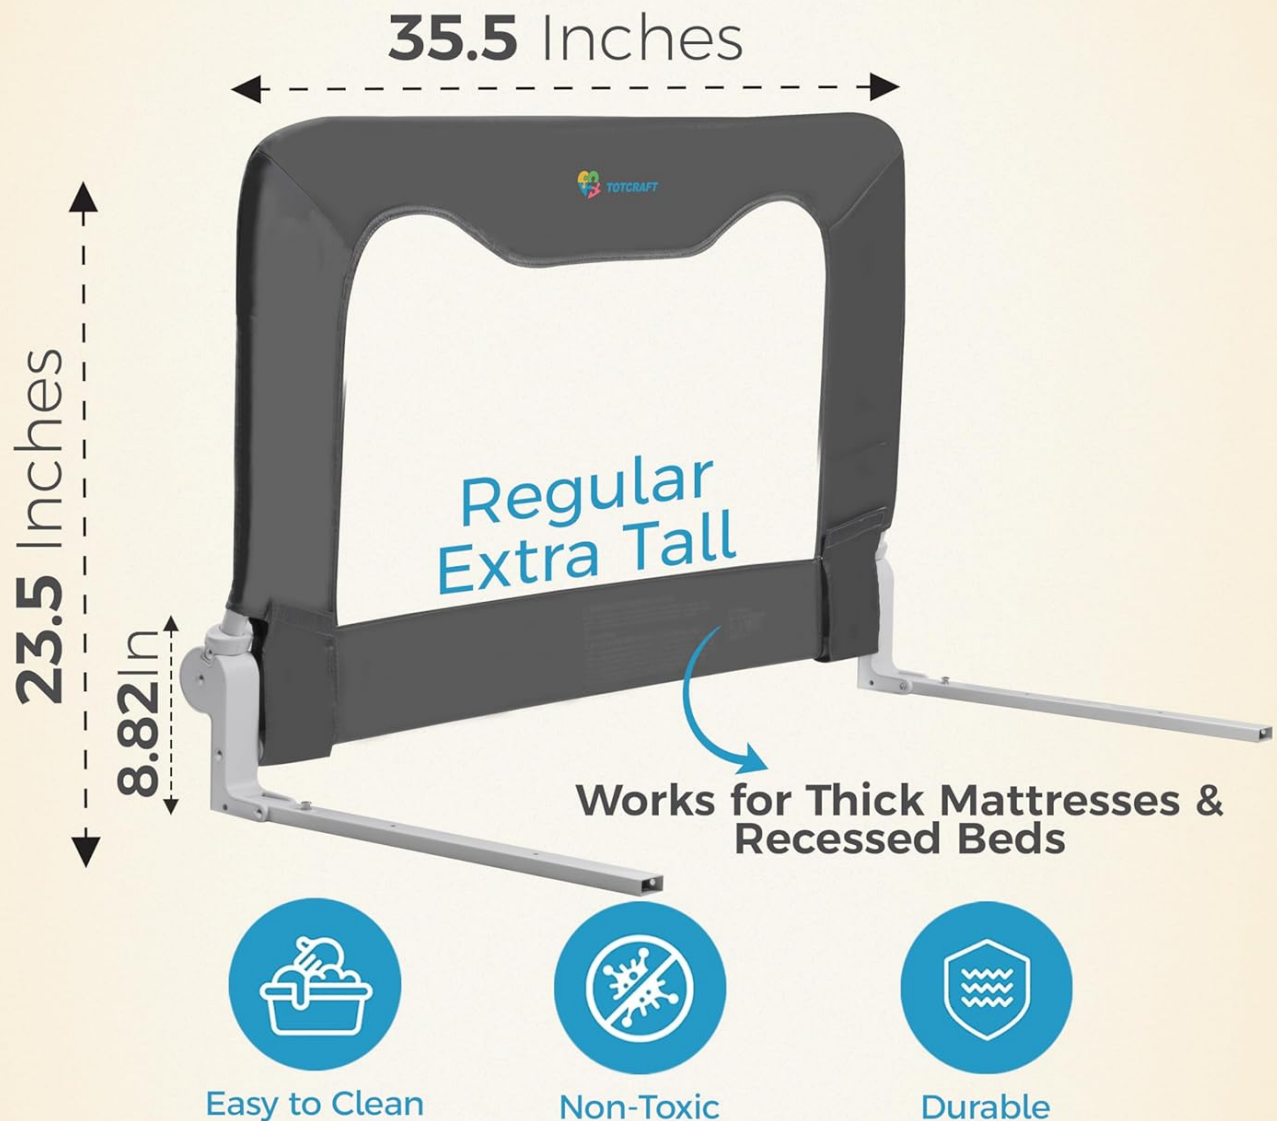

Problem	Possible Cause / Solution
Bed rail feels unstable or wobbly.	Loose Installation: Re-check all straps, ties, or screws. Ensure they are tightened securely according to your bed type. Incorrect Placement: Ensure the rail is flush against the mattress and there are no gaps.
Bed rail does not fold down easily.	Hinges Stuck: Check for any obstructions around the hinges. Apply a small amount of silicone lubricant if necessary (ensure it's child-safe). Improper Release: Ensure both release buttons/levers are fully engaged when attempting to fold.
Missing parts upon arrival.	Packaging Error: Carefully check all packaging materials. If parts are still missing, contact TotCraft customer support immediately for assistance.
