Casa Vieja 56K33

Casa Vieja 60" Province Ceiling Fan Instruction Manual

Model: 56K33 | Brand: Casa Vieja

Introduction

Thank you for purchasing the Casa Vieja 60" Province Modern Rustic Indoor Outdoor Ceiling Fan. This manual provides detailed instructions for the safe installation, operation, and maintenance of your new ceiling fan. Please read all instructions carefully before beginning installation and retain this manual for future reference. This fan is designed to provide efficient air circulation and lighting for both indoor and covered outdoor spaces.

Important Safety Instructions

To reduce the risk of fire, electric shock, or personal injury, please follow these guidelines:

- **Electrical Safety:** Always turn off power at the main circuit breaker or fuse box before beginning installation or performing any maintenance. Ensure all electrical connections comply with local codes and ordinances.
- **Mounting:** The fan must be mounted to a structurally sound outlet box or support system capable of supporting a minimum of 35 lbs (15.9 kg). Use only UL-listed outlet boxes marked "Acceptable for Fan Support."
- **Blade Clearance:** Ensure there is adequate clearance from the fan blades to any obstacles, including walls and furniture. A minimum of 7 feet (2.1 meters) from the floor to the blade trailing edge is recommended.
- **Damp Rating:** This fan is UL damp location listed, suitable for covered porches and patios. It is not suitable for locations with direct water exposure or humid climates with salt water exposure.
- **Proposition 65 Warning:** This product may expose you to chemicals known to the State of California to cause cancer or

birth defects or other reproductive harm.

Package Contents

Verify that all components listed below are included in your package:

- Fan Motor Assembly (Oil-brushed bronze finish)
- Five Reversible Dark Walnut/Medium Maple Finish Manufactured Wood Blades
- Light Kit with Opal Frosted Glass
- Two 9-watt LED Standard-Medium Base Replaceable Light Bulbs
- 6-inch Downrod
- Canopy and Mounting Hardware
- Hand-held Remote Control with On-Off Light Operation

Installation Guide

1. Pre-Installation

1. Turn off power at the circuit breaker.
2. Ensure the mounting location is suitable for fan support.
3. Gather necessary tools (screwdriver, wire strippers, ladder, etc.).

2. Mounting the Fan

1. Secure the mounting bracket to the outlet box.
2. Insert the downrod through the canopy and motor housing.
3. Carefully lift the fan assembly and hang it on the mounting bracket.

3. Wiring Connections

1. Connect the fan wires to the household electrical wires (Live, Neutral, Ground) according to the wiring diagram provided in the separate wiring instructions.
2. Ensure all connections are secure with wire nuts.

4. Attaching Blades

1. Attach each of the five blades to the motor housing using the provided screws.
2. Ensure blades are securely fastened.

Image: A close-up view of one of the dark walnut finish manufactured wood blades, highlighting its smooth surface and curved design.

5. Installing Light Kit

1. Connect the light kit wires to the fan motor wires.
2. Secure the light kit to the fan motor assembly.
3. Install the two 9-watt LED bulbs into the sockets.
4. Attach the opal frosted glass shade by twisting it into place.

Image: A detailed view of the fan's light kit, showing the opal frosted glass diffuser and the surrounding oil-rubbed bronze cage design.

6. Final Checks

1. Ensure all screws are tightened and connections are secure.
2. Restore power at the circuit breaker.

Operating Your Ceiling Fan

Your Casa Vieja Province ceiling fan is operated by a hand-held remote control.

Remote Control Functions

Image: The white hand-held remote control for the Casa Vieja ceiling fan, showing buttons for fan speed (HI, MED, LOW, OFF) and light control (LIGHT).

- **HI** / **MED** / **LOW:** Press these buttons to adjust the fan speed.
- **OFF:** Press to turn the fan off.
- **LIGHT:** Press to turn the light on or off.

For optimal performance, ensure the remote control has fresh batteries installed.

Care and Maintenance

Regular maintenance will ensure the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan. Do not use abrasive cleaners or solvents.
- **Blade Care:** Periodically check the blade screws for tightness. Loose blades can cause wobbling.
- **Light Bulbs:** Replace LED bulbs as needed with compatible 9-watt standard-medium base LED bulbs.
- **Electrical Connections:** Annually check all electrical connections for tightness.

Troubleshooting Guide

Refer to this table for common issues and their solutions:

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker; Verify all wire connections; Replace remote control batteries.
Fan wobbles	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Use a balancing kit (not included) to balance blades; Ensure mounting bracket is secure.
Light does not work	Loose wire connection in light kit; Faulty LED bulb; Remote control battery low.	Check light kit wiring; Replace LED bulbs; Replace remote control batteries.
Remote control not working	Low or dead batteries; Incorrect pairing.	Replace batteries; Refer to remote pairing instructions (if applicable, usually included with remote).

Product Specifications

Image: A visual representation of the ceiling fan with a clear indication of its 60-inch blade span.

Feature	Detail
Model Number	56K33
Blade Span	60 inches
Blade Pitch	14 degrees

Answered questions about this manual

How can I remove the frosted glass shade from my three-year-old Casa Vieja 56K33 Province ceiling fan if the entire mechanism twists with it?

According to the Casa Vieja 56K33 Province manual, the opal frosted glass shade is designed to be attached by twisting it into place. If the entire mechanism (the decorative wire cage and light kit...
