

Leifheit Power Mop 3-in-1

Leifheit Power Mop 3-in-1 Instruction Manual

Model: Power Mop 3-in-1 (Item Number 52105)

1. INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your Leifheit Power Mop 3-in-1. Designed for cleaning stubborn dirt on tiles and stone floors, this mop combines innovative features for efficient and back-friendly cleaning. Please read these instructions carefully before first use and retain them for future reference.

2. PRODUCT OVERVIEW AND COMPONENTS

The Leifheit Power Mop 3-in-1 features a unique combination of cleaning strips: **Power Scrub** strips for stubborn dirt, **Ultra Absorbent** outer strips made of 100% microfiber for high dirt absorption, and **Power Pick-Up** strips to collect dust and hair. The mop is equipped with a length-adjustable telescopic handle and a removable, washable mop head.

Included Components:

- Mop Head (with Power Scrub, Ultra Absorbent, and Power Pick-Up strips)
- Telescopic Handle (adjustable from 78 cm to 137 cm)

Figure 1: Close-up of the mop head, highlighting the Power Scrub, Ultra Absorbent, and Power Pick-Up strips.

3. SETUP

1. **Attaching the Mop Head:** Align the mop head with the telescopic handle. Twist the mop head clockwise onto the handle using the 'Italian' screw thread until securely fastened. Ensure a stable connection.
2. **Adjusting the Handle Length:** To adjust the handle, twist the locking mechanism on the telescopic handle counter-clockwise to loosen. Extend or retract the handle to your desired working height (between 78 cm and 137 cm). Twist the locking mechanism clockwise to secure the handle in place. This allows for back-friendly cleaning.

4. OPERATING INSTRUCTIONS

1. **Preparation:** Fill a suitable bucket (e.g., Leifheit bucket with sieve, sold separately) with water and your preferred floor cleaning solution. Ensure the mop head is clean before use.
2. **Mopping Technique:** Dip the mop head into the cleaning solution. If using a Leifheit bucket with sieve, press the mop head into the sieve to wring out excess water. Mop the floor in wavy lines to effectively cover large surfaces. The Power Scrub strips are designed to tackle stubborn dirt, while the Ultra Absorbent strips collect moisture and dirt, and the Power Pick-Up strips gather dust and hair.
3. **Recommended Surfaces:** This mop is specifically designed for use on tiles and stone floors.

5. MAINTENANCE AND CARE

1. **Removing the Mop Head:** After use, twist the mop head counter-clockwise to detach it from the telescopic handle.
2. **Washing the Mop Head:** The mop head is machine washable. Wash at 60°C (140°F). Do not use fabric softener, as it can reduce the microfiber's absorbency. Allow the mop head to air dry completely before reattaching or storing.
3. **Storage:** The telescopic handle features a practical hanging loop at its end. Store the mop by hanging it on a wall to save space and ensure proper drying of the mop head.
4. **Replacement Mop Heads:** Compatible Leifheit replacement mop heads include item numbers 52068, 52071, 52069, 52070, and 52066.

6. TROUBLESHOOTING

- **Issue: Mop head detaches during use.**
Solution: Ensure the mop head is securely twisted onto the handle using the 'Italian' screw thread. Tighten clockwise until firm.
- **Issue: Handle slides or does not stay at desired length.**
Solution: Ensure the telescopic handle's locking mechanism is fully tightened clockwise after adjusting the length.
- **Issue: Mop not cleaning effectively.**
Solution: Check if the mop head is clean. If heavily soiled, wash it according to the maintenance

instructions. Ensure you are using an appropriate cleaning solution for your floor type. For very stubborn dirt, apply more pressure with the Power Scrub strips.

7. SPECIFICATIONS

Brand	Leifheit
Model	Power Mop 3-in-1
Item Number	52105
Product Dimensions (L x W x H)	6.3" x 2.56" x 43.31" (16 cm x 6.5 cm x 110 cm)
Adjustable Handle Length	78 cm to 137 cm (30.7" to 53.9")
