CONTROLS AND CONNECTIONS

Front Panel

Image: The front of the Pembroke II radio, featuring a central color display, two large speaker grilles, and control knobs for volume and navigation.

The front panel features a clear color display, two integrated speakers, and intuitive controls:

- **Display Screen:** Shows current mode, station information, time, and menu options.
- **Volume Knob:** Rotate to adjust audio output level.
- **Navigation Knob:** Rotate to scroll through menus and press to select options.
- **Standby Button:** Toggles power on/off.
- **Mode Button:** Switches between different audio sources (Internet Radio, DAB, FM, Bluetooth, etc.).
- **Home Button:** Returns to the main menu.
- **Dimmer Button:** Adjusts display brightness.
- **Alarm Button:** Accesses alarm settings.
- **Sleep Button:** Sets sleep timer.
- **Fav Button:** Accesses favorite station presets.
- **OK Button:** Confirms selections.

Rear Panel

Image: The back of the Pembroke II radio, displaying the extendable telescopic antenna, power input (DC IN), Line Out, AUX IN, and USB port.

The rear panel provides essential connectivity options:

- **Telescopic Antenna:** Extend fully for optimal DAB/DAB+ and FM radio reception.
- **DC IN:** Connect the provided power adapter here.
- **LINE OUT:** Audio output for connecting to external amplifiers or speakers.
- **AUX IN:** Audio input for connecting external devices via a 3.5mm cable.
- **USB Port:** For USB playback of audio files and charging compatible devices.

SETUP

Power Connection

1. Connect the power adapter to the DC IN port on the rear of the radio.
2. Plug the power adapter into a wall socket.
3. Press the Standby button on the front panel or remote control to power on the unit.

Initial Setup (Wi-Fi and Time)

Upon first power-on, the radio will guide you through the initial setup wizard:

1. **Language Selection:** Use the Navigation knob to select your preferred language and press OK.
2. **Network Configuration:** The radio will scan for available Wi-Fi networks. Select your network from the list.
3. **Enter Password:** Use the Navigation knob to enter your Wi-Fi password. Press OK to confirm.
4. **Time and Date:** The radio can automatically set the time and date via the internet or DAB signal. You can also set it manually if preferred.
5. **Location:** Select your region for accurate local station listings.

Once connected to Wi-Fi, the radio will be ready to access Internet Radio and other online features.

OPERATING INSTRUCTIONS

Internet Radio

Access thousands of radio stations from around the world:

1. Press the Mode button until 'Internet Radio' is selected.
2. Use the Navigation knob to browse by location, genre, or search for specific stations.
3. Press OK to select a station and begin playback.

DAB/DAB+ Radio

Enjoy high-quality digital radio broadcasts:

1. Extend the telescopic antenna fully.
2. Press the Mode button until 'DAB Radio' is selected.
3. The radio will automatically scan for available DAB/DAB+ stations.
4. Use the Navigation knob to scroll through the station list and press OK to select.

FM Radio

Tune into traditional FM broadcasts:

1. Extend the telescopic antenna fully.
2. Press the Mode button until 'FM Radio' is selected.
3. Use the Navigation knob to manually tune or press and hold to auto-scan for the next available station.

Bluetooth Mode

Stream audio wirelessly from your Bluetooth-enabled devices:

1. Press the Mode button until 'Bluetooth' is selected. The radio will enter pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for 'Pembroke II'.
3. Select 'Pembroke II' to pair. Once connected, you can play audio from your device through the radio.

Spotify Connect

Control your Spotify music directly from the Spotify app:

1. Ensure your Pembroke II and the device running the Spotify app are on the same Wi-Fi network.
2. Open the Spotify app on your device.
3. Play a song and tap the 'Devices Available' icon (usually a speaker or computer icon).
4. Select 'Pembroke II' from the list of available devices.

USB Playback

Play audio files directly from a USB drive:

1. Insert a USB flash drive into the USB port on the rear of the radio.
2. Press the Mode button until 'USB' is selected.
3. Use the Navigation knob to browse folders and select audio files.

AUX-in

Connect external audio sources using a 3.5mm audio cable:

1. Connect one end of a 3.5mm audio cable to the AUX IN port on the rear of the radio.
2. Connect the other end to the headphone jack or audio output of your external device.
3. Press the Mode button until 'AUX In' is selected.

Alarm Clock

Set up to two independent alarms:

1. Press the Alarm button.
2. Use the Navigation knob to select Alarm 1 or Alarm 2 and press OK.
3. Follow the on-screen prompts to set the alarm time, source (buzzer, Internet Radio, DAB, FM), volume, and frequency (daily, once, weekends, weekdays).

Presets

Save your favorite stations for quick access:

- **To Save:** While listening to a station, press and hold the Fav button. Select a preset number (1-150) and press OK to save.
- **To Recall:** Press the Fav button. Use the Navigation knob to select a saved preset and press OK.

Remote Control and AirMusic App

Image: The Majority Pembroke II radio with its included remote control positioned in front.

The included remote control provides full functionality for operating the radio from a distance. Additionally, the AirMusic App (available for Android devices) allows you to control your radio via your smartphone, offering convenient navigation and selection of stations and modes.

MAINTENANCE

Cleaning

To maintain the appearance of your radio:

- Wipe the surface with a soft, dry cloth.
- Do not use abrasive cleaners, waxes, or solvents as they may damage the finish.
- Ensure the unit is unplugged before cleaning.

Storage

If storing the radio for an extended period:

- Unplug the power adapter.
- Store in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your Pembroke II radio, please refer to the following common problems and

solutions:

Problem	Possible Cause / Solution
No power / Unit does not turn on	Ensure the power adapter is securely connected to both the radio and the wall outlet. Try a different power outlet.
No sound	Check the volume level. Ensure the correct audio source (mode) is selected. If using AUX-in or Bluetooth, check the volume on the connected device.
Poor DAB/FM reception	Fully extend and adjust the telescopic antenna. Try repositioning the radio to a location with better signal. Perform a full scan for stations.
Internet Radio buffering or disconnecting	Ensure your Wi-Fi signal is strong and stable. Move the radio closer to your Wi-Fi router. Check your internet connection. Restart your router and the radio.
Bluetooth pairing issues	Ensure the radio is in Bluetooth mode and discoverable. Make sure Bluetooth is enabled on your device. Try unpairing and re-pairing the device.
Remote control not working	Check and replace the batteries in the remote control. Ensure there are no obstructions between the remote and the radio's sensor.

SPECIFICATIONS

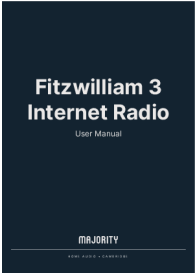

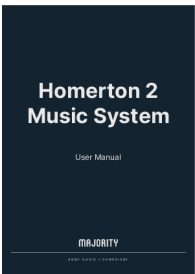

Feature	Detail
Model Name	Pembroke II
Tuner Technology	DAB, DAB+, FM, Internet Radio
Connectivity	Bluetooth, Wi-Fi, Auxiliary (3.5mm), USB
Special Features	Spotify Connect, Dual Alarm Clock, Presets, USB Charging
