### Kasa Smart HS103P3

## Kasa Smart Plug HS103P3 User Manual

Model: HS103P3 | Brand: Kasa Smart

### INTRODUCTION

The Kasa Smart Plug HS103P3 is designed to provide convenient control over your home electronic appliances. This smart plug allows you to manage devices such as lamps, fans, and humidifiers remotely via the Kasa app, or through voice commands using Amazon Alexa or Google Assistant. This manual provides detailed instructions for setup, operation, and maintenance of your Kasa Smart Plug.

## WHAT'S IN THE BOX

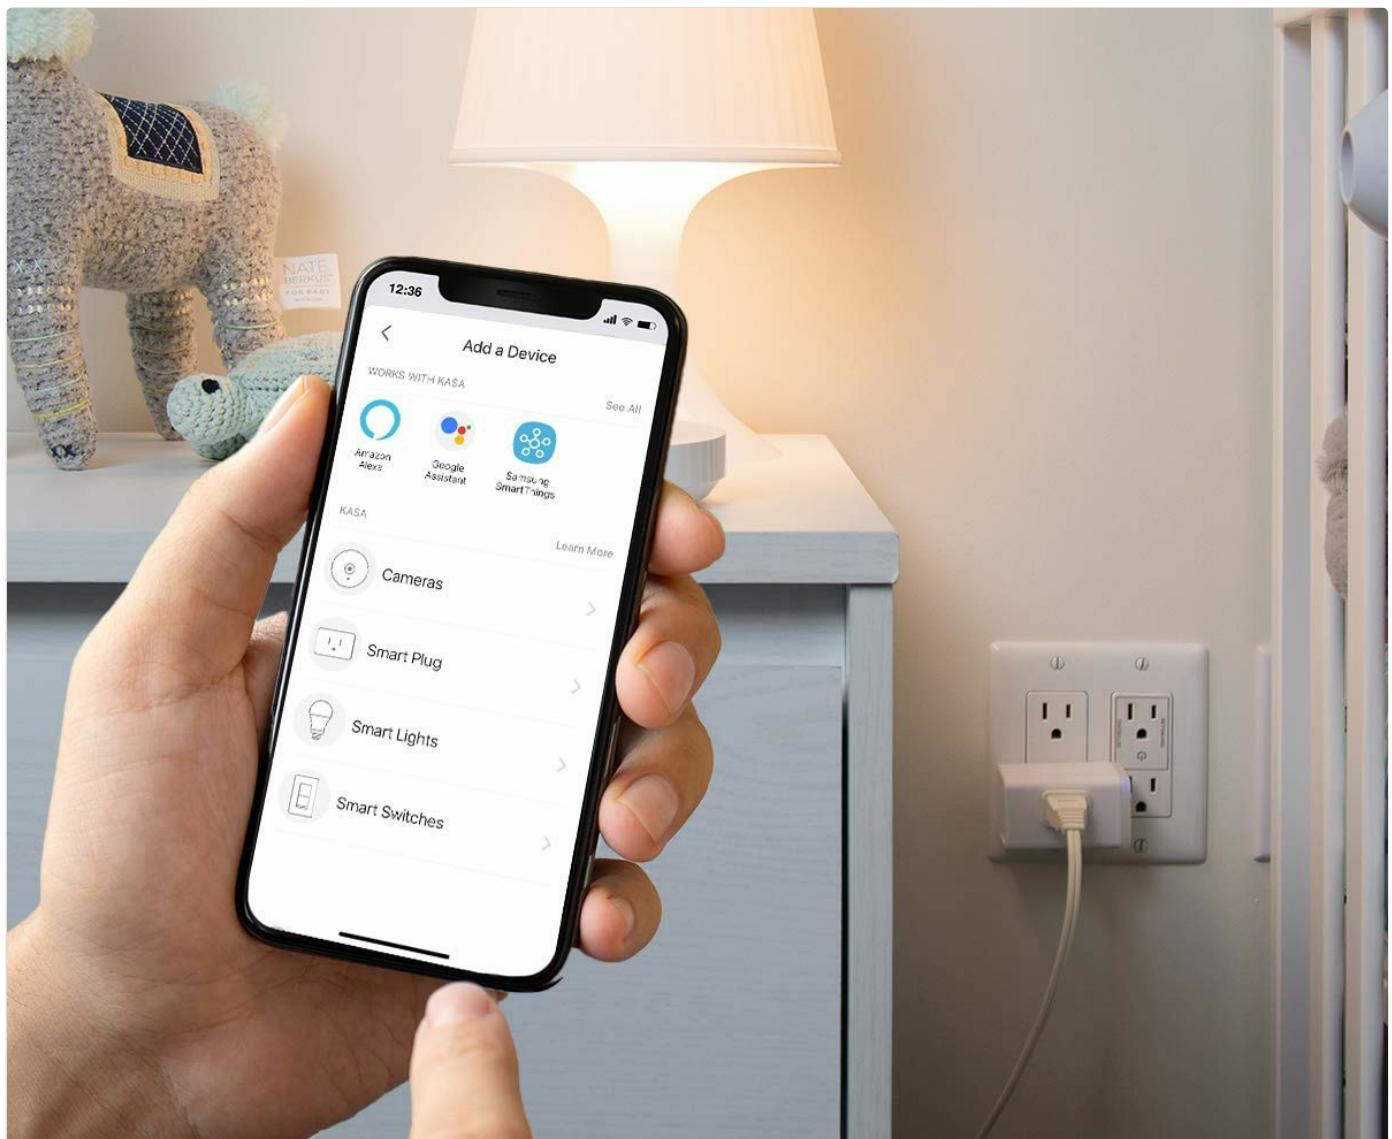

- HS103 Smart Wi-Fi Plug Lite (3 units)
- Quick Installation Guide

## SETUP

Setting up your Kasa Smart Plug is a straightforward process. A 2.4GHz Wi-Fi connection is required for operation. Follow these steps to get started:

1. Plug the Kasa Smart Plug into a standard wall outlet.
2. Download the Kasa Smart app from your device's app store (available for iOS and Android).
3. Open the Kasa app and create an account or log in.
4. Follow the in-app instructions to add your new smart plug. The app will guide you through connecting the plug to

your home Wi-Fi network.

## Setup Made Easy

Not only is the friendly Kasa app best-in-class, but it makes setup easier than ever with in-app instructions to help you get your plug set up in minutes.

The Kasa app provides step-by-step guidance to ensure a quick and easy installation process.

## OPERATING YOUR SMART PLUG

### Voice Control

The Kasa Smart Plug is compatible with Amazon Alexa and Google Assistant, allowing for hands-free control of your connected devices.

- Link your Kasa account to your Alexa or Google Home app.
- Use simple voice commands such as "Alexa, turn on the kitchen lights" or "Hey Google, set the dinner time scene."

# Voice Control

Add voice control to any outlet and use simple voice commands to turn on and off your connected devices.

## Remote Control via Kasa App

Control your electronic appliances from anywhere using the Kasa app on your smartphone. Whether you are at home, in the office, or on vacation, you can turn devices on or off remotely.

## Scheduling and Timer Functions

Utilize the scheduling and timer features within the Kasa app to automate your devices. Set your smart plug to automatically turn on or off at specific times, perfect for lamps, fans, humidifiers, or holiday lights.

## Manual On/Off Control

For local interaction, each smart plug features a physical button for manual on/off control.

## Advanced Features

The Kasa app also offers advanced features such as:

- **Away Mode:** Randomly turns devices on and off to simulate occupancy when you are away.
- **Grouping:** Control multiple Kasa devices simultaneously.
- **Smart Actions:** Create custom automations based on triggers like time, device status, or location.

## SPECIFICATIONS

Feature	Detail
Product Dimensions	1.5 x 1.6 x 2.6 inches; 9.17 ounces
Item Model Number	HS103P3
Operation Mode	Automatically, Off
Current Rating	15 Amps
Operating Voltage	120 Volts (AC)
Contact Type	Normally Open

Feature	Detail
Connector Type	Plug In
Brand	Kasa Smart
Terminal	Blade
Circuit Type	Parallel
Actuator Type	Push Button

## SAFETY INFORMATION

---

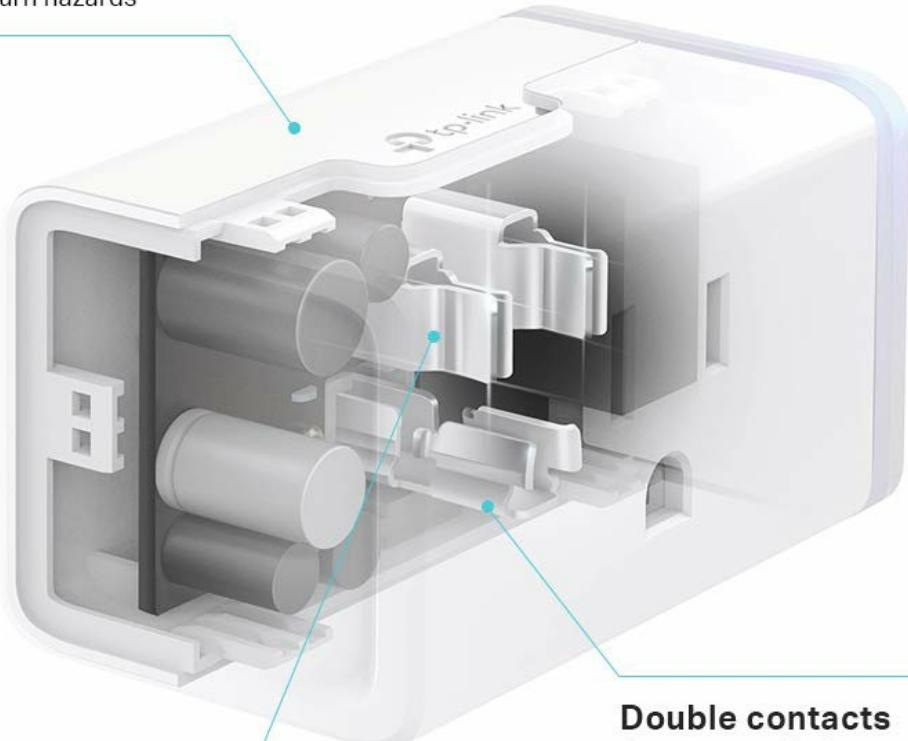

The Kasa Smart Plug HS103P3 is designed with safety in mind and is UL Certified for safe use.

- **UL Certified:** Ensures compliance with safety standards.
- **Flame-retardant Shell:** Constructed with V-0 rating PC material to minimize burn hazards.
- **Nickel Plated Phosphor Bronze Contacts:** Provides durable, anti-rust, and stable electrical connections.
- **Double Contacts for Ground Pin:** Designed to pinch the ground pin more effectively, reducing the risk of electric shock.

### Flame-retardant Shell

V-0 rating PC material helps minimize burn hazards

### Nickel plated phosphor bronze contacts

More durable, antirust, and stable connecting

### Double contacts for ground pin

One more contact to pinch the ground pin better to decrease the danger of electric shock

## TROUBLESHOOTING

If you encounter issues with your Kasa Smart Plug, consider the following common troubleshooting steps:

- Wi-Fi Connection:** Ensure your smart plug is within range of your 2.4GHz Wi-Fi router. If connection issues persist, try restarting your router and the smart plug.
- App Connectivity:** Verify that your Kasa app is updated to the latest version. If the plug is unresponsive in the app, try force-closing and reopening the app, or re-pairing the device if necessary.
- Power Cycle:** Unplug the smart plug from the outlet for 10 seconds, then plug it back in. This can resolve minor operational glitches.
- Voice Assistant Integration:** If voice commands are not working, check the connection between your Kasa account and your Alexa or Google Home app. Ensure the device name is recognized by the voice assistant.

For more detailed troubleshooting or persistent issues, refer to the official Kasa Smart support resources or contact customer service.

## WARRANTY AND SUPPORT

The Kasa Smart Plug HS103P3 comes with a **2-year warranty**, reflecting Kasa's commitment to quality and reliability. For product support, frequently asked questions, or to explore other Kasa Smart products, please visit the official Kasa Smart Store or support website.
