

HOT TOOLS HTDR5582

Hot Tools Pro Signature 1875W Folding Handle Hair Dryer

Model: HTDR5582 | Brand: HOT TOOLS

INTRODUCTION

The Hot Tools Pro Signature 1875W Folding Handle Hair Dryer is engineered for professional reliability, consistent results, and convenience. Featuring Direct IONIC TECHNOLOGY, it helps reduce frizz and promotes shiny, healthy-looking hair. Its powerful 1875-Watt motor ensures quick drying and styling. Designed for versatility, this compact and lightweight dryer with a folding handle and Universal Dual Voltage is ideal for both home use and travel.

IMPORTANT SAFETY INFORMATION

When using electrical appliances, especially when children are present, basic safety precautions should always be followed. Read all instructions before using this appliance.

- **DANGER:** As with most electrical appliances, electrical parts are electrically live even when the switch is off. To reduce the risk of death by electric shock:
 - Always unplug this appliance immediately after using.
 - Do not use while bathing or in a shower.
 - Do not place or store appliance where it can fall or be pulled into a tub or sink.
 - Do not place in or drop into water or other liquid.
 - If an appliance falls into water, unplug it immediately. Do not reach into the water.
- **WARNING:** To reduce the risk of burns, electrocution, fire, or injury to persons:
 - This appliance should never be left unattended when plugged in.
 - Close supervision is necessary when this appliance is used by, on, or near children or individuals with certain disabilities.

- Use this appliance only for its intended household use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, or if it has been dropped, damaged, or dropped into water.
- Keep the cord away from heated surfaces. Do not pull, twist, or wrap cord around the appliance.
- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.
- Never use while sleeping.
- Never drop or insert any object into any opening.
- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use an extension cord with this appliance.
- Do not direct hot air towards eyes or other heat-sensitive areas.
- Attachments may be hot during use. Allow them to cool before handling.
- Do not place appliance on any surface while it is operating.
- While using the appliance, keep your hair away from the air intake vents.

PRODUCT FEATURES

- **1875 Watts:** Provides powerful airflow for fast drying.
- **Direct IONIC TECHNOLOGY:** Helps reduce frizz and enhance shine.
- **2 Heat/Speed Settings:** Offers full styling versatility for various hair types.
- **Cold Shot Button:** Sets your style for a longer-lasting hold.
- **Folding Handle:** Compact and portable design, perfect for travel.
- **Universal Dual Voltage:** Allows for use while traveling internationally.
- **Hinged End Cap:** Facilitates easy filter cleaning for prolonged motor life.
- **Bonus Attachments:** Includes a concentrator for precise drying and a diffuser for enhancing natural curls and waves.
- **6ft. Swivel Cord:** Provides free range of movement for comfortable styling.

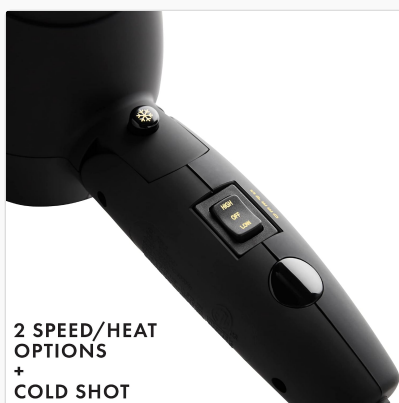

The Hot Tools Pro Signature 1875W Folding Handle Hair Dryer, shown with its included concentrator and diffuser attachments.

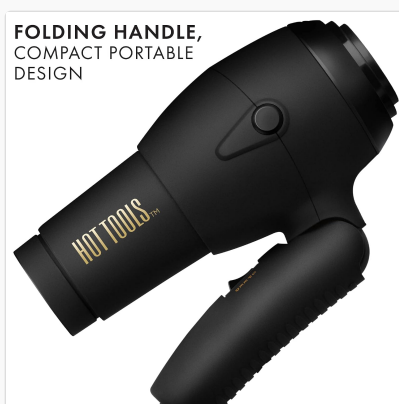

**PROFESSIONAL
HIGH-PERFORMANCE
DRYING**

Achieve professional high-performance drying results with ease.

**2 SPEED/HEAT
OPTIONS
+
COLD SHOT**

The dryer features convenient 2 speed/heat options and a cold shot button for setting styles.

**FOLDING HANDLE,
COMPACT PORTABLE
DESIGN**

The folding handle allows for a compact and portable design, ideal for travel.

SETUP

1. **Unpack:** Carefully remove the hair dryer and all accessories from the packaging. Ensure all components, including the concentrator and diffuser, are present.
2. **Familiarize:** Take a moment to familiarize yourself with the dryer's controls, including the heat/speed switch and the cold shot button.
3. **Voltage Selection (for international travel):** This dryer features Universal Dual Voltage. Locate the voltage selector switch, typically on the side of the dryer near the cord. Use a small tool (like a coin or screwdriver) to switch between 125V and 250V, depending on the electrical standard of your location. Ensure the correct voltage is selected before plugging in.
4. **Attach Accessories:** To attach the concentrator or diffuser, align the accessory with the nozzle of the dryer and push it firmly into place until it clicks securely. To remove, gently pull it off.

OPERATING INSTRUCTIONS

1. **Plug In:** Ensure the dryer is set to the correct voltage (if applicable) and plug it into a suitable electrical outlet.
2. **Select Heat/Speed:** Use the slide switch on the handle to select your desired heat and speed setting:
 - **OFF:** Turns the dryer off.
 - **LOW:** Gentle airflow with lower heat, ideal for delicate hair or precise styling.
 - **HIGH:** Strong airflow with higher heat, for fast drying and thicker hair.
3. **Cold Shot:** Press and hold the cold shot button (snowflake icon) to deliver a burst of cool air. This helps to set your hairstyle and add shine. Release the button to return to the selected heat setting.
4. **Styling with Attachments:**
 - **Concentrator:** Use for precise drying and styling, directing airflow to specific sections of hair. Ideal for straightening or smoothing.
 - **Diffuser:** Use to enhance natural curls and waves, adding volume and reducing frizz. Gently cup sections of hair with the diffuser and lift towards the scalp.
5. **After Use:** Once styling is complete, slide the switch to the OFF position and unplug the dryer from the electrical outlet. Allow the dryer and attachments to cool completely before storing.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your hair dryer.

1. **Cleaning the Air Filter:** Regularly clean the air filter to prevent lint and dust buildup, which can restrict airflow and cause overheating. The hinged end cap makes filter cleaning easy. Simply open the end cap, remove any accumulated lint or hair, and close it securely.
2. **Cleaning the Exterior:** Wipe the exterior of the dryer with a soft, damp cloth. Do not use abrasive cleaners or solvents.
3. **Storage:** Store the dryer in a cool, dry place when not in use. Do not wrap the cord tightly around the dryer, as this can damage the cord. The folding handle allows for compact storage.

TROUBLESHOOTING

If you encounter any issues with your hair dryer, refer to the following common problems and solutions:

- **Dryer does not turn on:**
 - Ensure the dryer is securely plugged into a working electrical outlet.
 - Check your household circuit breaker or fuse box.
 - Verify the voltage selector switch is set correctly for your region.
- **Low airflow or overheating:**
 - The air filter may be blocked with lint or hair. Unplug the dryer and clean the air filter as described in the Maintenance section.
 - Ensure the air intake and outlet vents are not obstructed during use.
- **Unusual noise or smell:**

- Immediately unplug the dryer. Discontinue use and contact customer support if the issue persists after cleaning the filter.

If the problem persists after trying these solutions, please contact Hot Tools customer support for assistance.

SPECIFICATIONS

Feature	Detail
Product Dimensions	3.6 x 7 x 10.2 inches
Weight	0.06 ounces (approx.)
