4. SETUP

1. **Unpack:** Carefully open the product packaging and remove all building bricks.
2. **Inspect:** Before play, inspect all pieces for any damage or manufacturing defects.
3. **Organize (Optional):** For easier access during building, consider sorting the bricks by color or size.
4. **Prepare Play Area:** Ensure a clean, flat, and stable surface for building to prevent loss of small pieces and facilitate construction.

5. OPERATING INSTRUCTIONS (CREATIVE PLAY)

The PANLOS building bricks are designed for open-ended creative play. There are no specific operating steps beyond assembling the bricks to form desired structures.

- **Connect Bricks:** Align the studs on one brick with the holes on another and press them together firmly until they connect.
- **Experiment:** Explore different combinations of colors and shapes to create unique designs.
- **Build Freely:** Construct anything from simple shapes to complex models, such as vehicles, buildings, or abstract art.
- **Combine with Other Sets:** Utilize the compatibility feature to integrate these bricks with other major building block brands for larger and more intricate creations.

7. TROUBLESHOOTING

Issue	Possible Cause	Solution
Bricks do not connect securely.	Incorrect alignment or debris in connection points.	Ensure studs and holes are properly aligned. Check for and remove any small particles obstructing the connection.
Bricks feel too loose or too tight with other brands.	Minor manufacturing variations between brands.	While designed for compatibility, slight variations can occur. Try different brick combinations or apply gentle pressure.
Missing pieces.	Packaging error or pieces misplaced during play.	Carefully check all packaging materials. If pieces are genuinely missing from a new set, contact customer support.
