Spy Tec GL300CatM1

Spy Tec Mini GPS Smart Tracker User Manual

Model: GL300CatM1

1. INTRODUCTION

The Spy Tec Mini GPS Smart Tracker is a compact and versatile device designed for real-time tracking of vehicles, assets, and individuals. Its small size and long battery life make it an ideal solution for various tracking needs, providing peace of mind through continuous monitoring and instant alerts.

2. WHAT'S IN THE BOX

Upon unboxing your Spy Tec Mini GPS Smart Tracker, you should find the following items:

- Mini Tracker
- Charging Cable

3. SETUP

To begin using your Spy Tec Mini GPS Smart Tracker, follow these steps:

1. **Charge the Device:** Connect the provided charging cable to the tracker and a suitable USB power source. Ensure the device is fully charged before first use.
2. **Download the App:** Download the official Spy Tec GPS application from your device's app store (available for iOS and Android).
3. **Activate the Device:** Open the app and follow the on-screen instructions to activate your tracker. This typically involves entering the device's unique ID and selecting a subscription plan.
4. **Placement:** For optimal performance, place the tracker in a location with a clear view of the sky, such as under a vehicle's seat or in a backpack. For covert tracking, consider a magnetic waterproof case (sold separately) for external vehicle placement.

4. OPERATING INSTRUCTIONS

The Spy Tec Mini GPS Smart Tracker provides comprehensive real-time tracking and monitoring capabilities through its intuitive mobile application.

4.1 Real-Time Tracking

Once activated, you can view the tracker's live location on a map within the app. The device offers 5-second updates, providing highly accurate and current location data.

4.2 Alerts and Notifications

Set up custom alerts to receive notifications directly to your smartphone, smartwatch, or email. Key alerts include:

- **Geo-fencing:** Receive alerts when the tracker enters or leaves a predefined boundary area.
- **Speed Notifications:** Get notified if the tracker exceeds a set speed limit.
- **Movement/Vibration Alerts:** Be informed of any unexpected movement or tampering.
- **Ignition On/Off:** For vehicle tracking, receive alerts when the ignition is turned on or off.
