› SCITOO Passenger Side Mirror Instruction Manual for Chevy Silverado/GMC Sierra (2007-2013)

SCITOO 117181-5206-1158035761

SCITOO Passenger Side Mirror Instruction Manual

Model: 117181-5206-1158035761

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your SCITOO passenger side mirror. This mirror is designed as a direct replacement for specific Chevrolet Silverado and GMC Sierra models from 2007 to 2013, offering features such as power adjustment, heating, turn signal indication, and power folding. Please read this manual thoroughly before installation and use to ensure proper function and safety.

2. PRODUCT FEATURES

The SCITOO passenger side mirror is equipped with several features to enhance your driving experience:

- **Power Adjustment:** Allows for easy adjustment of the mirror glass angle from inside the vehicle.
- **Heated Function:** Prevents fogging and melts ice on the mirror surface for clear visibility in adverse weather conditions.
- **Turn Signal Indicator:** Integrated LED turn signal lights warn other vehicles and pedestrians when the vehicle is turning.
- **Power Folding:** The mirror can be folded electrically to prevent damage in tight spaces or when parking.
- **Memory Function:** Retains preferred mirror positions for different drivers.
- **Puddle Light:** Illuminates the area under the mirror, assisting with visibility when entering or exiting the vehicle in low light.
- **Blind Spot Detection Assistance:** Provides visual cues to alert the driver of vehicles in the blind spot.

PRODUCT DETAILS

01

∞ • OEM Standard Paint

The painting on the mirror will keep in great status after long-time usage as we use the original car standard paints accumsan lacus vel facilisis.

02

∞ • Wiring Plug

The product interface is strong and durable, and it is very easy to use and operate. Because we have verified it many times to ensure its stability.

03

∞ • Stable Triangle Base

The use of high-quality raw materials allows you to have a safer and more stable feeling while driving your car.

4. COMPONENTS OVERVIEW

The SCITOO passenger side mirror assembly consists of several key components:

- **Mirror Glass:** The reflective surface, often with integrated heating elements and turn signal LEDs.
- **Cover:** The outer casing that protects internal components.
- **Adjustment Mirror Mechanism:** Internal motors and gears for power adjustment.
- **Heated Defrost Function:** Electrical elements behind the mirror glass.
- **Lens with LED Turn Signal Light:** Integrated into the mirror glass.

- **Triangular Stable Base:** The mounting base that attaches to the vehicle door.
- **Wiring Plug:** Connects the mirror's electrical functions to the vehicle's wiring harness.

5. INSTALLATION INSTRUCTIONS

Proper installation is crucial for the correct function and safety of your new mirror. It is recommended to consult your vehicle's specific shop manual for detailed instructions or seek assistance from a qualified mechanic if you are unsure about the process.

General Installation Steps:

1. **Remove Side Mirror Trim Panel:** Carefully remove the interior trim panel covering the mirror mounting area on the door.

- 2. **Take Down the Door Panel:** Access the mirror's mounting bolts and electrical connector by removing the main door panel.
- 3. **Take Down the Old Mirror:** Disconnect the electrical connector and unbolt the old mirror from the door frame.
- 4. **Installing the New Mirror:** Position the new SCITOO mirror, connect the electrical plug, and secure it with the mounting bolts.
- 5. **Reinstalling the Door Panel:** Reattach the door panel and trim, ensuring all clips and screws are properly secured.
- 6. **Installation Completed:** Test all mirror functions (power adjustment, heat, turn signal, folding, memory) before driving.

Attention:

Please use the appropriate shop manual for your vehicle to obtain specific instructions. If you do not have an installation manual or enough skills to install this part, it is recommended that you seek help from a qualified mechanic.

6. OPERATING INSTRUCTIONS

Once installed, operate your SCITOO passenger side mirror using the vehicle's existing controls.

Mirror Adjustment:

Use the joystick or directional buttons on your vehicle's door panel to adjust the mirror glass to your desired viewing angle. Ensure the mirror provides a clear view of the area behind and to the side of your vehicle.

Heated Function:

The heated mirror function typically activates automatically with the rear defroster or via a dedicated button on your vehicle's dashboard. Refer to your vehicle's owner's manual for specific activation methods.

Turn Signal Indicator:

The integrated turn signal lights will flash in conjunction with your vehicle's main turn signals when activated, providing additional visibility to other road users.

Power Folding:

If your vehicle is equipped with power folding mirror controls, use the designated button to fold the mirror inward when parking or navigating narrow spaces. This protects the mirror from potential damage.

Memory Function:

If your vehicle supports mirror memory functions, consult your vehicle's owner's manual to program and recall preferred mirror positions.

7. MAINTENANCE

To ensure the longevity and optimal performance of your SCITOO passenger side mirror, follow these maintenance guidelines:

- **Regular Cleaning:** Clean the mirror glass and housing regularly with a soft cloth and mild glass cleaner. Avoid abrasive cleaners or harsh chemicals that could damage the finish or mirror coating.
- **Inspect for Damage:** Periodically check the mirror for any cracks, loose components, or signs of wear. Address any issues promptly to prevent further damage.
- **Electrical Connections:** Ensure the electrical connections remain secure and free from corrosion.
- **Avoid Forceful Impact:** While the mirror is designed to be durable, avoid forceful impacts that could damage the internal mechanisms or housing.

8. TROUBLESHOOTING

If you encounter issues with your SCITOO passenger side mirror, consider the following troubleshooting steps:

- **Mirror Not Adjusting:**
 - Check the electrical connection to the mirror.
 - Verify that the vehicle's mirror adjustment fuse is intact.
 - Ensure the vehicle's ignition is on.
- **Heated Function Not Working:**
 - Confirm the rear defroster or heated mirror function is activated.
 - Check the relevant fuse in your vehicle's fuse box.
- **Turn Signal Not Flashing:**
 - Check the vehicle's turn signal fuse.

- Inspect the wiring connection to the mirror.

- **Mirror Vibrates Excessively:**

- Ensure the mirror is securely mounted to the door.
- Check for any loose components within the mirror housing.

If these steps do not resolve the issue, it is recommended to consult a qualified automotive technician.

9. SPECIFICATIONS

Feature	Specification
Brand	SCITOO
Model Number	117181-5206-1158035761
Auto Part Position	Right Outer (Passenger Side)
Item Dimensions (L x W x H)	16.46 x 12.17 x 7.48 inches
Item Weight	6.29 pounds (2.86 Kilograms)
Material	Acrylonitrile Butadiene Styrene (ABS)
Mounting Type	Door Mount
Mirror Adjustment	Power adjustment
Mirror Lighting Type	Turn Signal Indicator
Lift Type	Power, Manual Folding
Voltage	12 Volts
Lens Curvature Description	Convex
OEM Part Number	15150849, 955-305

10. WARRANTY AND SUPPORT

SCITOO products are designed for quality and reliability. For specific warranty information, please refer to the documentation included with your purchase or contact SCITOO customer support directly. In general, products may be eligible for a refund or replacement within 30 days of purchase, subject to the seller's return policy. For technical assistance or further inquiries, please visit the official SCITOO website or contact their customer service department.
