# Y1 Bluetooth Smartwatch User Manual

Model: Y1

## INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Y1 Bluetooth Smartwatch. Please read this manual carefully before using the device to ensure proper functionality and to maximize your user experience. The Y1 Smartwatch is designed to integrate seamlessly with your mobile lifestyle, offering communication, fitness tracking, and entertainment features.

## PRODUCT OVERVIEW

The Y1 Smartwatch features a round touch screen and offers a range of functionalities including phone calls, messaging, music playback, and health monitoring. It is compatible with both iOS and Android smartphones.

**Figure 1:** Y1 Bluetooth Smartwatch. The image displays the watch face with current time, date, and step count, highlighting its round design and black strap.

### Key Features:

- GSM Quad-band Connectivity (850/900/1800/1900 MHz)
- Bluetooth 3.0 for hands-free calls and music playback
- Local SMS and Bluetooth SMS sync (Android only)
- MP3 Music Player
- Pedometer, Calorie Counter, Sports Mileage Records
- Sedentary Reminder, Sleep Monitor
- Remote Camera Control
- Alarm Clock, Calendar, Notification Reminder, Time Sync
- Two-way Anti-loss function

### SETUP

#### 1. Inserting SIM Card and TF Card (Optional)

1. Carefully remove the back cover of the smartwatch.

2. Insert a single GSM SIM card into the designated slot.
3. If desired, insert a TF (MicroSD) card (up to 16GB) into its slot for expanded storage.
4. Replace the back cover securely.

## 2. Charging the Device

- Connect the provided USB charging cable to the Mini USB 5pin port on the smartwatch.
- Connect the other end of the cable to a USB power adapter or a computer's USB port.
- The watch will display a charging indicator. Ensure the device is fully charged before first use. Charging time is approximately 2-3 hours.

## 3. Power On/Off

- To power on: Press and hold the power button until the screen lights up.
- To power off: Press and hold the power button, then select "Power Off" on the screen.

## 4. Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. On the smartwatch, navigate to the Bluetooth settings and enable visibility.
3. On your smartphone, search for available Bluetooth devices and select "Y1 Smartwatch".
4. Confirm the pairing request on both devices.
5. For Android users, download and install the companion application (if available, refer to the watch's QR code or manual for app details) to enable full synchronization features like SMS and push notifications.

## OPERATING INSTRUCTIONS

---

### Basic Navigation

- **Touch Screen:** Swipe left/right to navigate between menus. Tap to select an icon or option.
- **Power Button:** Short press to return to the home screen or wake the screen. Long press for power on/off options.

### Phone Functions

- **Making Calls:** Use the dialer on the watch or access your synced phonebook (Android only) to make calls.
- **Answering Calls:** When a call comes in, tap the green answer icon on the watch screen.
- **SMS:** Send and receive local SMS messages (with SIM card) or sync with your Android phone for SMS notifications.

### Media Playback

- **MP3 Player:** Play music stored on the TF card.
- **Bluetooth Music:** Control music playback on your paired smartphone.

### Health and Fitness Tracking

- **Pedometer:** Tracks your steps, distance, and calories burned. Activate from the main menu.
- **Sedentary Reminder:** Set reminders to move after periods of inactivity.
- **Sleep Monitor:** Monitors your sleep patterns. Wear the watch during sleep for data collection.

### Notifications

- Receive push notifications from various applications like QQ, WeChat, and Twitter (Android only, requires companion app).

## Remote Camera (Android Only)

- Control your smartphone's camera remotely from the smartwatch. Open the camera app on your phone first.

## Anti-Loss Function

- The two-way anti-loss feature alerts you if your watch and phone move too far apart. You can also use the watch to find your phone or vice-versa.

USB Port	Mini USB 5pin
Dimensions	40.5 x 45.5 x 13 mm
Weight	80 grams
Gravity Sensor	Supported
Operating Systems	iOS, Android (full sync features for Android only)

## MAINTENANCE

- Keep the smartwatch clean by wiping it with a soft, dry cloth.
- Avoid exposing the device to extreme temperatures, direct sunlight, or excessive moisture.
- Do not attempt to disassemble or repair the device yourself, as this will void the warranty and may cause damage.
- Charge the battery regularly, even if the watch is not in use, to maintain battery health.

## TROUBLESHOOTING

Problem	Possible Solution
<b>Watch does not power on</b>	Ensure the battery is charged. Connect to charger and try again.
<b>Cannot pair with phone</b>	<ul style="list-style-type: none"> <li>◦ Ensure Bluetooth is enabled on both devices and they are within range.</li> <li>◦ Restart both the watch and the phone.</li> <li>◦ Check if the watch is visible in Bluetooth settings.</li> </ul>
