## Onforu BDBC75-3

# Onforu BDBC75-3 75W LED Outdoor Flood Light Instruction Manual

Model: BDBC75-3 | Brand: Onforu

## 1. SAFETY INFORMATION

Please read all safety instructions carefully before installation and operation. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- Ensure power is turned off at the circuit breaker before installation or servicing.
- Installation should be performed by a qualified electrician if you are unsure about electrical wiring.
- Do not look directly into the LED light when it is illuminated, as this may cause eye damage.
- Verify that the supply voltage is compatible with the fixture's requirements (120 Volts).
- All wiring connections must be made in accordance with local and national electrical codes.

## 2. PRODUCT OVERVIEW

The Onforu BDBC75-3 is a 75W LED outdoor flood light designed for various exterior applications. It features three adjustable light heads, providing 7000 lumens of 6500K daylight white illumination. The fixture is IP65 waterproof, ensuring durability in outdoor conditions.

Figure 2.2: Exploded view of the flood light components, highlighting the energy-saving LED beads and fin heat dissipation design.

### 3. SETUP AND INSTALLATION

The Onforu BDBC75-3 flood light is designed for easy installation on walls or eaves. It requires hardwired

electrical connection.

### 3.1 Mounting Options

- **Wall Mount:** Securely attach the fixture to a vertical wall surface.
- **Eave Mount:** Install the fixture underneath an eave for downward illumination.

Figure 3.1: Illustration of wall-mounted and soffit-mounted installation methods for the flood light.

### 3.2 Wiring Instructions

1. Turn off power at the circuit breaker.
2. Attach the mounting bracket to the junction box (not included) using appropriate screws.
3. Connect the fixture's wires to your household wiring:
  - Black wire (Live) to Black wire (Live)
  - White wire (Neutral) to White wire (Neutral)
  - Green wire (Ground) to Green or bare copper wire (Ground)
4. Secure the fixture base to the mounting bracket.
5. Ensure all connections are tight and secure.
6. Restore power at the circuit breaker.

## 4. OPERATING INSTRUCTIONS

The Onforu BDBC75-3 flood light is designed for simple, switch-controlled operation.

### 4.1 Powering On/Off

This flood light is controlled by a standard wall switch. There is no motion sensor, solar power, or dusk-to-dawn functionality built into this model. Simply toggle the connected wall switch to turn the light on or off.

# Manual Switch Control

Figure 4.1: The flood light is operated via a manual wall switch.

## 4.2 Adjusting Light Heads

The three light heads are independently adjustable, allowing you to direct illumination precisely where needed. Each head can be swiveled and tilted to achieve a wide 270° luminescence angle.

# Adjustable Light Head

Can be soffit mounted

Figure 4.2: The adjustable light heads offer flexibility in directing light.

## 5. MAINTENANCE

The Onforu BDBC75-3 flood light is designed for minimal maintenance due to its durable construction and IP65 waterproof rating.

- **Cleaning:** Periodically wipe the light heads with a soft, damp cloth to remove dirt and debris. Do not use abrasive cleaners.
- **Inspection:** Regularly check the fixture for any signs of damage, loose connections, or wear. Address any issues promptly.
- **Waterproof Rating:** The IP65 rating ensures protection against dust and water jets. However, avoid submerging the fixture in water.

## 6. TROUBLESHOOTING

---

If you encounter issues with your Onforu BDBC75-3 flood light, refer to the following common troubleshooting steps:

- **Light Not Turning On:**
  - Check the circuit breaker to ensure power is supplied to the fixture.
  - Verify that the wall switch is in the "ON" position.
  - Inspect wiring connections for any looseness or damage (ensure power is off before inspection).
- **Partial Illumination (Some LEDs Not Working):**
  - This may indicate a component failure. Contact customer support for assistance.
- **Flickering Light:**
  - Check for loose wiring connections.
  - Ensure the voltage supply is stable and within the specified range.

For issues not covered here, or if troubleshooting steps do not resolve the problem, please contact Onforu

customer support.

## 7. SPECIFICATIONS

Feature	Detail
Brand	Onforu
Model Name	BDBC75-3
Wattage	75 watts
Brightness	7000 Lumen
Color Temperature	6500 Kelvin (Daylight White)
Light Source Type	LED (112 efficient LED beads)
Material	Aluminum
Water Resistance Level	IP65 Waterproof
Control Method	Switch Controlled
Adjustable Heads	3 light heads, 270° adjustable angle
Power Source	Corded Electric
Voltage	120 Volts
Product Dimensions	10" L x 5" W x 4" H
Item Weight	1.7 pounds
Installation Type	Wall Mount, Eave Mount
Number of Items	2 (as a 2-pack)

## 8. WARRANTY AND SUPPORT

For warranty information or technical support regarding your Onforu BDBC75-3 flood light, please refer to the contact details provided with your product packaging or visit the official Onforu website. Ensure you have your model number (BDBC75-3) and purchase details available when contacting support.

Onforu is committed to providing quality products and customer satisfaction. If you experience any issues, their support team is available to assist you.
