1. Important Safety Instructions

Please read these instructions carefully before installation and use. Keep this manual for future reference.

- **Electrical Safety:** Installation must be performed by a qualified electrician or a person with appropriate electrical knowledge. Always disconnect the main power supply before installation, maintenance, or repair.
- **Voltage:** Ensure the supply voltage matches the light fixture's requirements (230 Volts).

- **Environment:** This product is designed for indoor use only (IP20 rating). Do not expose to moisture or extreme temperatures.
- **Handling:** Handle the light fixture with care to avoid damage to the integrated LED components.
- **Cleaning:** Only clean with a dry, soft cloth. Do not use abrasive cleaners or solvents.

2. Package Contents

Verify that all components are present and undamaged before proceeding with installation.

- Leuchten Direkt VALERIE 15341-55 LED Ceiling Light (with integrated LED bulbs)
- Mounting hardware (screws, wall plugs)
- Instruction Manual

3. Setup and Installation

Follow these steps for safe and correct installation. If you are unsure, consult a qualified electrician.

1. **Preparation:**
    - Turn off the main power supply at the circuit breaker before starting any electrical work.
    - Ensure the installation surface is clean, dry, and capable of supporting the light fixture's weight (545g).
    - Gather necessary tools: screwdriver, drill, wire strippers, voltage tester.
2. **Mounting the Bracket:**

    Typically, ceiling lights come with a mounting bracket. Position the bracket on the ceiling where the light is to be installed. Mark the drilling points. Drill holes and insert wall plugs if necessary. Secure the mounting bracket to the ceiling using the provided screws.

    

    Image: Angled view of the VALERIE 15341-55 LED Ceiling Light, showing its curved design and central mounting base.
3. **Electrical Connection:**
    - Carefully connect the household electrical wires to the light fixture's terminals. Ensure correct polarity (Live, Neutral, Earth). Refer to the wiring diagram if provided with the product.

- Double-check all connections for security and proper insulation.

4. **Attaching the Light Fixture:**

   Align the light fixture with the mounting bracket and secure it using the screws or locking mechanism. Ensure the fixture is firmly attached to the ceiling.

5. **Final Check:**

   Once installed, restore power at the circuit breaker and test the light fixture.

4. Operating Instructions

The Leuchten Direkt VALERIE 15341-55 LED Ceiling Light operates via a standard wall switch.

- **Turning On/Off:** Use the wall switch connected to the light fixture to turn the light on or off.
- **Light Output:** The integrated LED bulbs provide a warm white light at 3000K with a luminous flux of 920 lumens.

5. Maintenance

Regular maintenance ensures the longevity and optimal performance of your light fixture.

- **Cleaning:** Disconnect power before cleaning. Wipe the fixture with a soft, dry, lint-free cloth. Do not use liquid or abrasive cleaners, as they may damage the finish or electrical components.
- **LED Replacement:** The LED bulbs are integrated and not user-replaceable. If the LEDs fail, the entire fixture may need to be replaced.

6. Troubleshooting

If you encounter issues with your light fixture, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	◦ No power supply. ◦ Loose electrical connection. ◦ Faulty wall switch.	◦ Check the circuit breaker and ensure power is restored. ◦ Verify all electrical connections are secure (ensure power is off before checking). ◦ Test the wall switch or consult an electrician.
Light flickers.	◦ Loose wiring. ◦ Incompatible dimmer switch (this fixture is not specified as dimmable).	◦ Check electrical connections (power off). ◦ Ensure a standard ON/OFF switch is used, not a dimmer.

If the problem persists after attempting these solutions, contact customer support or a qualified electrician.

7. Specifications

Brand	LeuchtenDirekt
Model Number	15341-55
Material	Iron
Color	Silver
Dimensions (L x W x H)	40 x 14 x 40 cm
Weight	545 g
Number of Bulbs	3 (integrated LED)
Bulb Type	LED
Color Temperature	3000 K (Warm White)
Luminous Flux	920 lm
Power Consumption	12 Watts
Voltage	230 Volts
Energy Efficiency Class	E
Ingress Protection (IP) Rating	IP20 (Indoor use only)
Installation Type	Ceiling mounting

Style	Modern
Recommended Room	Living room

8. Warranty and Support

Leuchten Direkt products are manufactured with quality and durability in mind. For information regarding the manufacturer's warranty, please refer to the terms and conditions provided at the point of purchase or contact Leuchten Direkt customer service.
