Image: Angled view of the muvit iO Luxe Electro Smartwatch, highlighting the watch case and the magnetic clasp of the mesh strap.

Image: A black silicone watch strap with a silver buckle, provided as an alternative to the mesh strap.

Setup

1. Charging the Smartwatch

Before initial use, fully charge your smartwatch. Connect the charging cable to the charging port on the back of the watch and plug the USB end into a compatible power source (AC/DC adapter or computer USB port). The watch display will indicate charging status. A full charge typically takes approximately 2 hours.

2. Strap Installation

Your smartwatch comes with two interchangeable straps: an aluminum mesh strap and a silicone strap. To attach a strap, align the spring bar pins with the lug holes on the watch case and slide the pin into place. Ensure both ends of the spring bar are securely seated.

3. Pairing with Your Device

1. Download the official muvit iO application from your smartphone's app store.
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the muvit iO app and follow the on-screen instructions to create an account or log in.
4. Select 'Add Device' or a similar option within the app and choose your smartwatch from the list of available devices.
5. Confirm the pairing request on both your smartphone and the smartwatch if prompted.

Operating Instructions

Basic Navigation

The smartwatch features a digital display and a side button for interaction. Swipe left, right, up, or down on the screen to navigate through different functions and menus. Press the side button to return to the main watch face or to power on/off the device (long press).

Activity Tracking

The smartwatch automatically tracks your daily steps, distance traveled, and calories burned. Access the activity tracking interface on the watch or through the connected app to view your progress and historical data.

Health Monitoring

- **Heart Rate:** The watch continuously monitors your heart rate. View real-time data on the watch or detailed graphs in the app.
- **ECG (Electrocardiogram):** The smartwatch supports ECG measurements. Follow the instructions on the watch screen to take an ECG reading. Ensure proper contact with your skin for accurate results.

Notifications

Once paired with your smartphone, the smartwatch can display notifications for incoming calls, messages, and app alerts. Configure notification settings within the muvit iO application.

Alarm Function

Set alarms directly on the smartwatch or through the companion app. The watch will vibrate to alert you at the set time.

Water Resistance

The muvit iO Luxe Electro Smartwatch is water-resistant. It is suitable for daily use and can withstand splashes, rain, and brief immersion. However, it is not recommended for swimming, diving, or exposure to hot water or steam.

Maintenance

Cleaning

Regularly clean your smartwatch and straps. Use a soft, damp cloth to wipe the watch face and case. For the straps, use mild soap and water if necessary, then rinse thoroughly and dry completely before reattaching. Avoid harsh chemicals or abrasive materials.

Battery Care

To prolong battery life, avoid fully discharging the battery frequently. Charge the device when the battery level is low. Store the watch in a cool, dry place if not used for extended periods, ensuring it has at least a 50% charge.

Storage

When not in use, store the smartwatch in a safe place away from direct sunlight, extreme temperatures, and moisture. Keep it out of reach of children and pets.

Troubleshooting

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with smartphone:** Check if Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again. Ensure the muvit iO app is updated to the latest version.
- **Inaccurate readings:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors on the back of the watch.
- **Notifications not appearing:** Verify notification permissions are granted to the muvit iO app in your phone's settings. Check app settings for specific notification preferences.

Specifications

Brand	muvit iO
Model Number	8426801154872
Product Name	muvit iO Luxe Electro Smartwatch
Dimensions	10 x 10 x 10 cm
Weight	2 kg
Battery Type	1 Lithium Ion (required)
Battery Composition	Lithium
