N-Gear NGS828-BT

N-Gear NGS828-BT Karaoke System User Manual

Model: NGS828-BT / EKS828/9-BT

INTRODUCTION

This manual provides essential information for the safe and effective operation of your N-Gear NGS828-BT Karaoke System. Please read it thoroughly before use and retain it for future reference.

The N-Gear NGS828-BT karaoke system is designed to provide an immersive entertainment experience. It features two integrated speakers with a total power output of 30 watts, mounted on a sturdy stand that includes an integrated lighting system. The system comes complete with two wired microphones, allowing for duets and interactive performances. Music playback is versatile, supporting connections via Bluetooth, auxiliary audio input, or directly from a USB flash drive. A unique feature of this system is the ability to record your vocal performances directly onto a USB stick. Enhance your party atmosphere with two distinct light animations: one integrated into the stand and the second on the main unit, creating a dynamic disco-style effect. The system also offers convenient controls for microphone volume and an echo function to add professional vocal effects.

SAFETY INFORMATION

- Ensure the power adapter is compatible with your local power supply.
- Do not expose the unit to rain or moisture to prevent electric shock.
- Keep the unit away from heat sources, direct sunlight, and excessive dust.
- Do not block ventilation openings.
- Only use attachments/accessories specified by the manufacturer.
- Unplug the unit during lightning storms or when unused for long periods.
- Refer all servicing to qualified service personnel.

PACKAGE CONTENTS

Please check that all items are present and in good condition:

- N-Gear NGS828-BT Karaoke System Main Unit
- Karaoke System Stand
- 2 x Wired Microphones
- Power Adapter (Cable included)
- User Manual (This document)

PRODUCT FEATURES

- **Integrated Stereo Speakers:** Two speakers with 30W total power output.
- **Dual Microphone Inputs:** Comes with two wired microphones for duets.
- **Versatile Connectivity:** Bluetooth for wireless streaming, Auxiliary input, and USB port for MP3 playback.
- **Recording Function:** Record your vocal performances directly to a USB stick.
- **Dynamic Light Shows:** Integrated LED lights on the stand and a disco-style light on the main unit.
- **Vocal Effects:** Adjustable microphone volume and echo function.
- **LED Display:** For easy navigation and status indication.

2 Microphones
Perfect Duets with a friend!

2 Speakers
Stereo Sound!

120W PMPO
Room Filling Sound!

SETUP GUIDE

1. **Assemble the Stand:** Carefully attach the main unit to the stand base. Ensure all connections are secure.
2. **Connect Microphones:** Plug the two wired microphones into the designated microphone input jacks on the main unit.
3. **Power Connection:** Connect the power adapter to the DC input port on the unit, then plug the adapter into a suitable power outlet.
4. **Initial Power On:** Press the Power button to turn on the system. The LED display should illuminate.

OPERATING INSTRUCTIONS

1. Power On/Off

Press the **Power** button located on the control panel to turn the system on or off.

2. Mode Selection

Use the **Mode** button to switch between available input sources: Bluetooth, Auxiliary (AUX), and USB.

3. Bluetooth Connection

1. Select **Bluetooth** mode using the Mode button. The LED display will show "BT" and a pairing indicator will flash.
2. On your mobile device (phone, tablet, computer, laptop), enable Bluetooth and search for available devices.
3. Select "**N-Gear Karaoke**" or similar from the list.
4. Once connected, the pairing indicator will stop flashing, and you can play music from your device wirelessly.

Image: Diagram illustrating various devices (phone, tablet, computer, laptop) that can connect to the karaoke system via Bluetooth for wireless music streaming.

4. USB Playback and Recording

1. Insert a USB flash drive into the USB port.
2. Select **USB** mode using the Mode button. The system will automatically detect and play compatible audio files (e.g., MP3).
3. Use the **Play/Pause**, **Next**, and **Previous** buttons to control playback.
4. To **Record** your singing: While playing music from USB or AUX, press the **Record** button. Sing into the microphones. Press Record again to stop. Your recording will be saved on the USB drive.

5. Auxiliary Input (AUX)

Connect an external audio device (e.g., smartphone, MP3 player) to the AUX input jack using a 3.5mm audio cable (not included). Select **AUX** mode to play audio from the connected device.

6. Microphone Usage

- Ensure microphones are securely plugged in.
- Adjust microphone volume using the dedicated **MIC VOL** knob on the control panel.
- Use the **Echo** knob to add vocal echo effects.

Image: A group of people enjoying the karaoke system, with visual cues pointing to the LED lights, disco ball, echo effect, and microphone volume control features.

7. Light Show Control

The system features integrated LED lights on the stand and a disco-style light on the main unit. These lights activate automatically when the system is powered on, enhancing the party atmosphere.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the unit. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the system in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Microphone Care:** Handle microphones carefully. Avoid dropping them or exposing them to moisture.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Power adapter not connected or faulty outlet.	Check power connections. Try a different outlet.
No sound from speakers	Volume too low; incorrect input mode; device not connected properly.	Increase master volume. Select correct input mode (Bluetooth, USB, AUX). Ensure external device is playing.
Microphone not working	Microphone not plugged in; MIC VOL too low; faulty microphone.	Ensure microphone is fully plugged in. Increase MIC VOL. Test with the other microphone if available.
Bluetooth pairing issues	Device too far; system not in Bluetooth mode; previously paired device connected.	Ensure device is within range (approx. 10m). Select Bluetooth mode. Disconnect from other Bluetooth devices.
USB playback error	Incompatible file format; corrupted USB drive; USB drive not inserted correctly.	Ensure files are MP3 format. Try a different USB drive. Reinsert the USB drive.

SPECIFICATIONS

Feature	Detail
Model Name	NGS828-BT
