

Marea B35324/15

Marea B35324/15 Unisex Quartz Watch User Manual

Model: B35324/15 | Brand: Marea

INTRODUCTION

Thank you for choosing the Marea B35324/15 Unisex Quartz Watch. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your new timepiece. Please read it carefully to ensure optimal performance and longevity of your watch.

SETUP

Setting the Time

- Pull out the crown:** Gently pull the crown (the small knob on the side of the watch case) out to the first position.
- Adjust the time:** Turn the crown clockwise or counter-clockwise to set the hour and minute hands to the correct time.
- Push in the crown:** Once the time is set, push the crown back into its normal operating position. This will start the watch movement.

Note: Ensure the crown is fully pushed in to maintain water resistance.

OPERATING YOUR WATCH

Timekeeping

Your Marea B35324/15 watch is equipped with a reliable quartz movement, providing accurate analog time display. No further adjustments are typically needed once the time is set, unless the battery needs replacement or you travel to a different time zone.

Water Resistance

This watch is designed to be water resistant. While it can withstand splashes and brief immersion, it is not suitable

for swimming, diving, or prolonged water exposure. Always ensure the crown is fully pushed in before any contact with water.

MAINTENANCE

Cleaning

To clean your watch, wipe the case and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the watch's finish or strap material.

Battery Replacement

The quartz movement is powered by a battery. When the watch stops running, it indicates that the battery needs to be replaced. It is recommended to have the battery replaced by a qualified watch technician to ensure proper sealing and maintain water resistance.

Strap Care

The silicone strap is durable but can be affected by prolonged exposure to direct sunlight, extreme temperatures, or certain chemicals. Clean the strap regularly to remove dirt and oils, which can extend its lifespan.

TROUBLESHOOTING

- **Watch not running:**
 - Check if the crown is fully pushed in.
 - The battery may need replacement. Consult a watch technician.
- **Time is incorrect:**
 - Reset the time as described in the "Setting the Time" section.
 - If the time consistently loses or gains significantly, the movement may require servicing.
- **Condensation under crystal:**
 - This indicates a loss of water resistance. Avoid further contact with water and have the watch inspected by a technician immediately.

SPECIFICATIONS

Model Number	B35324/15
Brand	Marea
Movement	Quartz
Display Type	Analog
Case Material	PU (Polyurethane)
Strap Material	Silicone
Dial Color	White
Strap Color	Blue
Case Shape	Round

Case Diameter	42 Millimeters
Water Resistance	Yes (Specific depth not provided, general water resistant statement from product description)
Age Group Description	Adult
Department	Unisex - Adult

WARRANTY AND SUPPORT

Warranty Information

Marea watches are manufactured to high-quality standards. For specific warranty terms and conditions, please refer to the warranty card included with your purchase or visit the official Marea website. The warranty typically covers manufacturing defects but does not cover damage resulting from improper use, accidents, or unauthorized repairs.

Customer Support

Should you have any questions, require assistance, or need to arrange for service, please contact your authorized Marea dealer or the customer support department. Contact information can usually be found on the official Marea website or on your purchase documentation.
