Soundcore A3910

Soundcore Anker Liberty Air 2 Wireless Earbuds User Manual

Model: A3910 | Brand: Soundcore

Product Overview

The Soundcore Anker Liberty Air 2 Wireless Earbuds offer exceptional audio clarity through diamond-inspired drivers, providing a 15% larger frequency bandwidth for clear treble and 2x more bass. Designed for versatility, they feature 4 microphones with cVc 8.0 noise reduction technology for crystal-clear calls, effectively reducing environmental noise by 60% while retaining 95% of your voice. Enjoy extended listening with up to 7 hours of playtime on a single charge, extendable to 28 hours with the compact charging case. The HearID technology personalizes your listening experience by mapping your hearing sensitivity across multiple frequencies to create custom EQ settings. These earbuds are also water-resistant with an IPX5 rating, making them suitable for various activities.

What's in the Box

- Liberty Air 2 True Wireless Earphones
- Charging Case
- XS/S/M/L/XL EarTips (5 sizes)
- USB-C Cable
- Quick Start Guide

Setup

Initial Pairing

Follow these steps to pair your Soundcore Liberty Air 2 earbuds for the first time with a new device.

Your browser does not support the video tag.

Video: Instructions on how to pair Soundcore Liberty Air 2 earbuds for the first time. This video demonstrates placing earbuds in the case, closing and opening the case, and connecting via Bluetooth settings on a phone.

Charging the Earbuds and Case

Place the earbuds into the charging case. The LED indicators on the case will show the charging status. The charging case can be charged via the included USB-C cable or wirelessly on a compatible charging pad.

Operating Instructions

HearID Personalized Sound

Utilize the Soundcore App to create a custom set of EQ settings optimized for your ears. HearID maps your hearing sensitivity across multiple frequencies and intelligently analyzes the results for a truly personalized listening experience.

Crystal-Clear Calls and Sound Quality

Each earbud is equipped with two microphones and cVc 8.0 noise reduction technology, ensuring your voice is highlighted while reducing background sounds for clearer calls. The diamond-inspired drivers maintain rigidity at high frequencies, reproducing music with enhanced clarity and bass.

Mono Mode

The earbuds support mono mode, allowing you to use either earbud independently while the other remains in the charging case.

Maintenance

The Liberty Air 2 earbuds are IPX5-rated, providing protection against rain and sweat. However, they are not designed for swimming, showering, or exposure to pool or ocean water. Avoid using them in a sauna or steam room. The charging case is not waterproof. Ensure the USB-C port is completely dry before charging.
Regularly clean the earbuds and eartips to maintain optimal performance and hygiene. Choose from the 5 sizes of EarTips provided to find your perfect fit for enhanced passive noise cancellation and comfort.

Troubleshooting

Resetting Earbuds

If you experience connectivity problems or function issues, you may need to reset your earbuds. Ensure the earbuds are charging in the case and keep the case open during the reset process.
