Lafuma LFM2830

LAFUMA Evolution Be Comfort Recliner LFM2830 User Manual

Model: LFM2830

Introduction

Thank you for choosing the LAFUMA Evolution Be Comfort Recliner. This manual provides essential information for the safe and effective use, setup, operation, and maintenance of your recliner. Please read it thoroughly before use and retain it for future reference.
The Evolution Be Comfort recliner features a modern design with refined lines and the soft comfort of the BeComfort mattress. It is suitable for use on a terrace, in the garden, by the pool, or indoors.

Safety Information

- **Maximum Weight Capacity:** Do not exceed the maximum weight of 140 kg (308 lbs).
- **Stability:** Always ensure the chair is stable before and during use. Avoid placing it on uneven surfaces.
- **Moving Parts:** Be cautious of moving parts when adjusting the chair to prevent pinching.
- **Children:** Keep children away from the chair's moving mechanisms.

Setup

The LAFUMA Evolution Be Comfort Recliner is delivered fully assembled and does not require any additional assembly. Simply unfold the chair for immediate use.

Unfolding the Chair

1. Carefully remove the recliner from its packaging.
2. Place the recliner on a flat, stable surface.
3. Gently pull the backrest and leg rest apart until the chair is fully extended and locked into its open position. Ensure all locking mechanisms (if present) are engaged.

Operating Instructions

The recliner offers multiple positions for optimal comfort, including a "zero gravity" position.

Adjusting the Recliner Position

1. Sit comfortably in the chair.
2. To recline, gently push back on the armrests while leaning your body backward. The chair will smoothly adjust to your desired angle.
3. To return to an upright position, gently push forward on the armrests and lean your body forward.
4. **Zero Gravity Position:** This position allows your legs to be positioned slightly above your heart, promoting optimal relaxation and circulation. Achieve this by reclining fully until your body is in a balanced, weightless-like state.

The innovative clip suspension system provides firm comfort and excellent back support, adapting to various body shapes.

Maintenance

Proper care will extend the life and appearance of your LAFUMA recliner.

Cleaning Instructions

- **Frame:** Wipe the alloy steel frame clean with a damp cloth and mild soap. Dry thoroughly.
- **BeComfort Mattress:** The BeComfort mattress is designed for breathability and quick drying. For general cleaning, wipe the fabric with a damp cloth. For more stubborn stains, use a mild detergent solution and rinse thoroughly. Allow to air dry completely before folding or storing.
- **Storage:** When not in use for extended periods, especially during harsh weather, it is recommended to fold and store the recliner in a dry, protected area.

Troubleshooting

This section addresses common concerns. If you encounter issues not covered here, please contact customer support.

- **Chair does not recline smoothly:** Check for any obstructions in the reclining mechanism. Ensure the chair is on a level surface.
- **Chair feels unstable:** Verify that the chair is fully unfolded and all parts are securely in place. Ensure it is placed on a flat, stable surface. Do not exceed the maximum weight capacity.

Specifications
