- **Interior Care:** The soft microfiber interior can be gently wiped with a dry, lint-free cloth if needed. Avoid excessive moisture.
- **Lens Cleaning:** Use the provided microfiber cleaning cloth to gently wipe your eyewear lenses. For stubborn smudges, breathe lightly on the lens before wiping, or use an approved lens cleaning spray.
- **Zipper Care:** Keep the zipper free from debris. If the zipper becomes stiff, a small amount of zipper lubricant can be applied.

TROUBLESHOOTING

- **Eyewear Does Not Fit:** Verify that your eyewear's dimensions are within the case's interior limits (6.1 x 3.0 x 2.0 inches). This case is not suitable for very small or unusually large/bulky eyewear.
- **Zipper Sticking:** Ensure no fabric or debris is caught in the zipper teeth. Gently work the zipper back and forth. If necessary, apply a small amount of graphite from a pencil tip or a dedicated zipper lubricant to the teeth.
- **Case Deformed:** The hard shell is designed to resist impact. If the case appears slightly deformed, gently reshape it. Avoid placing excessively heavy objects on top of the case.
