- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these can damage the bamboo finish.

TROUBLESHOOTING

If you encounter any issues with your Pipishell Bamboo Silverware Organizer, consider the following common solutions:

- **Organizer Does Not Fit Drawer:**
 - Ensure you have measured your drawer accurately, including depth and height, not just width.
 - Verify that the organizer's expandable sides are fully retracted or extended to match your drawer's dimensions.
 - Check for any obstructions within the drawer that might prevent a proper fit.
- **Items Do Not Stay in Place:**
 - Confirm that the organizer is snugly fitted in the drawer and not sliding around.
 - Avoid overfilling compartments, which can cause items to spill over.
 - Consider using non-slip drawer liners beneath the organizer for added stability.
- **Bamboo Appears Dry or Dull:**
 - Regular cleaning with a damp cloth should maintain its appearance.
 - For added luster, a food-grade mineral oil can be applied sparingly and wiped off after 15-20 minutes.
