COGO 3022-1

COGO 2-in-1 City Fire Truck Building Blocks Set (Model 3022-1)

Instruction Manual

1. INTRODUCTION

This manual provides detailed instructions for assembling, operating, and maintaining your COGO 2-in-1 City Fire Truck Building Blocks Set, Model 3022-1. This set allows for the construction of two distinct models: a Fire Truck and an Aerial Ladder Fire Truck, along with a small fire station and accessories. Designed for children aged 6 and up, this building kit promotes creativity, teamwork, and fine motor skills.

Image 1.1: Overview of the COGO 2-in-1 City Fire Truck Building Blocks Set, showing the packaging and the two main models that can be constructed.

2. SAFETY INFORMATION

- **Recommended Age:** This product is suitable for children aged 6 years and up. Adult supervision is recommended for younger children.
- **Material Safety:** The building blocks are made from ABS material, which is non-toxic and designed with smooth edges to prevent injury to hands or fingers.
- **Temperature:** Keep the building blocks away from high-temperature environments to ensure the longevity and integrity of the material.
- **Small Parts:** This set contains small parts which may pose a choking hazard for children under 3 years old.

3. PACKAGE CONTENTS

Upon opening the package, please verify that all components are present:

- Building bricks pieces: 184 pieces
- Instruction manual: 1
- Decoration sticker: 1

The packaging design may vary. Two versions of the packaging are shipped randomly.

4. SETUP AND ASSEMBLY

This building kit allows you to construct two different fire rescue vehicles: a standard Fire Truck and an Aerial Ladder Fire Truck, along with a small fire station and a motorbike. Follow the included instruction manual step-by-step for assembly.

1. **Unpack Components:** Carefully open the packaging and lay out all the building brick pieces. It is advisable to sort pieces by color or type to facilitate assembly.
2. **Follow Instructions:** Refer to the detailed instruction manual provided in the box. Each step is illustrated to guide you through the construction process.
3. **2-in-1 Model:** The set is designed for a 2-in-1 build. You can construct the Fire Truck first, and then disassemble it using the included tool to build the Aerial Ladder Fire Truck.
4. **Approximate Assembly Time:** Assembly typically takes 1-2 hours, depending on experience.

Image 4.2: A closer look at the fire truck model, showcasing its features like the water cannon and hose, along with a separate motorbike and fire elements.

5. OPERATING AND PLAY

Once assembled, the COGO Fire Truck Building Blocks Set offers various play scenarios:

- **Role-Playing:** Engage in imaginative play as a firefighter, responding to emergencies with the fire truck or aerial ladder truck.
- **Maneuverability:** The assembled vehicles feature rolling wheels, allowing them to be moved across surfaces during play.
- **Interactive Features:** The fire truck includes an opening back door, an extendable fire ladder (on the aerial ladder truck), and a water cannon for enhanced play.
- **Creative Scenarios:** Use the included fire station and flame elements to create diverse rescue missions and stories.

Image 5.1: Children engaging in play with the assembled fire truck model, demonstrating its interactive use.

6. MAINTENANCE

To ensure the longevity and cleanliness of your building blocks:

- **Cleaning:** If necessary, the building bricks can be washed and cleaned using warm water (up to 45°C). Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the building blocks properly in a cool, dry place to prevent dust accumulation and loss of parts.
- **Avoid High Temperatures:** Do not expose the blocks to direct sunlight for extended periods or high temperatures, as this may cause deformation or damage to the plastic.

7. TROUBLESHOOTING

- **Missing Parts:** If you discover any missing parts, please re-check the packaging and all assembled sections. If

parts are still missing, contact customer support with details of the missing components.

- **Difficulty Assembling:** Ensure you are following the instruction manual step-by-step. If a piece does not fit, verify its orientation and that you are using the correct piece as indicated in the manual. The included tool can assist in disassembling incorrectly placed bricks.
- **Models Falling Apart:** Ensure all bricks are firmly pressed together during assembly. High-precision production means models should hold together tightly when correctly assembled.

8. SPECIFICATIONS

Model Number	3022-1
Number of Pieces	184
Material	Acrylonitrile Butadiene Styrene (ABS)
Recommended Age	6 years and up
Fire Truck Dimensions (L x W x H)	5.5 x 2.4 x 3 inches (13.97 x 6.1 x 7.62 cm)
