# Pipishell Bamboo Shoe Rack Bench User Manual

Model: PISRB2

### **PRODUCT OVERVIEW**

The Pipishell Bamboo Shoe Rack Bench is a versatile and sturdy 3-tier storage solution designed to organize your footwear and provide a convenient seating option. Crafted from 100% natural bamboo, this bench is suitable for various spaces including entryways, bedrooms, living rooms, and balconies.

## **Key Features:**

- Organized Entryway: Provides a dedicated space for shoes and a comfortable bench for putting them on or taking them off.
- **Space-Saving Design:** Combines shoe storage and seating in a compact 3-tier structure, ideal for organizing shoes, bags, or plants.
- Multi-Functional Use: Can be utilized as a plant stand, bathroom rack, sofa side shelf or any other storage rack to be placed in the living room, bedroom, balcony, bathroom, etc.
- Eco-Friendly Material: Made from 100% natural bamboo, ensuring durability, wear-resistance, and easy cleaning.
- Easy Assembly: Designed for quick and straightforward assembly with included illustrated instructions.

## SAFETY INFORMATION

Please read and understand all safety information before assembly and use. Failure to follow these instructions may result in injury or product damage.

- Do not put heavy objects on the bench. Ensure the maximum weight recommendation of 300 pounds is not exceeded.
- Keep all small parts and packaging materials away from children and pets.
- Assemble the product on a soft, clean surface to prevent scratches.
- Ensure all screws and connections are securely tightened before use.

#### SETUP AND ASSEMBLY

The Pipishell Bamboo Shoe Rack Bench is designed for easy and quick assembly. All necessary tools and illustrated instructions are included to complete the assembly in a few minutes.

- 1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the instruction manual are present.
- 2. Identify Parts: Familiarize yourself with the different parts, such as the side frames, shelves, and hardware (screws, nuts).
- 3. **Assemble Frame:** Attach the shelves to the side frames using the provided hardware. Ensure the slats on the shelves are facing upwards.
- 4. **Tighten Connections:** Once all parts are loosely assembled, gradually tighten all screws and nuts until the bench is stable. Do not overtighten.
- 5. Final Check: Ensure the bench is level and all connections are secure before placing any items on it or sitting on it.

# **OPERATING INSTRUCTIONS (USAGE)**

The Pipishell Bamboo Shoe Rack Bench offers multiple ways to enhance your living space:

- Shoe Storage: Utilize the two lower tiers to neatly store shoes, keeping your entryway or closet organized.
- Seating Bench: The sturdy top surface serves as a comfortable bench for sitting while putting on or taking off shoes.
- Multi-purpose Shelf: The bench can function as a plant stand, a side table for books or drinks, or a general storage unit in any room.

### **M**AINTENANCE

To ensure the longevity and appearance of your Pipishell Bamboo Shoe Rack Bench, follow these simple maintenance guidelines:

- Cleaning: Wipe the surface with a dry cloth to remove dust and dirt. For tougher spots, a slightly damp cloth can be used, followed immediately by a dry cloth.
- Avoid Moisture: While bamboo is naturally water-resistant, prolonged exposure to moisture should be avoided. Wipe up spills immediately.
- Regular Inspection: Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- Placement: Avoid placing the bench in direct sunlight or near heat sources to prevent drying out or warping of the bamboo.

# TROUBLESHOOTING

If you encounter any issues with your Pipishell Bamboo Shoe Rack Bench, please refer to the following common solutions:

Problem	Possible Cause	Solution
Bench wobbles after assembly.	Screws are not fully tightened or uneven assembly.	Ensure all screws are tightened evenly. Place the bench on a flat surface and gently press down on corners to check for stability.
Difficulty inserting screws.	Misalignment of parts or debris in screw holes.	Re-align the parts carefully. Check screw holes for any obstructions. Do not force screws.
Surface appears dull or dirty.	Accumulation of dust or minor stains.	Wipe with a dry cloth. For stains, use a slightly damp cloth and immediately dry the surface.

# **SPECIFICATIONS**
