SAFAVIEH Courtyard Collection CY8751 Indoor/Outdoor Area Rug User Manual

Model: CY8751

INTRODUCTION

This manual provides essential information for the proper setup, use, and maintenance of your SAFAVIEH Courtyard Collection CY8751 Indoor/Outdoor Area Rug. Designed for versatility, this rug is suitable for both indoor and outdoor environments, offering durability and ease of care.

SETUP

1. **Unpack the Rug:** Carefully remove the rug from its packaging.
2. **Unroll and Flatten:** Unroll the rug in your desired location. Due to packaging, the rug may have temporary creases or curls. To help it flatten, reverse roll the rug (roll it in the opposite direction) or place heavy objects on the corners for 24-48 hours.
3. **Placement:** For outdoor use, place the rug on a clean, dry surface. For indoor use, consider a non-slip rug pad (not included) to prevent movement and provide additional cushioning.

OPERATING (USAGE GUIDELINES)

- **Indoor Use:** This rug is suitable for high-traffic areas such as living rooms, dining rooms, mudrooms, and entryways.
- **Outdoor Use:** Ideal for patios, decks, backyards, and poolside areas. The rug is designed to be weather and UV-resistant.
- **Pet and Kid Friendly:** The durable synthetic fibers are designed to withstand daily activity from pets and children.

MAINTENANCE

Regular maintenance will help preserve the appearance and longevity of your rug.

- **Regular Vacuuming:** Vacuum regularly to remove dirt and debris. For best results, use a vacuum without a beater bar or set it to the highest pile setting.
- **Spot Cleaning:** For spills, blot immediately with a clean, white cloth. Avoid rubbing, as this can spread the stain.
- **Outdoor Cleaning:** For thorough cleaning, rinse the rug with a garden hose using mild soapy water. Ensure the rug is completely dry before placing it back or storing it to prevent mildew.
- **Storage:** When not in use for extended periods outdoors, especially during harsh weather conditions, it is recommended to store the rug in a dry, covered area.
- **Shedding:** This rug features a non-shedding pile, minimizing fiber loss.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Rug not lying flat	Temporary creases from packaging.	Reverse roll the rug or place heavy objects on affected areas for 24-48 hours. Allow time for the rug to settle.
Color fading (outdoor use)	Prolonged exposure to direct sunlight.	While UV-resistant, extreme prolonged exposure can still cause some fading over time. Rotate the rug periodically or store it during intense sun exposure.
Slipping on hard floors	Lack of grip on smooth surfaces.	Use a suitable non-slip rug pad underneath the rug.
