ROCCAT Kain 120

ROCCAT Kain 120 AIMO RGB PC Gaming Mouse - Instruction Manual

Model: Kain 120 | Brand: ROCCAT

INTRODUCTION

The ROCCAT Kain 120 AIMO RGB PC Gaming Mouse is engineered for precision and comfort, designed to enhance your gaming experience. It features advanced Titan Click technology for superior click response and an accurate ROCCAT Owl-Eye optical sensor with up to 16,000 DPI for flawless tracking. The AIMO illumination ecosystem offers customizable RGB lighting with 16.8 million colors, while the robust Titan Wheel 2.0 ensures solid clicks and responsive scrolling. Built with ROCCAT-exclusive Omron switches, the Kain 120 is designed for durability, lasting up to 50 million clicks.

KEY FEATURES

- **Titan Click:** Buttons are hinged and feature a low-tolerance spring that cushions every click, providing exceptional precision.
- **Improved Titan Wheel 2.0:** The mouse wheel click is as solid as a normal click, with an improved design for defined and responsive scrolling steps.
- **Intelligent Firmware:** A click with the Kain registers up to 8ms faster than other mice, thanks to improved switch mechanics and a smart firmware algorithm.
- **Ergonomic Shape:** Every part of the Kain, from its shape to the buttons and scroll wheel, is finely crafted for an exceptionally refined and ergonomic build, ensuring comfort during extended use.
- **Textured Side Grips:** Rubberized side panels provide a comfortable and secure grip, preventing slippage even during intense gaming sessions.

SETUP GUIDE

Connecting Your Mouse

1. Locate an available USB port on your PC.

2. Carefully insert the USB connector of the ROCCAT Kain 120 mouse into the USB port.
3. Your operating system (Windows 7, 8, 10 & 11) should automatically detect and install the necessary drivers.
4. For advanced customization and RGB lighting control, download and install the ROCCAT Swarm software from the official ROCCAT website.

OPERATING INSTRUCTIONS

Basic Usage

The ROCCAT Kain 120 functions as a standard PC mouse with left-click, right-click, and scroll wheel functionalities. Its ergonomic design ensures comfortable use for extended periods.

DPI Adjustment

The mouse features an on-the-fly DPI adjustment button, typically located behind the scroll wheel. Press this button to cycle through preset DPI settings, allowing you to quickly adapt to different gaming scenarios or desktop tasks. Fine-tune these settings using the ROCCAT Swarm software.

RGB Illumination (AIMO Ecosystem)

The AIMO illumination system provides dynamic RGB lighting effects. These effects are customizable through the ROCCAT Swarm software, where you can select from 16.8 million colors and various lighting patterns to personalize your mouse and synchronize it with other AIMO-compatible devices.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe down the mouse. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Sensor Care:** Keep the optical sensor on the underside of the mouse clean and free of dust or debris to ensure optimal tracking performance.
- **Cable Management:** Avoid sharp bends or excessive pulling on the USB cable to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mouse not responding	Loose USB connection, faulty USB port, driver issue.	Ensure USB cable is securely plugged in. Try a different USB port. Reinstall mouse drivers or ROCCAT Swarm software.
Inaccurate tracking or erratic movement	Dirty optical sensor, unsuitable mouse pad surface, incorrect DPI setting.	Clean the optical sensor. Use a clean, uniform mouse pad. Adjust DPI settings using the mouse button or Swarm software.

Problem	Possible Cause	Solution
RGB lighting not working or incorrect colors	Software glitch, incorrect settings in Swarm.	Restart ROCCAT Swarm software. Check lighting settings within Swarm. Ensure the software is up to date.
Buttons or scroll wheel not responding	Software conflict, physical damage, debris.	Ensure Swarm software is running correctly. Check for physical obstructions. If issues persist, contact ROCCAT support.

SPECIFICATIONS

Feature	Detail
Brand	ROCCAT
Series	KAIN 120 AIMO Black
Model Number	ROC-11-612-BK
Hardware Platform	PC
Operating System	Windows 7, 8, 10 & 11
Item Weight	3.2 ounces
Product Dimensions (LxWxH)	4.88 x 2.56 x 1.69 inches
Color	Black
Power Source	Corded Electric
Connectivity Technology	USB
Movement Detection Technology	Optical
Special Feature	PC / Mac, PC Mouse, Built-in Storage Capability, 2 Ways

WARRANTY AND SUPPORT

For detailed warranty information and technical support, please visit the official ROCCAT website or refer to the documentation included with your product. You can also find support resources and FAQs on the product's Amazon listing page.
