

## **SAMSON Expedition Escape+**

# **Samson Expedition Escape Plus Rechargeable Bluetooth Speaker System User Manual**

## **INTRODUCTION**

This manual provides detailed instructions for the proper setup, operation, and maintenance of your Samson Expedition Escape Plus Rechargeable Bluetooth Speaker System. Please read this manual thoroughly to ensure optimal performance and longevity of your device.

Image: Front view of the Samson Expedition Escape Plus speaker, showcasing its protective grille and Samson logo.

## PACKAGE CONTENTS

---

Verify that all items listed below are included in your package:

- Samson Expedition Escape Plus Speaker Unit
- Power Cable
- User Documentation (this manual)

## PRODUCT FEATURES

---

The Samson Expedition Escape Plus offers a range of features designed for versatile audio applications:

- All-In-One Portable Speaker System
- Lightweight design, weighing approximately 7.55 lbs (3.42 kg)
- Internal rechargeable battery providing up to 20 hours of continuous use
- Class D amplifier delivering 50 Watts of power
- Bluetooth connectivity for wireless audio streaming
- 2-channel mixer with master volume control
- 1/4 inch microphone input with independent volume control
- 1/8 inch (3.5mm) auxiliary input for line-level devices
- 2-way speaker enclosure featuring a 6-inch woofer and a 1-inch tweeter
- USB wireless port for use with Samson XPD Series USB Digital Wireless Systems (sold separately)
- Rugged polypropylene enclosure with an integrated carry handle
- Tilt-back design for sideways positioning
- 1-3/8 inch speaker stand mount for elevated placement

## SETUP

---

1. **Initial Charging:** Before first use, fully charge the speaker. Connect the included power cable to the AC input on the rear panel and plug it into a standard AC outlet. The charge indicator light will illuminate.
2. **Placement:** Position the speaker on a stable, flat surface. For optimal sound projection, consider using the integrated 1-3/8 inch speaker stand mount to elevate the speaker. The tilt-back design allows for angled placement when used on the floor.
3. **Power On:** Locate the POWER switch on the rear panel. Flip the switch to the 'ON' position. The power indicator light will illuminate.

Image: Rear panel of the speaker, displaying the power switch, AC input, volume controls, Bluetooth pairing button, microphone input, auxiliary input, and USB wireless port.

Image: The speaker shown mounted on a standard speaker stand, demonstrating its compatibility with elevated setups.

## OPERATING INSTRUCTIONS

---

### Bluetooth Pairing

1. Ensure the speaker is powered on.
2. Press and hold the **PAIR** button on the rear panel until the Bluetooth indicator light begins to flash, indicating it is in pairing mode.
3. On your Bluetooth-enabled device (smartphone, tablet, etc.), navigate to the Bluetooth settings and select "Samson Escape+" from the list of available devices.
4. Once connected, the Bluetooth indicator light on the speaker will glow solid. You can now stream audio wirelessly.

### Using Microphone Input

1. Connect a wired microphone to the **1/4" MIC INPUT** on the rear panel.
2. Adjust the **MIC VOLUME** knob to control the microphone's level independently.

### Using Auxiliary Input

1. Connect an audio player or other line-level device to the **1/8" AUX INPUT** using a 3.5mm audio cable.
2. Adjust the **MASTER VOLUME** knob to control the overall output level, including the auxiliary input.

### Using USB Wireless Port

The USB wireless port is designed for use with Samson XPD Series USB Digital Wireless Systems (sold separately). Insert the XPD Series USB receiver into this port to integrate a wireless microphone or instrument system.

### Charging the Battery

When the battery level is low, the charge indicator light may change color or flash. Connect the speaker to an AC power source using the provided power cable to recharge the internal battery. The speaker can be used while charging.

## MAINTENANCE

---

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the speaker. Avoid using abrasive cleaners or solvents.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery life, avoid fully discharging the battery frequently. If storing for extended periods, charge the battery to approximately 50% every few months.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
No power	Battery is depleted; Power cable not connected; Power switch is off.	Charge the battery; Ensure power cable is securely connected; Turn the power switch to 'ON'.
No sound output	Volume is too low; Input source not connected or muted; Incorrect input selected.	Increase MASTER VOLUME and MIC VOLUME (if applicable); Verify input source connection and volume; Ensure correct input is active.
Bluetooth not connecting	Speaker not in pairing mode; Device too far from speaker; Incorrect device selected.	Press and hold PAIR button until light flashes; Move device closer to speaker (within 10 meters); Select "Samson Escape+" from device's Bluetooth list.

## SPECIFICATIONS

Feature	Specification
Model Name	SAXPESCP
Speaker Type	Woofer
Special Feature	Portable
Recommended Uses	For Smartphones or Tablets, Intimate gatherings, backyard BBQ, events
Compatible Devices	Smartphone
Surround Sound Channel Configuration	2.0
Color	Black
Product Dimensions	11.7"D x 11.7"W x 17"H (29.7cm x 29.7cm x 43.2cm)
Item Weight	7.55 Pounds (3.42 kg)
Impedance	1E+5 Ohm
Is Waterproof	FALSE (Not Water Resistant)
Number of Items	1
Control Method	Touch (Buttons/Knobs)
Wireless Communication Technology	Bluetooth
Speaker Size	6 Inches (Woofer)
Power Source	Corded Electric, Battery Powered

Feature	Specification
Tweeter Diameter	1 Inches
Number of Batteries	1 Lithium Ion battery required
Audio Driver Type	Dynamic Driver
Bluetooth Range	10 Meters (33 feet)
Speaker Maximum Output Power	50 Watts
Connectivity Technology	Auxiliary, Bluetooth
Audio Output Mode	Stereo
Mounting Type	Plug Mount, Freestanding

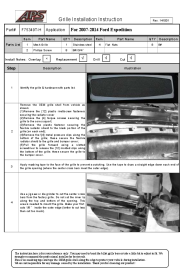

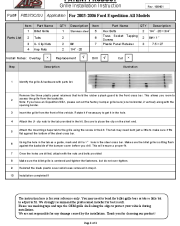

Image: The speaker with its dimensions clearly marked: 11.7 inches deep, 11.7 inches wide, and 17 inches high.

## WARRANTY AND SUPPORT

The Samson Expedition Escape Plus is covered by a Limited Warranty. For specific details regarding warranty coverage, please refer to the documentation included with your product or visit the official Samson website. For technical support or service inquiries, please contact Samson customer service through their official channels.

## EXPEDITION ESCAPE

Rechargeable Speaker System with Bluetooth®

Expedition Escape

Wild in the Park

Wild in the Park

Expedition Escape is a rechargeable speaker system that provides incredible fun in any environment. Blasting out 6.5 watts, this little power pack can produce audio performance with consistent Bluetooth connectivity for wireless audio streaming. 12 h of battery life in MP3, plus an optional speaker upgrade, lets you entertain, listen and connect anywhere you like.

Packed with high-quality components to ensure an optimal music listening experience, Expedition Escape offers a 2-way speaker design with a 2" full range driver, as well as a 1" tweeter. Frequency range is produced the right way with 16 kHz sample rate. The built-in 12 h battery life is rechargeable, allowing you to enjoy your music for days. The 3.5 mm audio cable lets you connect to other devices from the Expedition Escape. The earth 2-chamber water-tight "boat" with a 100% waterproof exterior means you can take Expedition Escape anywhere, including wet and dynamic conditions. In addition, the Expedition Escape can act as an MP3 player to help you enjoy your MP3 files, headphones and more.

The Expedition Escape is rechargeable, battery powered system for use in 20 different environments and in 10 settings. You can use it to take the fun out to the beach and into the lake and into completely dry places. Finally, an integrated USB helps make the Expedition Escape perfect for entertainment like the beach, shopping, hiking, parties and even computer music can enhance the experience.
