Vikan 581910

Vikan Small Storage Box Instruction Manual

Model: 581910

INTRODUCTION

This manual provides instructions for the proper use and maintenance of your Vikan Small Storage Box, Model 581910. This versatile box is designed for storing various small items such as hand brushes, pencils, and small tools, contributing to an organized workspace.

PRODUCT OVERVIEW

Figure 1: The Vikan Small Storage Box, made from clear polypropylene, designed for organizing small items.

The Vikan Small Storage Box is constructed from durable polypropylene, offering a practical solution for organizing various small

items. Its design allows for easy integration into professional cleaning environments, particularly when used with compatible Vikan accessories.

SETUP

1. **Unpacking:** Carefully remove the storage box from its packaging. Inspect for any damage during transit.
2. **Placement:** Position the box in a desired location. It can be placed on a flat surface or, for enhanced mobility, attached to a compatible Vikan cleaning trolley using the specially developed stand (Vikan Model 582110, sold separately).
3. **Initial Cleaning:** Before first use, it is recommended to wipe the interior and exterior surfaces with a damp cloth to remove any manufacturing dust.

OPERATING INSTRUCTIONS

- **Storing Items:** Place small items such as hand brushes, pencils, pens, small tools, or other accessories into the box. Ensure items fit comfortably without forcing.
- **Capacity:** Do not overload the box beyond its stated dimensions or weight capacity to prevent damage or spillage.
- **Attachment to Trolley (Optional):** If using with a Vikan cleaning trolley, securely attach the box to the Vikan stand (Model 582110) according to the stand's instructions.

MAINTENANCE

- **Regular Cleaning:** Clean the box regularly with warm water and a mild detergent. Rinse thoroughly and allow to air dry.
- **Disinfection:** For environments requiring strict hygiene, the polypropylene material allows for disinfection using standard cleaning agents compatible with plastics. Always follow the disinfectant manufacturer's instructions.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong acids/bases, as these may damage the polypropylene material.
- **Storage:** When not in use, store the box in a clean, dry place away from direct sunlight or extreme temperatures.

TROUBLESHOOTING

- **Item Does Not Fit:** If an item does not fit, do not force it. Refer to the specifications section for internal dimensions.
- **Box Appears Damaged:** If the box shows signs of cracking or significant wear, discontinue use to prevent potential hazards or further damage to contents.
- **Difficulty Attaching to Trolley:** Ensure you are using the correct Vikan stand (Model 582110) and following its specific attachment instructions.

SPECIFICATIONS

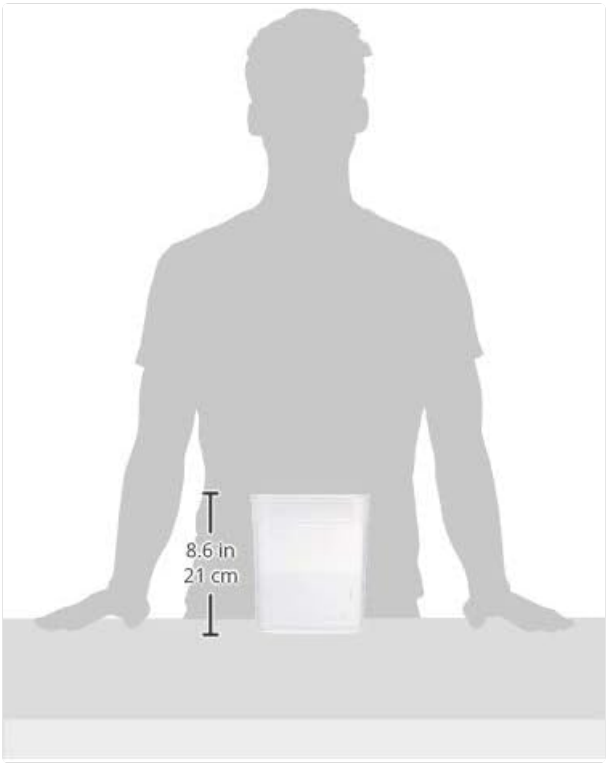

Figure 2: Product dimensions, indicating a height of 21 cm (8.6 inches).

Feature	Detail
Brand	Vikan
Model Number	581910
Material	Polypropylene
Product Dimensions (L x W x H)	18.5 x 8.5 x 20.5 cm (approximately 7.3 x 3.3 x 8.1 inches)
