## 2. SETUP

### 2.1 Battery Installation

1. Locate the battery compartment on the back of the remote control.
2. Slide the battery cover downwards or press the latch and lift to open.
3. Insert two (2) new AAA alkaline batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Replace the battery cover by sliding it back into position until it clicks securely.

**Important:** Use only new alkaline batteries. Rechargeable batteries may not provide sufficient power for optimal performance. Ensure no objects are blocking the infrared sensor on your television or the remote control.

## 2.2 Initial Use

This replacement remote control is pre-programmed for compatible LG HDTV models. No additional setup or pairing is required. Once batteries are installed, point the remote directly at your television and begin operation.

## 3. OPERATING INSTRUCTIONS

The Beyution AKB73715608 remote control provides full functionality for your LG HDTV. Below is a general guide to common button functions:

- **Power ( ):** Turns the TV on or off.
- **TV/Input:** Selects the input source (HDMI, AV, Component, etc.).
- **Number Buttons (0-9):** Directly select channels.
- **VOL (+/-):** Adjusts the volume level.
- **CH (Page) (+/-):** Changes channels sequentially.
- **MUTE:** Mutes or unmutes the TV audio.
- **SETTINGS:** Accesses the TV's main settings menu.
- **INFO:** Displays current channel or program information.
- **Q.MENU:** Accesses the Quick Menu for common settings.
- **Navigation Buttons (Up, Down, Left, Right, OK):** Navigate through menus and confirm selections.
- **BACK:** Returns to the previous menu or screen.
- **EXIT:** Exits the current menu or application.
- **FLASHBK:** Returns to the previously viewed channel.
- **Colored Buttons (Red, Green, Yellow, Blue):** Functionality varies by TV model and application. Refer to your TV's manual for specific uses.

- **Media Control Buttons (Play, Pause, Stop, Rewind, Fast Forward):** Control media playback on compatible devices or applications.

## 4. MAINTENANCE

---

### 4.1 Cleaning

To clean the remote control, gently wipe the surface with a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid using harsh chemicals, solvents, or abrasive materials, as these can damage the remote's finish or internal components.

### 4.2 Battery Replacement

Replace batteries when the remote's response becomes sluggish or it stops functioning. Always replace both batteries at the same time with new AAA alkaline batteries. Do not mix old and new batteries, or different types of batteries.

### 4.3 Storage

Store the remote control in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity. If the remote will not be used for an extended period, it is recommended to remove the batteries to prevent leakage and potential damage.

## 5. TROUBLESHOOTING

---

### 5.1 Remote Not Responding

- **Check Batteries:** Ensure new AAA alkaline batteries are correctly installed with the proper polarity (+/-). Replace with fresh batteries if necessary.
- **Line of Sight:** Verify that there are no obstructions between the remote control and the TV's infrared sensor. The remote requires a clear line of sight to operate.
- **Remote Sensor:** Ensure the infrared emitter on the front of the remote is not covered or dirty.
- **TV Sensor:** Confirm the TV's infrared receiver is not blocked or dirty.

### 5.2 Limited Functionality

- **Compatibility:** While this remote is broadly compatible, some advanced functions specific to certain LG TV models or smart features might not be fully supported. Refer to your TV's original manual for specific feature requirements.
- **TV Settings:** Ensure your TV's settings are not preventing certain remote functions.

If issues persist after following these steps, please contact Beyution customer support for further assistance.

## 6. SPECIFICATIONS
