# Rii i4 Mini Bluetooth Keyboard Instruction Manual

Comprehensive guide for setup, operation, and maintenance of your Rii i4 Mini Bluetooth Keyboard with Touchpad.

## Introduction

The Rii i4 Mini Bluetooth Keyboard is a versatile, portable input device designed for seamless interaction across various platforms. Featuring dual-mode connectivity (Bluetooth 4.0 and 2.4GHz RF), a full QWERTY keyboard, and an integrated touchpad, it offers a convenient solution for controlling smartphones, PCs, tablets, laptops, and TV boxes. This manual provides detailed instructions to help you get the most out of your device.

## Product Overview

The Rii i4 Mini Bluetooth Keyboard combines a compact design with robust functionality. It supports both Bluetooth and 2.4GHz wireless connections, offering flexibility for different devices and scenarios.

Key features of the Rii i4 Mini Bluetooth Keyboard include:

- **Dual Connectivity:** Supports both Bluetooth 4.0 and 2.4GHz RF connections, eliminating the need for multiple dongles if your device has built-in Bluetooth.
- **Rechargeable Battery:** Features a built-in rechargeable lithium-ion battery for extended use and convenience.
- **Wide Compatibility:** Compatible with a broad range of operating systems and devices, including iOS, Android, Windows, and Mac OS.
- **Portable Design:** Its compact and lightweight design makes it ideal for gaming and travel.

## Connecting via 2.4GHz USB Dongle

For devices without Bluetooth support, use the included 2.4GHz USB dongle:

1. Locate the USB dongle inside the battery compartment of the keyboard.
2. Plug the USB dongle into an available USB port on your PC, TV box, or other compatible device.
3. Ensure the keyboard is switched to 2.4G mode by pressing**Fn + Caps**. The green indicator light will illuminate.

## Connecting via Bluetooth

For devices with Bluetooth functionality, follow these steps:

1. Switch the keyboard to Bluetooth mode by pressing **Fn + Tab**. The blue indicator light will illuminate.
2. On your device (smartphone, tablet, PC), go to Bluetooth settings and search for new devices.
3. Select
