4. Setup and Assembly

Assembly is required and should be performed by an adult. The process may take approximately 1.5 hours. Tools typically required include a screwdriver, a hammer, and the provided plastic wrenches.

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Assemble Wheels:** Pay close attention to the orientation of the wheels (inside/outside, left/right) as indicated in the instructions. Some parts may require firm tapping with a hammer to secure. Ensure the correct spacers are used for the trailer wheels (four equal, two longer for pressure bushing).
3. **Attach Steering Wheel:** Secure the steering wheel to the steering column. The horn is integrated into the steering wheel.
4. **Connect Trailer Hitch:** Attach the detachable trailer hitch to the rear of the tractor.
5. **Apply Stickers:** Refer to the images on the product packaging for sticker placement, as the instruction manual's sticker diagrams may be small or unclear. Apply stickers carefully, as they are paper-based and can tear if repositioned.

6. **Final Check:** Before first use, ensure all screws, nuts, and connections are securely fastened.

5. Operating Instructions

The Falk 2041C pedal tractor is designed for intuitive operation, allowing children to develop their motor skills and imagination.

- **Pedaling:** The tractor is propelled by pedals. Children should sit comfortably on the seat and use their feet to rotate the pedals, which in turn drives the rear wheels.
- **Steering:** Use the steering wheel to control the direction of the tractor. The steering wheel is equipped with a functional horn to alert others.
- **Trailer Use:** The detachable trailer is ideal for transporting small items such as sand, leaves, dirt, pebbles, or other toys around the garden. To attach or detach, simply use the hitch mechanism.
- **Opening Hood:** The tractor features an opening hood, allowing children to simulate mechanical checks and engage in imaginative play. To open, lift the front section of the hood.

6. Maintenance

Proper maintenance will extend the life of your pedal tractor and ensure continued safe operation.

- **Cleaning:** Clean the tractor regularly with a damp cloth. Avoid harsh chemicals that may damage the plastic.
- **Lubrication:** Periodically lubricate the chain and all moving parts to ensure smooth operation and prevent wear.
- **Storage:** Store the tractor in a dry, shaded area when not in use to prevent fading of the plastic and degradation of the stickers due to prolonged sun or rain exposure.
- **Tire Inspection:** Regularly check the tires for wear. Significant wear can occur over time with frequent use.
- **Sticker Care:** The stickers are paper-based. Avoid excessive exposure to water or harsh weather conditions to preserve their appearance.
