Furmax FDMP0

Furmax Office Executive Chair

High Back Adjustable Managerial Home Desk Chair, Swivel Computer PU Leather Chair with Lumbar Support (Black)

Model: FDMP0

1. PRODUCT OVERVIEW

The Furmax Office Executive Chair is designed to provide ergonomic support and comfort for extended periods of use in various settings, including home offices, corporate offices, and conference rooms. Its robust construction and adjustable features ensure a personalized and comfortable seating experience.

2.1. Components Checklist

Before starting assembly, ensure all parts are present. Refer to the diagram below for component identification.

High quality leather

Perfect stitching

Adjustable tilt tension control

Explosion-proof gas spring

Upholstered in bonded leather

Swivel rolling wheels

Image 2.2: Diagram illustrating the various components of the chair and their respective dimensions, aiding in assembly and understanding the chair's size.

2.2. Assembly Tips

- When attaching the arm supports to the seat and back, insert all screws loosely first.
- Once all screws are in place, gradually tighten each one until secure. This helps align the parts correctly.
- All necessary tools and hardware are included in the package.

3. OPERATING INSTRUCTIONS

The Furmax Office Executive Chair offers several adjustable features to customize your seating experience for optimal comfort and support.

3.1. Height Adjustment

To adjust the seat height, locate the pneumatic control lever under the seat. While seated, pull the lever up to lower the seat. To raise the seat, stand up and pull the lever up. Release the lever at your desired height.

Image 3.1: Close-up of the pneumatic control lever for seat height adjustment, located beneath the seat.

3.2. Tilt and Rocking Function

The chair features a rocking function and adjustable tilt tension. To enable rocking, pull out the same lever used for height adjustment. Push it in to lock the chair in an upright position. The tension knob, usually located under the front of the seat, allows you to adjust the resistance of the rocking motion.

Adjustable
angle $90^{\circ} \sim 120^{\circ}$

Tension control

360 degree swivel to your perfect position

Rock back and forth freely

Adjustable seat height from 16" to 19.5"

Image 3.2: Illustration of the chair's adjustable tilt angle and the tension control knob, allowing users to customize the recline resistance.

3.3. Swivel and Casters

The chair is equipped with a 360-degree swivel function and smooth-rolling casters, allowing for easy movement and rotation without needing to stand up.

Image 3.3: Depiction of the chair's 360-degree swivel capability, highlighting its flexibility for various tasks and movements.

4. MAINTENANCE AND CARE

Proper care and maintenance will extend the life and appearance of your Furmax Office Executive Chair.

4.1. Cleaning Instructions

- **Surface Cleaning:** Wipe clean with a damp cloth. For tougher spots, use a mild soap solution and then wipe with a clean, damp cloth to remove any soap residue.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong detergents, as these can damage the PU leather and other materials.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub, as this can spread the stain.

4.2. General Care

- Regularly check all screws and bolts to ensure they are tight. Re-tighten as necessary to maintain stability and safety.
- Keep the chair away from direct sunlight and heat sources to prevent the PU leather from fading or cracking.
- Avoid placing sharp objects on the chair's surface to prevent punctures or tears.

5. TROUBLESHOOTING

If you encounter any issues with your Furmax Office Executive Chair, refer to the common problems and solutions below.

5.1. Common Issues and Solutions

Problem	Possible Cause	Solution
Chair wobbles or feels unstable	Loose screws or bolts.	Check and tighten all assembly screws, especially those connecting the arms to the seat and back.

Problem	Possible Cause	Solution
Height adjustment not working	Gas lift malfunction or lever mechanism issue.	Ensure the lever is fully engaged. If the issue persists, the gas lift may need replacement. Contact customer support.
Chair does not recline or recline is too stiff/loose	Tilt tension knob incorrectly adjusted or mechanism issue.	Adjust the tilt tension knob (usually under the seat) to increase or decrease resistance. Ensure the tilt lock lever is disengaged for reclining.
Casters not rolling smoothly	Debris in casters or damaged casters.	Clean any hair or debris from the caster wheels. If damaged, casters may need replacement.

5.2. Important Safety Information

- Do not exceed the maximum weight capacity of 300 pounds.
- Avoid standing on the chair or using it as a step stool.
- Ensure all parts are securely fastened before each use.
