Position the deck plate (if using) on the sink or countertop. Insert all hoses and the faucet shank through the hole.

Pull-Down Sprayer Functionality

- The high-arch goose neck spout swivels 360 degrees, providing extensive reach within your sink area.
- The smooth-retract nylon sprayer hose extends up to 12 inches, allowing for extended range and greater workspace.

Spray Modes

The sprayer head features two distinct spray modes for various tasks:
